(57) **CLAIM**

The ornamental design for a pair of display screens with animated graphical user interface, as shown and described.

**DESCRIPTION**

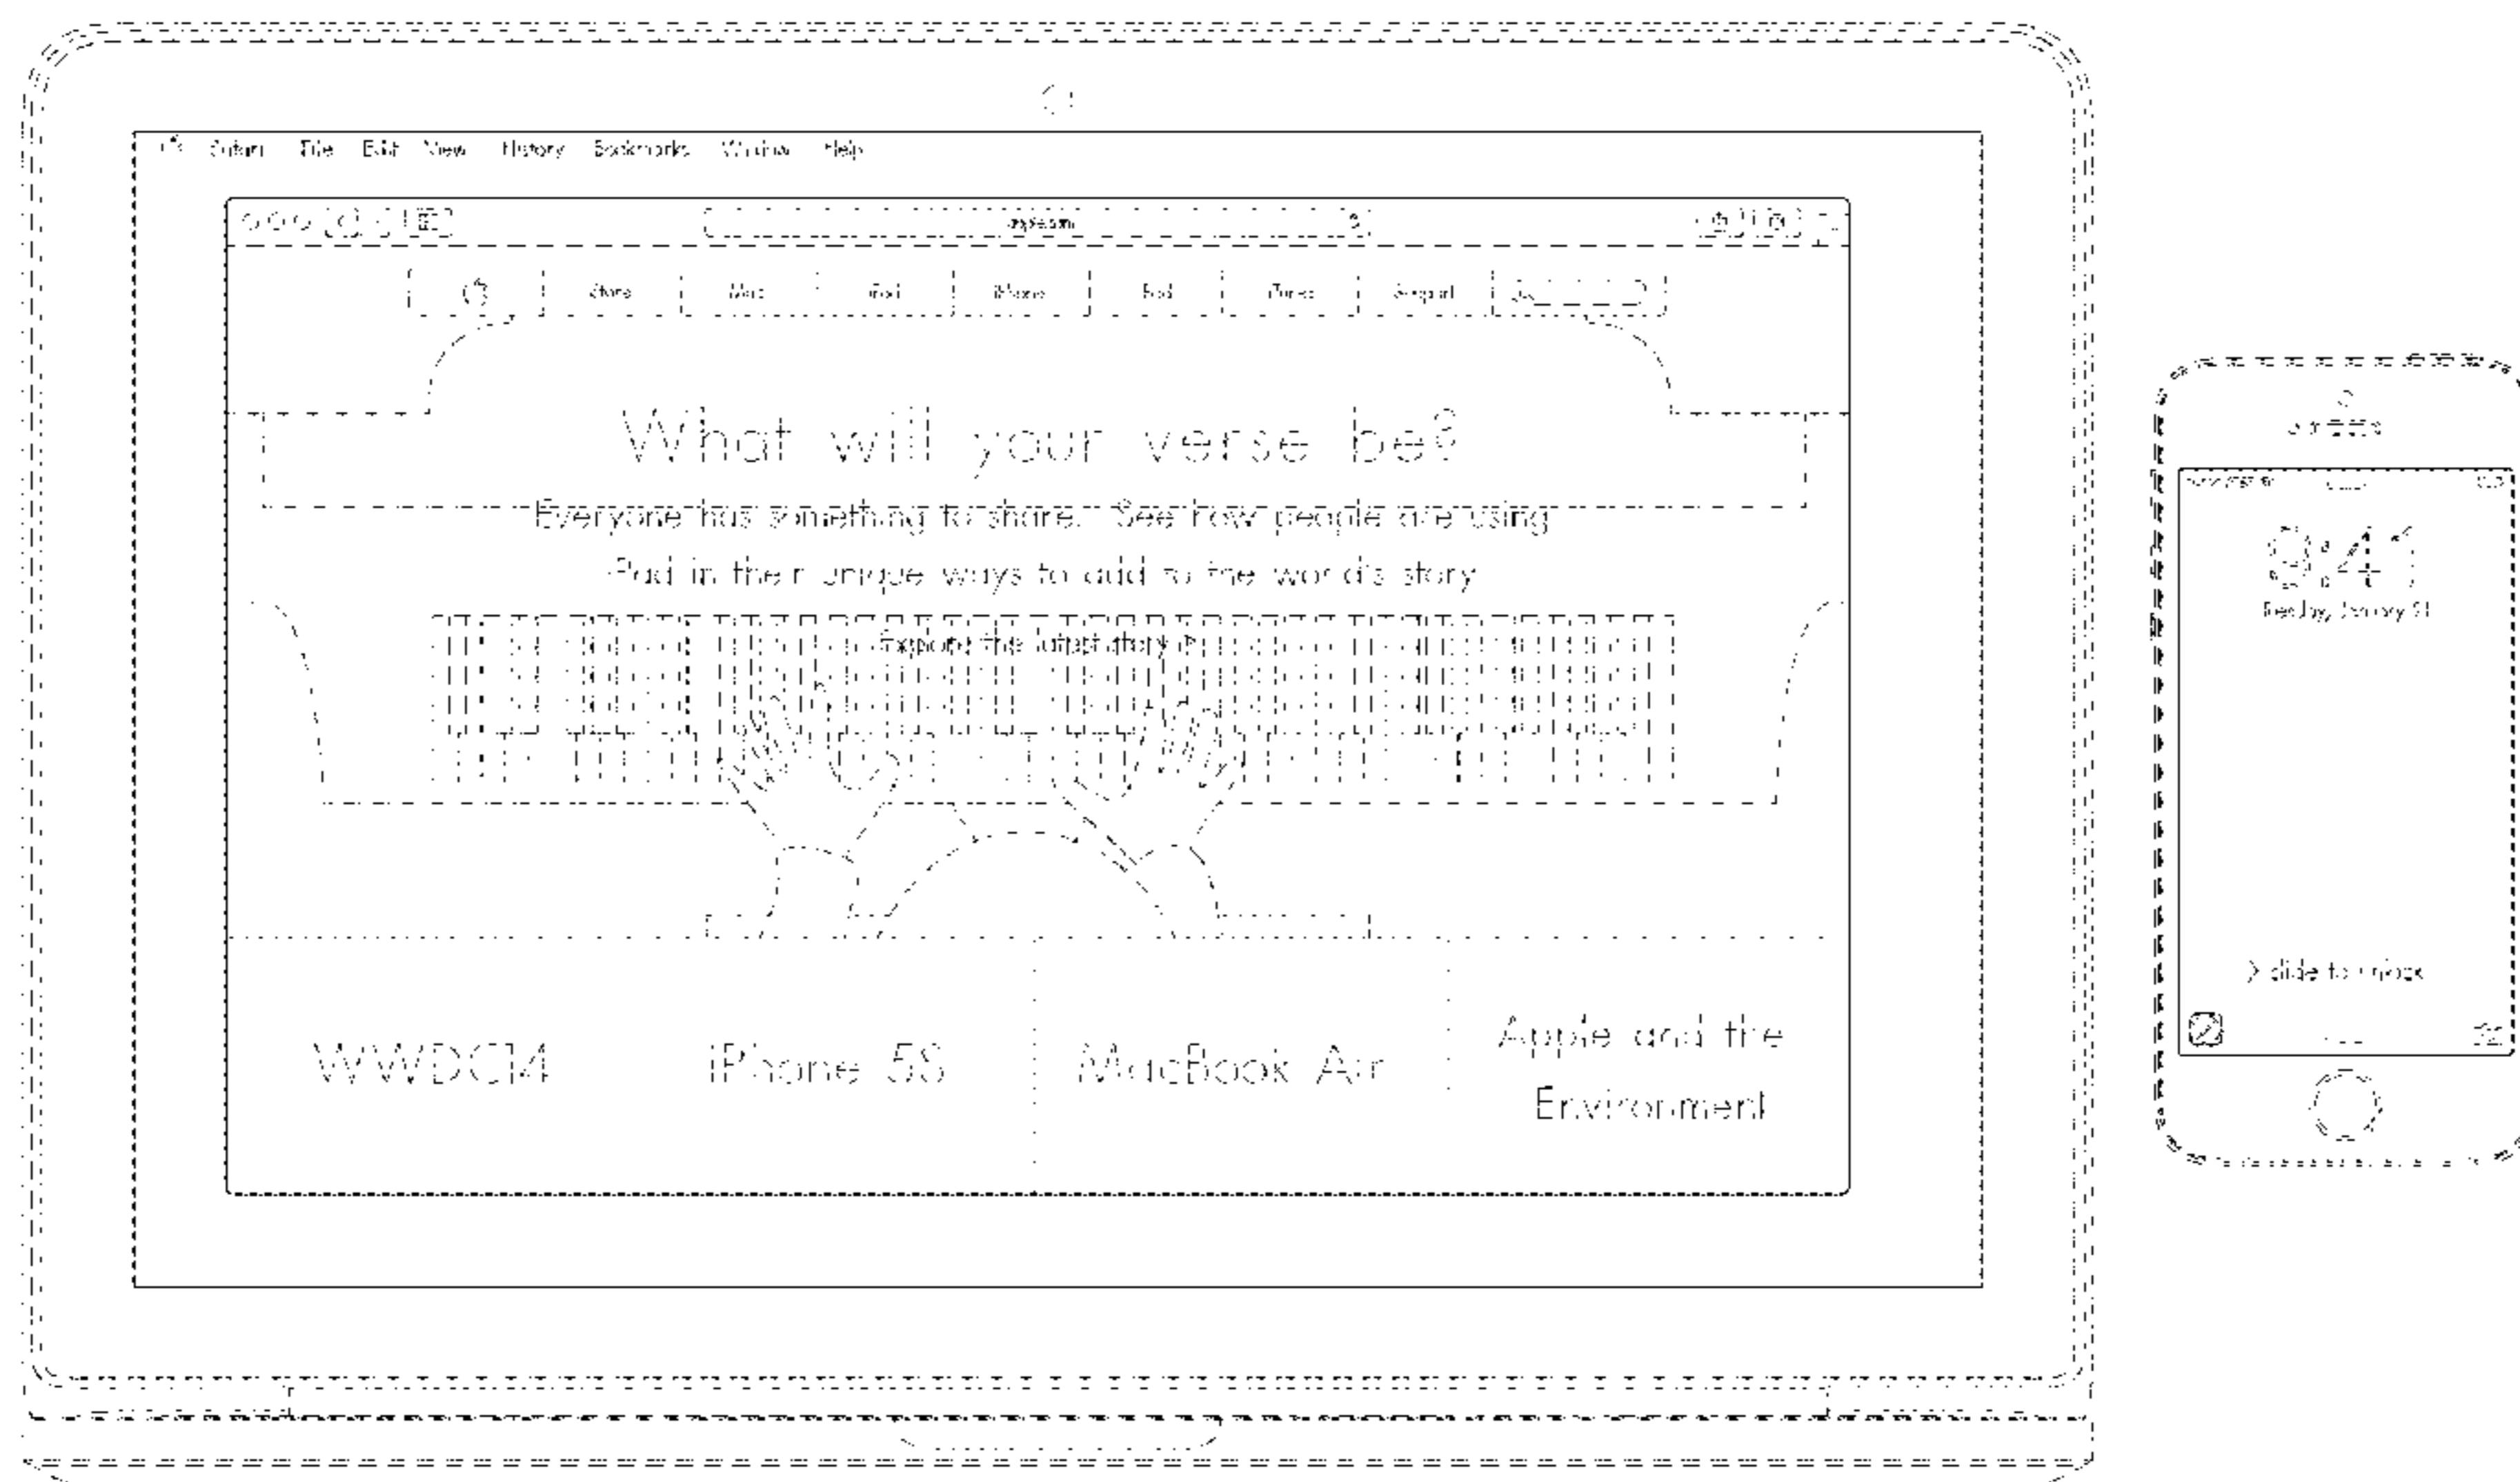

FIG. 1 is a front view of a first display screen of a pair of display screens showing a first image in the sequence of an animated graphical user interface showing the claimed design;

FIG. 2 is a second image in the sequence on a second display screen of the pair of display screens; and, FIG. 3 is a third image in the sequence on the second display screen of the pair of display screens.

The broken line showing of electronic devices in the figures is for environmental purposes, and forms no part of the claimed design. The broken lines within the display screens of the figures show portions of the animated graphical user interface that form no part of the claimed design.

The appearance of the animated images sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
