(57) **CLAIM**

The ornamental design for a beverage bladder container, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the beverage bladder container in accordance to our new design;

FIG. 2 is a front perspective view thereof, wherein the beverage bladder container is shown in use with a beverage bladder;

FIG. 3 is a front perspective view thereof, wherein the beverage bladder container is shown in use with a beverage bladder;

FIG. 4 is a front perspective view thereof, wherein the beverage bladder container is shown with one side partially open;

FIG. 5 is a front perspective view thereof, wherein the beverage bladder container is shown with one side open during insertion of a beverage bladder;

FIG. 6 is a rear perspective view thereof, wherein the beverage bladder container is shown being carried by a user via an aperture on a rear side of the beverage bladder container;

FIG. 7 is a front elevation view thereof;

FIG. 8 is a rear elevation view thereof;

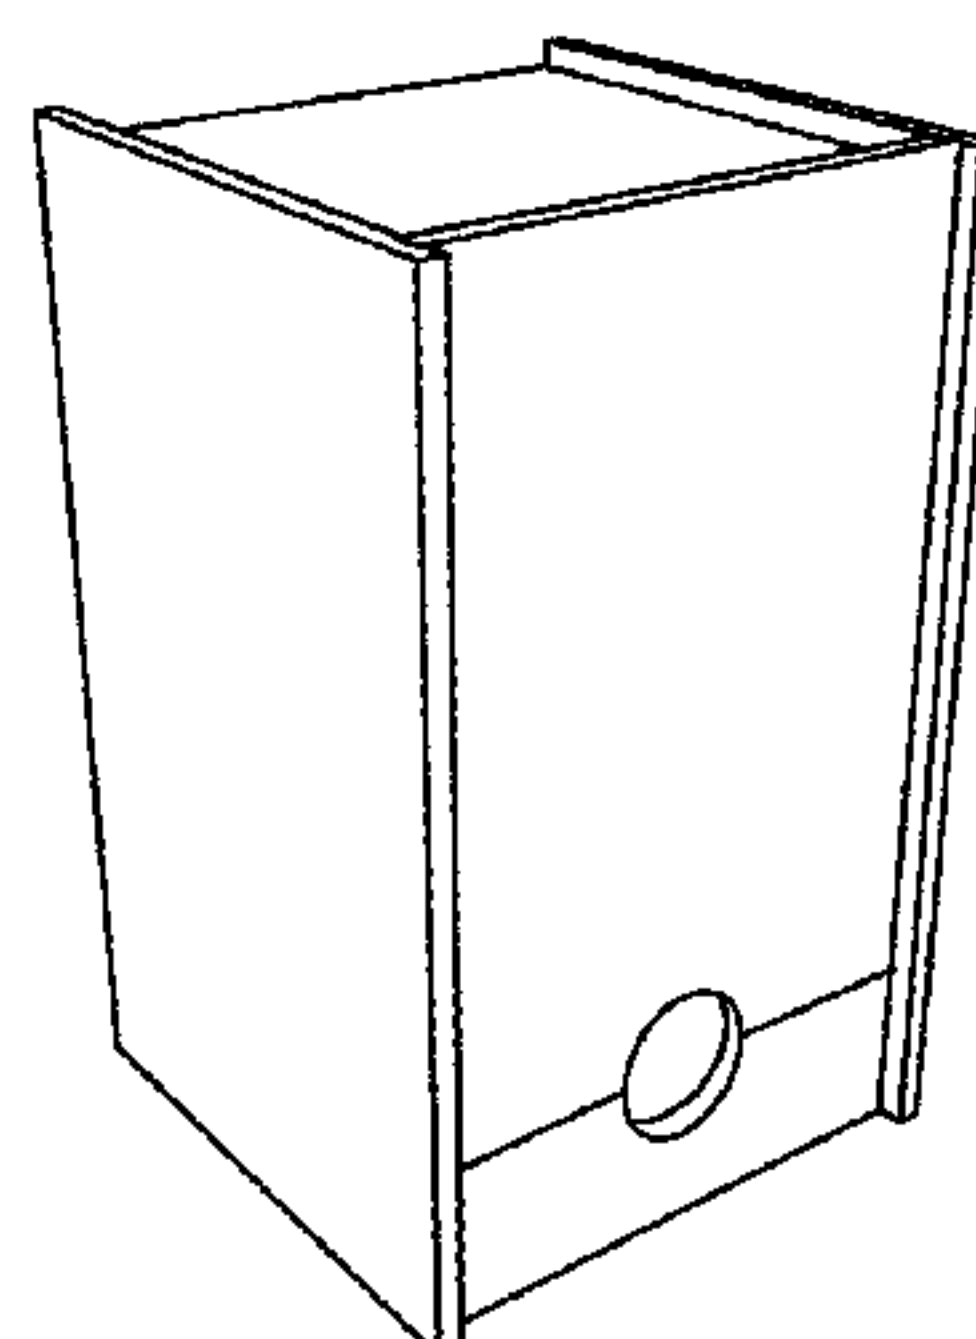

FIG. 9 is a top plan view thereof, of which a bottom plan view is a mirror image thereto; and,

FIG. 10 is a right side elevation view thereof, of which a left side elevation view is a mirror image thereto.

The broken lines in the drawing depict environmental subject matter only and form no part of the claimed design.
