(57) **CLAIM**

The ornamental design for a portion of a display panel with a changeable computer icon, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a portion of a display panel with a changeable computer icon showing a first image of the changeable computer icon of a space ship in a sequence of my new design; and,

FIG. 2 is a front view thereof showing a second image of the changeable computer icon in the sequence.

The subject matter in this application includes a process or period during which a computer icon image changes into another image. This process or period in which one computer icon image transitions into another forms no part of the claimed design. The appearance of the computer icon image sequentially transitions between the images shown in FIGS. 1-2.

The long-dash broken lines illustrate a display panel and monitor and form no part of the claimed design. The short-dash broken lines illustrate portions of the changeable computer icon and form no part of the claimed design.
