Sony Tablet Terminal equipped with Android (TM), Prerelease Devices: (1) “Sony Tablet” S series, and (2) “Sony Tablet” P series:

DESCRIPTION

FIG. 1 is a front elevational view of a first image of a first embodiment of a display panel or screen with graphical user interface showing my new design;

FIG. 2 is a front elevational view of a second image thereof; FIG. 3 is a front elevational view of a third image thereof; and

FIG. 4 is a front elevational view of a fourth image thereof.

FIG. 5 is a front elevational view of a first image of a second embodiment of a display panel or screen with graphical user interface showing my new design;

FIG. 6 is a front elevational view of a second image thereof; FIG. 7 is a front elevational view of a third image thereof; and,

FIG. 8 is a front elevational view of a fourth image thereof.

The appearance of the image transitions from an image to another between FIGS. 1-4 and between FIGS. 5-8, respectively. The process or period in which an image transitions to another forms no part of the claimed design. The broken line showing of a display panel or screen, and portions of the graphical user interface form no part of the claimed design.
