(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with a graphical user interface showing our new design; In another embodiment, FIG. 2 is a front view of a display screen or portion thereof with a graphical user interface showing our new design; and, In another embodiment, FIG. 3 is a front view of a display screen or portion thereof with a graphical user interface showing our new design. In the figures, the outer most broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The remaining broken lines, illustrating portions of the graphical user interface, form no part of the claimed design.

See application file for complete search history.
