(57) **CLAIM**

The ornamental design for a display panel with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display panel with graphical user interface showing our new design. FIG. 2 is a front view of a second embodiment of a display panel with graphical user interface showing our new design. FIG. 3 is a front view of a third embodiment of a display panel with graphical user interface showing our new design; FIG. 4 is a front view of a fourth embodiment of a display panel with graphical user interface showing our new design; FIG. 5 is a front view of a fifth embodiment of a display panel with graphical user interface showing our new design; FIG. 6 is a front view of a sixth embodiment of a display panel with graphical user interface showing our new design. FIG. 7 is a front view of a seventh embodiment of a display panel with graphical user interface showing our new design; and, FIG. 8 is a front view of an eighth embodiment of a display panel with graphical user interface showing our new design. In the drawings, the even dashed broken lines are for the purpose of illustrating a display panel and portions of the graphical user interface and forms no part of the claimed design.
