(57) **CLAIM**

The ornamental design for a garment, as shown and
described.

DESCRIPTION

FIG. 1 is a front left perspective view of a garment showing
my new design in an in-use configuration according to a first
embodiment;

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a first side view thereof; and,

FIG. 5 is a second side view thereof.

The evenly-spaced broken lines shown in the drawings are
directed to environment, are for informational purposes
only, and form no part of the claimed design.

The long and short broken lines are boundary lines, which
define the bounds of the claimed design. These boundaries
do not exist in reality in the article embodying the design. It
is understood that the claimed design extends to these
boundaries but does not include the boundaries.

The contrast shading represents a contrast in appearance
only and does not represent any particular color, material,
texture or finish.

1 Claim, 5 Drawing Sheets
