(57) **CLAIM**

The ornamental design for a display screen with an animated graphical user interface, as shown and described.

DESCRIPTION

1. Display screen with an animated graphical user interface

1.1 : Front

1.2 : Front

The subject design is an animated graphical user interface for vehicle dashboard; the appearance of the transitional image sequentially transitions between the images shown in view nos. **1.1** and **1.2**; the reproduction **1.1** is a front view of a graphical user interface with display panel before the subject design is changed; the reproduction **1.2** is a front view thereof after the subject design is changed.

The outermost double broken line perimeter showing the display panel and the broken lines within showing portions of the animated graphical user interface, including the broken line text, are provided for the purpose of illustrating portions of the article and forms no part of the claimed design.
