(57) **CLAIM**

The ornamental design for a support for a wire spool carrier,
as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a support for a wire spool carrier;

FIG. 2 is a front plan view of the support for a wire spool carrier, the rear plan view being a mirror image of the front plan view;

FIG. 3 is a left side plan view of the support for a wire spool carrier, the right side plan view being a mirror image of the left side plan view;

FIG. 4 is a top plan view of the support for a wire spool carrier;

FIG. 5 is a bottom plan view of the support for a wire spool carrier; and,

FIG. 6 is a perspective view of the support for a wire spool carrier in use as a part of a mobile support unit for carrying multiple wire spools.

The features shown in broken lines are for illustrative purposes only and form no part of the claimed design.
