DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing a first image of the claimed design;

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

The outermost dashed broken lines in FIGS. 1-3 show a display screen or portion thereof, and form no part of the claimed design. The other dashed broken lines in FIGS. 1-3 show portions of the animated graphical user interface that form no part of the claimed design. The dot-dash broken lines in FIGS. 1-3 show a boundary that forms no part of the claimed design.

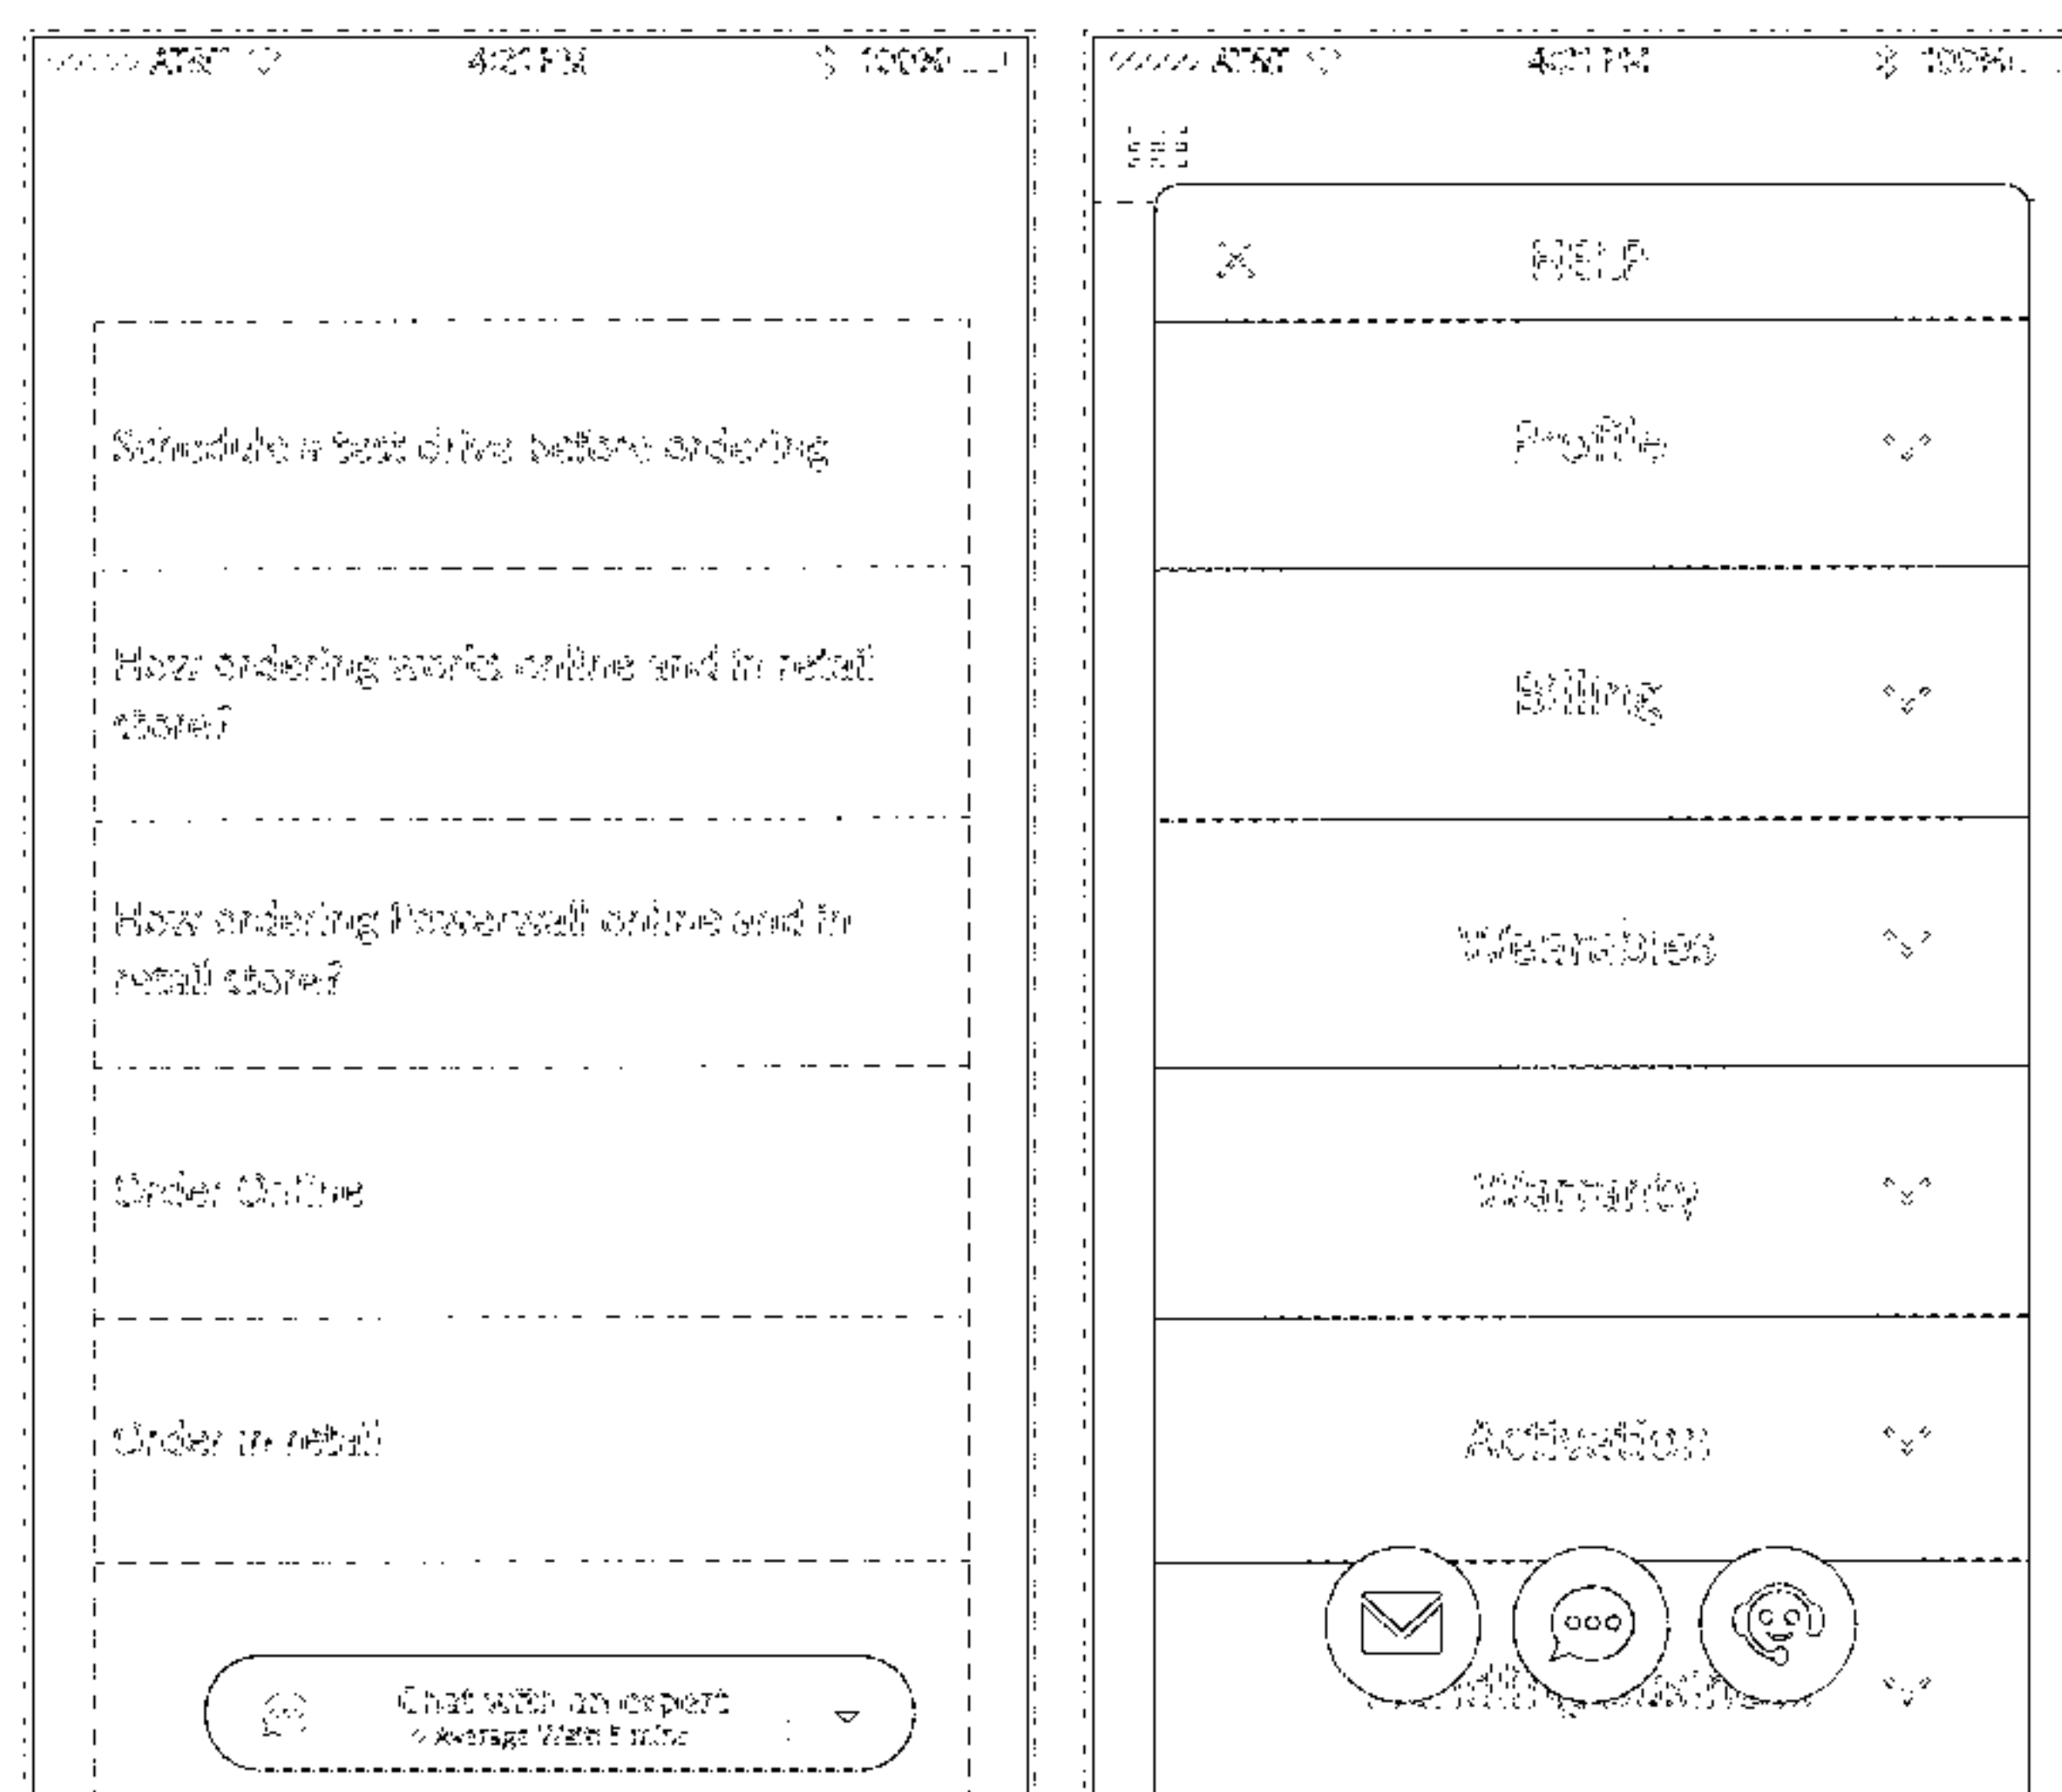

The appearance of the animated image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
