(57) **CLAIM**

The ornamental design for a docking station for luminaire arrangements, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the docking station for luminaire arrangements;

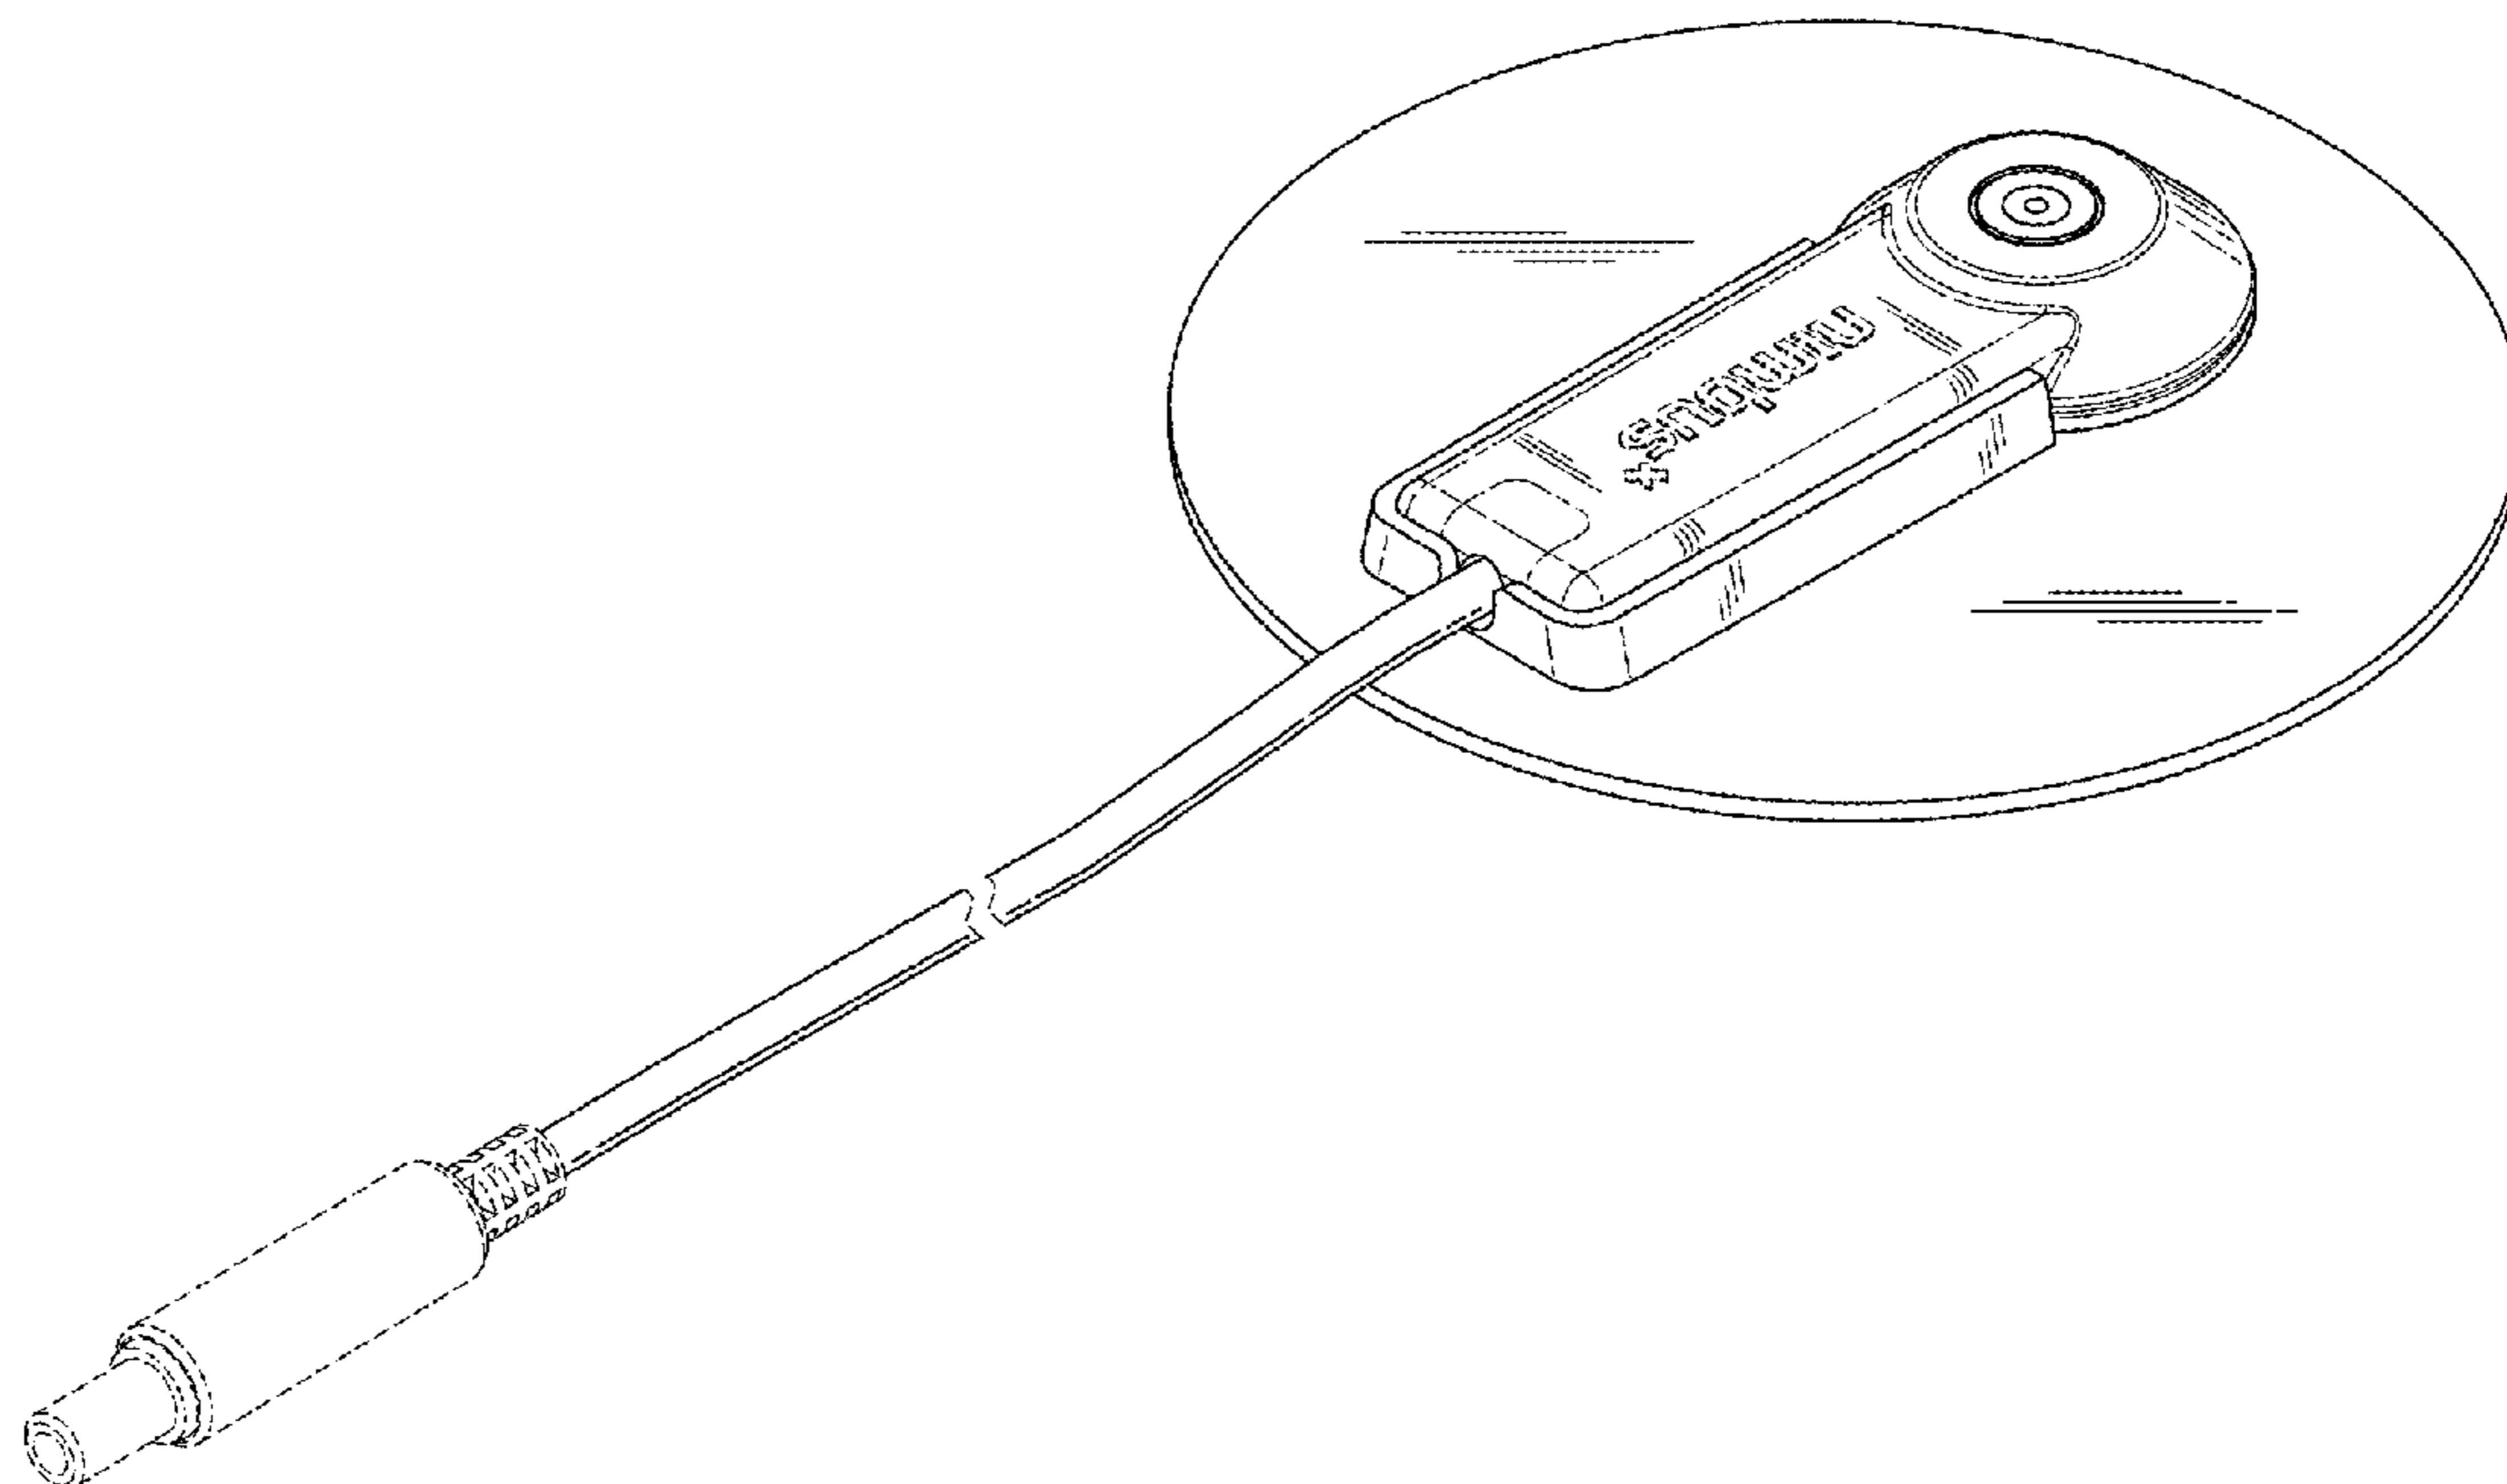

FIG. 2 is a right side view thereof;

FIG. 3 is a left side view thereof; and,

FIG. 4 is a top view thereof.

In the drawings, the portions shown by broken lines form no part of the claimed design, including the broken-line indicia “nimbus^x” illustrated in FIGS. 1 and 4. Further, a break is shown along the extent of an extension of the docking station for luminaire arrangements. The break is represented by two undulating broken lines, and the appearance of any portion of the docking station for luminaire arrangements between the undulating broken lines forms no part of the claimed design.
