The dash-dash-dash broken lines are included for the purpose of illustrating portions of the battery display screen or portion thereof with animated graphical user interface that form no part of the claimed design. The dash-dot-dash-dot broken lines define boundaries of the display screen or portion thereof and form no part of the claimed design. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another forms no part of the claimed design.
