(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

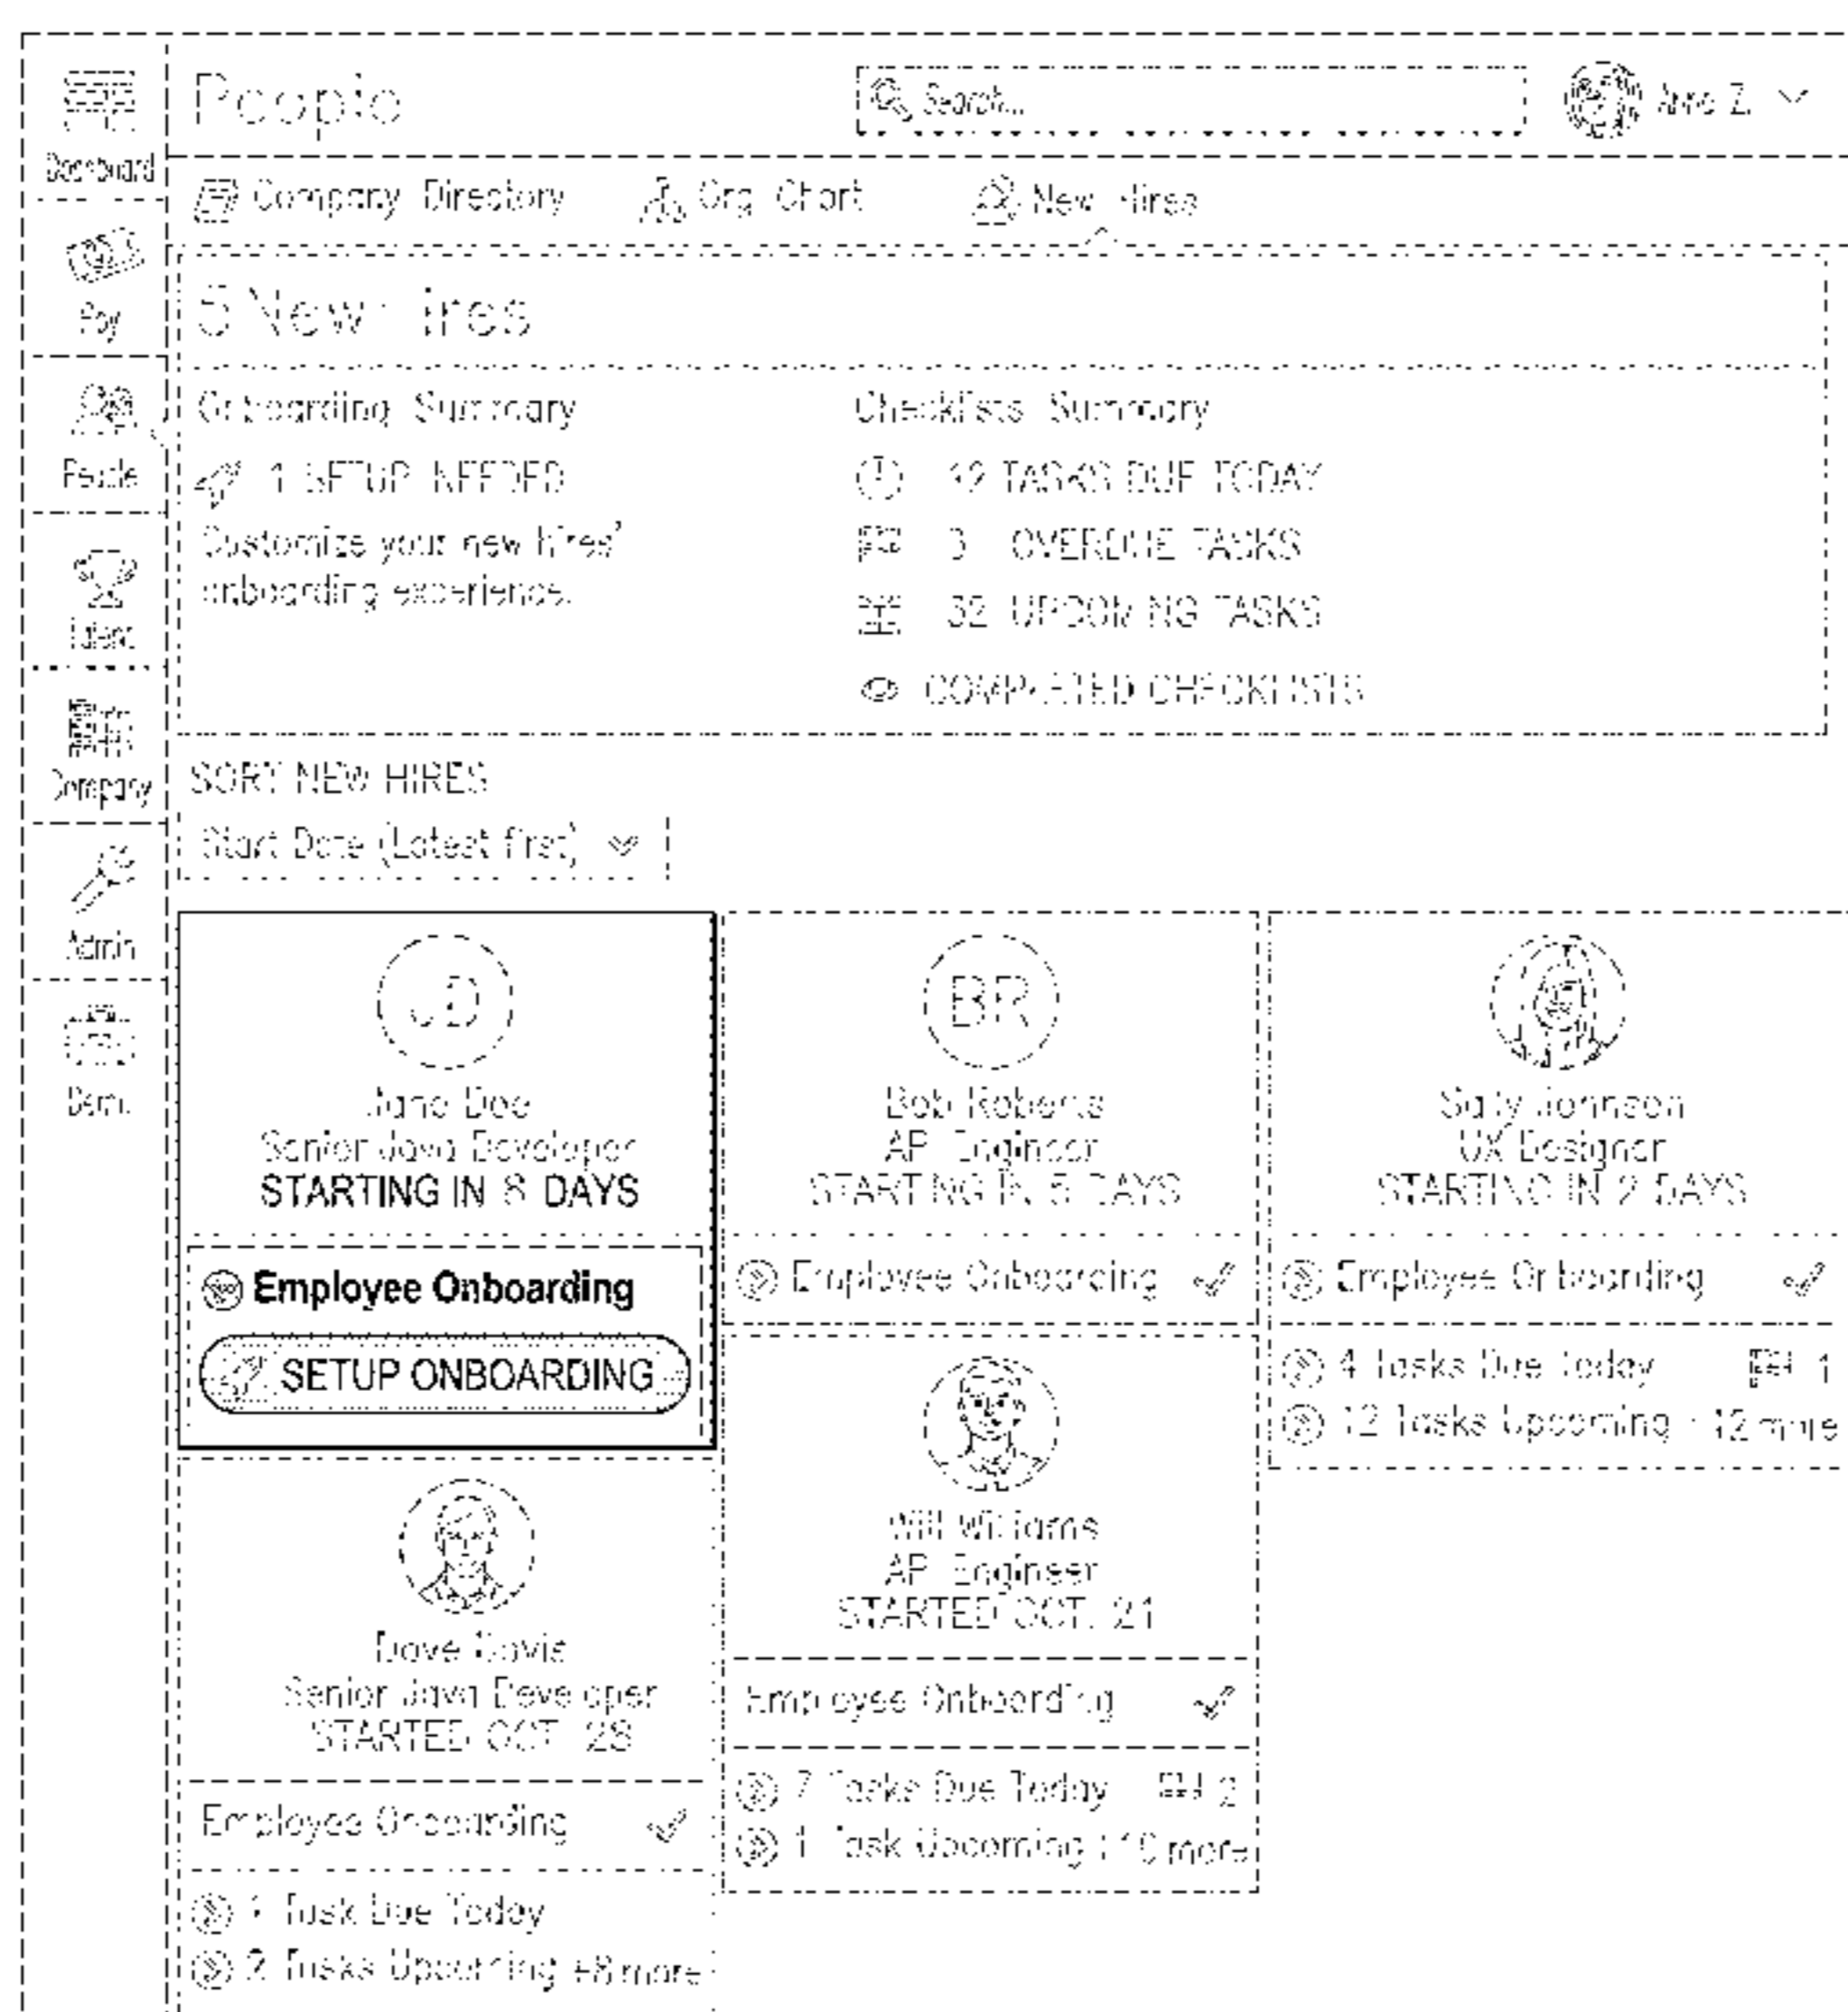

FIG. 1 is a front view of a first embodiment for a display screen with graphical user interface;
FIG. 2 is a front view of a second embodiment for a display screen with graphical user interface; and
FIG. 3 is a front view of a third embodiment for a display screen with graphical user interface; and,
FIG. 4 is a front view of a fourth embodiment for a display screen with graphical user interface.
The broken line showing of a display screen with graphical user interface is included for the purpose of illustrating portions of the article and form no part of the claimed design.
