The patent or application file contains at least one drawing
executed in color. Copies of this patent or patent application
publication with color drawing(s) will be provided by the
Office upon request and payment of the necessary fee.

FIG. 1 is a perspective view of a fluid distributor showing
our new design in a first position of use;
FIG. 2 is a left side elevational view thereof; the right side
elevational view being a mirror image thereof;
FIG. 3 is a top plan view thereof;
FIG. 4 is a bottom plan view thereof;
FIG. 5 is a rear elevational view thereof;
FIG. 6 is another perspective view thereof in a second
position of use; and,
FIG. 7 is a left side elevational view of FIG. 6.

(Continued)

The broken lines in the drawing depict portions of the fluid distributor that form no part of the claimed design.
