CLAIM

We claim the ornamental design for an electronic device display with a keyboard graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an electronic device display with a keyboard graphical user interface showing our new design; FIG. 2 is a front view of an electronic device display with a keyboard graphical user interface showing an alternative embodiment of our design;

FIG. 3 is an isolated view of the circumscribed area shown in FIG. 2;

FIG. 4 is an enlarged view of the circumscribed area shown in FIG. 1;

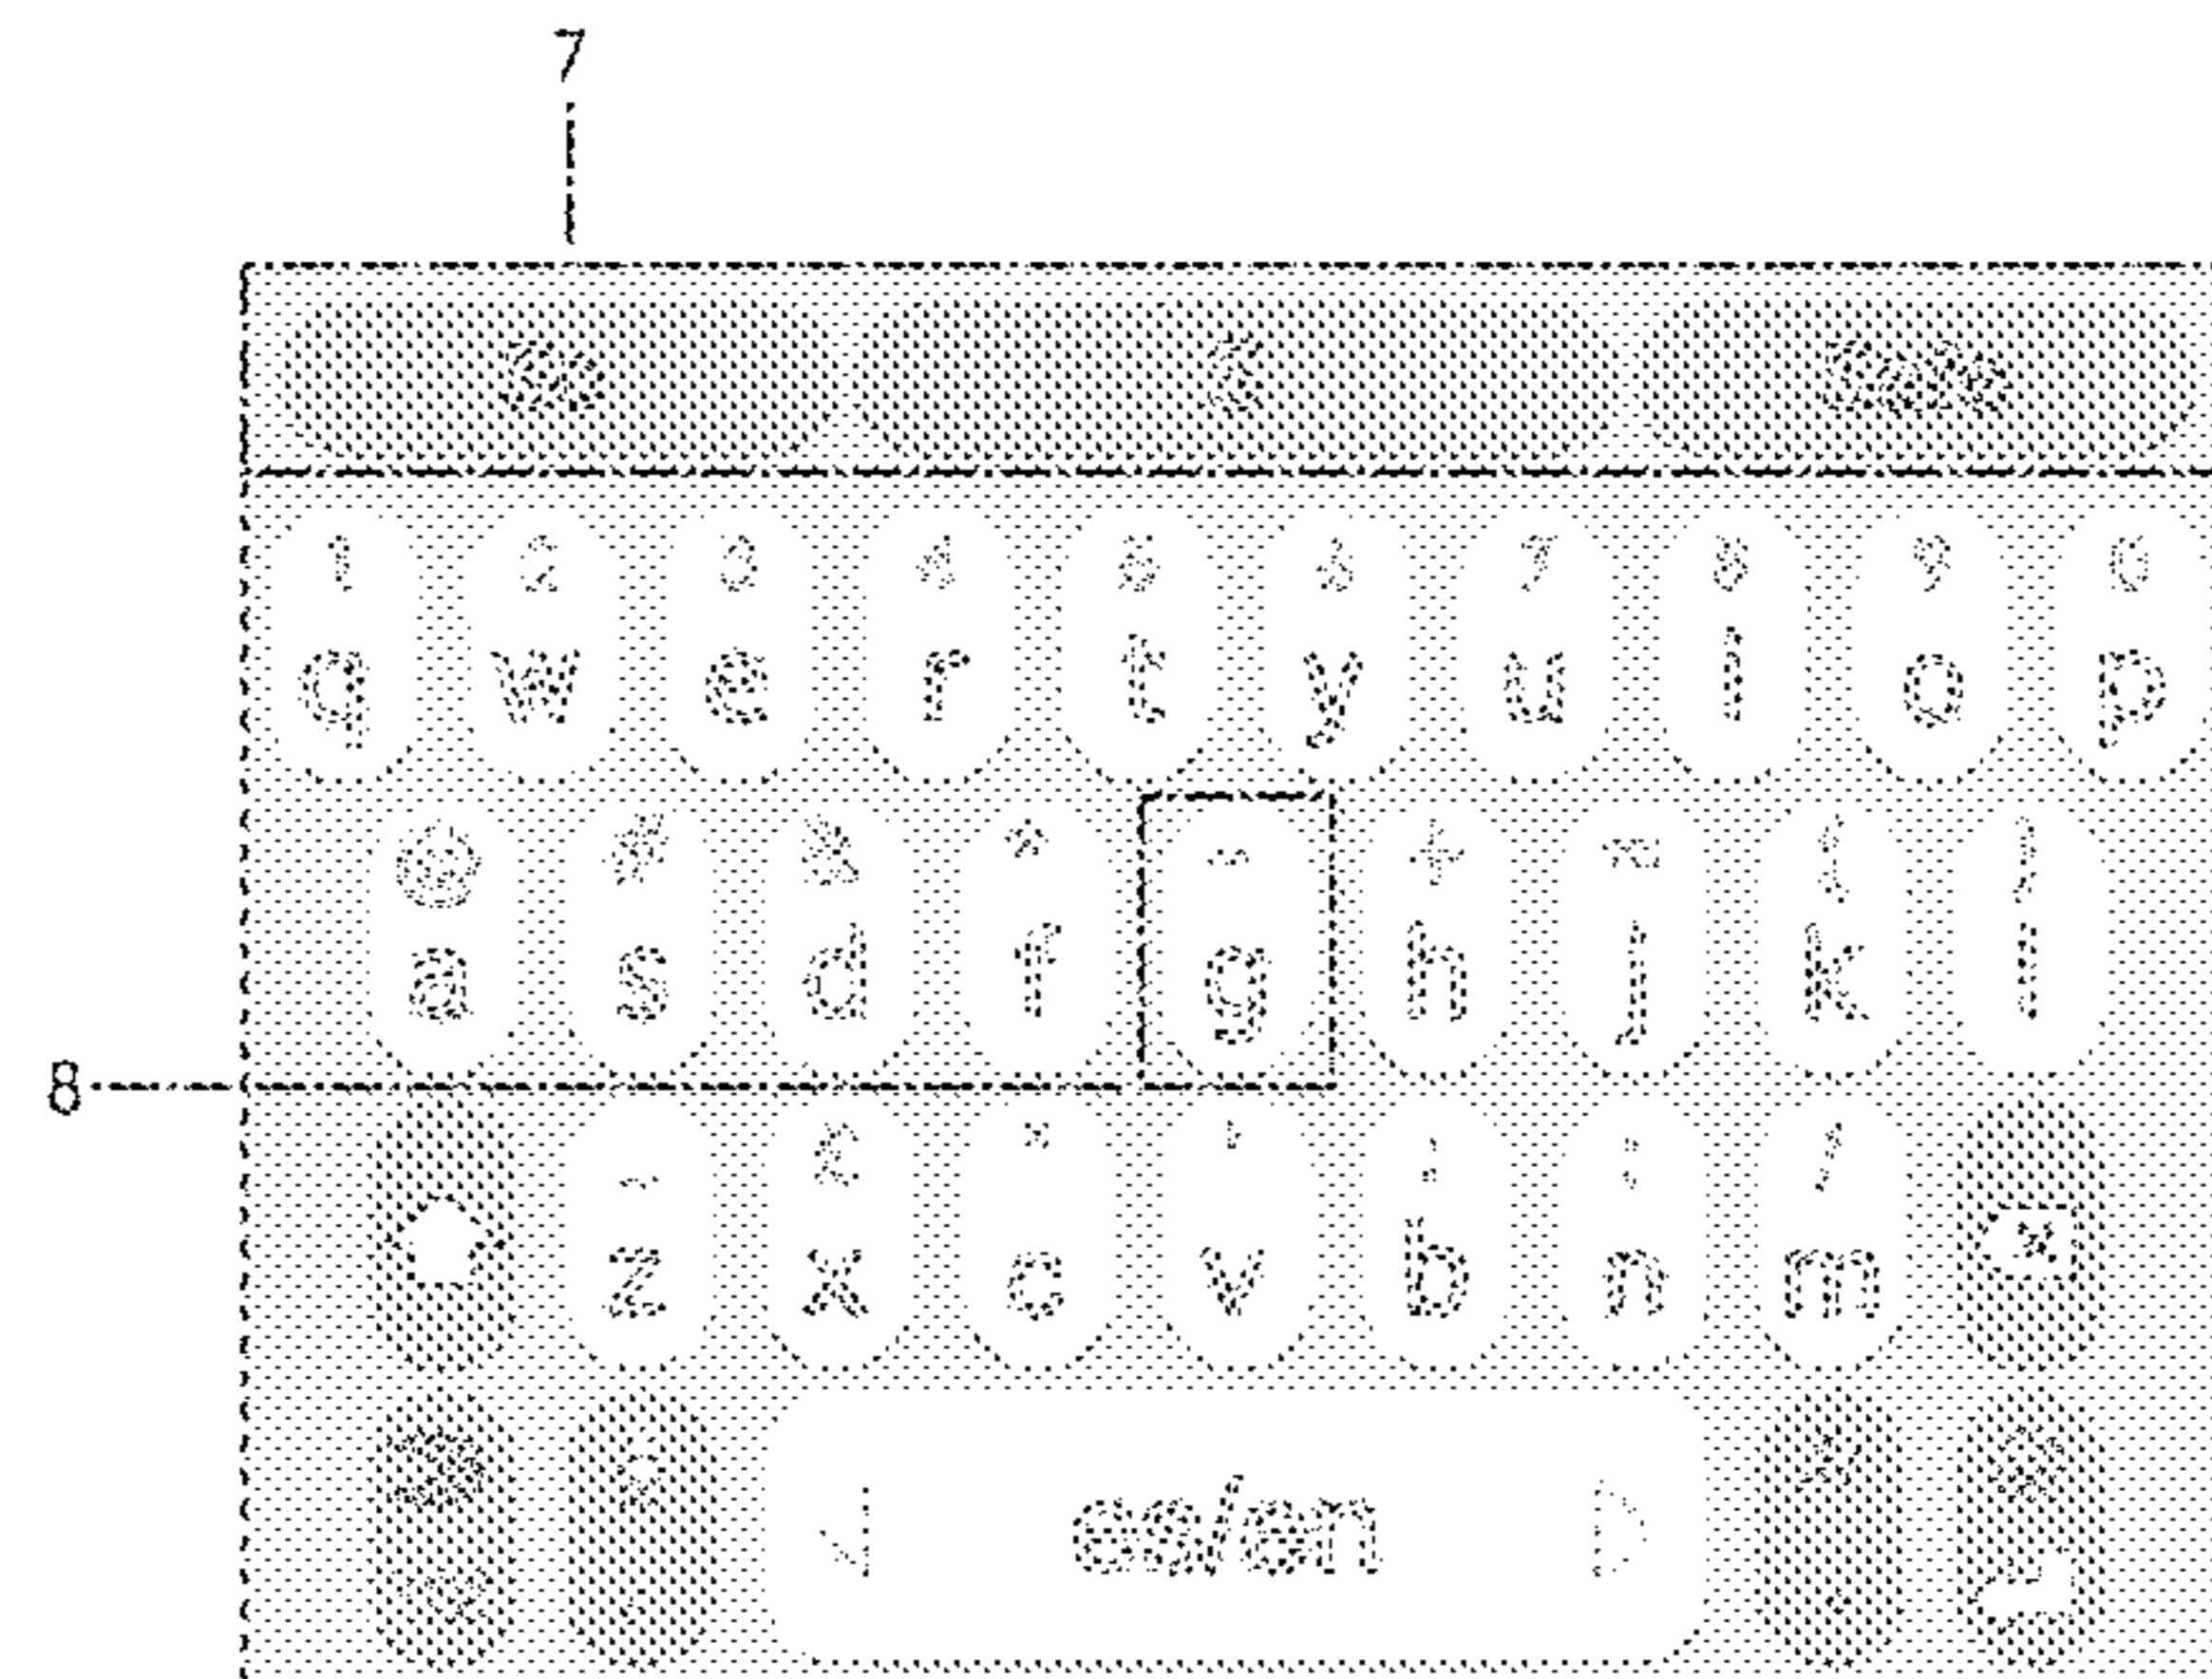

FIG. 5 is an enlarged view of the circumscribed area shown in FIG. 2;

FIG. 6 is a front view of an electronic device display with a keyboard graphical user interface showing an alternative embodiment of our design;

FIG. 7 is an isolated view of the circumscribed area shown in FIG. 6; and,

FIG. 8 is an enlarged view of the circumscribed area shown in FIG. 6.

The even-length broken lines depict portions of the electronic device display with a keyboard graphical user interface that form no part of the claimed design. The uneven-length broken lines indicate isolated portions in FIGS. 3 and 7, and enlargements in FIGS. 4, 5 and 8. The broken lines form no part of the claimed design.

1 Claim, 5 Drawing Sheets
