See application file for complete search history.

(57) **CLAIM**

The ornamental design for a display screen of a medical pump with a graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of display screen of a medical pump with a graphical user interface, showing the new design.

The ornamental design which is claimed is shown in solid lines in the drawings.

The broken lines showing a medical device illustrate environment, whereas the broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article. None of the broken lines form part of the claimed design.
