(57) **CLAIM**

The ornamental design for a display screen with graphical user interface of an incubator, as shown and described.

DESCRIPTION

This application contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen with graphical user interface of an incubator.

The broken lines showing the monitor are included for the purpose of illustrating environmental structure and form no part of the claimed design.
