(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a first embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 2 is the second image thereof;

FIG. 3 is a first image in a second embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 4 is the second image thereof;

FIG. 5 is a first image in a third embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 6 is the second image thereof;

FIG. 7 is a first image in a fourth embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 8 is the second image thereof;

FIG. 9 is a first image in a fifth embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 10 is the second image thereof;

FIG. 11 is a first image in a sixth embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 12 is the second image thereof;

FIG. 13 is a first image in a seventh embodiment for a display screen with animated graphical user interface showing the new design;

FIG. 14 is the second image thereof;

FIG. 15 is a first image in an eight embodiment for a display screen with animated graphical user interface showing the new design; and,

FIG. 16 is the second image thereof.

The outermost broken line illustrates the display screen and the broken line showing of text and numbers illustrate portions of the animated graphical user interface. None of the broken lines form part of the claimed design.

(Continued)

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2, FIGS. 3-4, FIGS. 5-6, FIGS. 7-8, FIGS. 9-10, FIGS. 11-12, FIGS. 13-14, and FIGS. 15-16. The process or period in which one image transitions to another form no part of the claimed design.

1 Claim, 16 Drawing Sheets
