(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

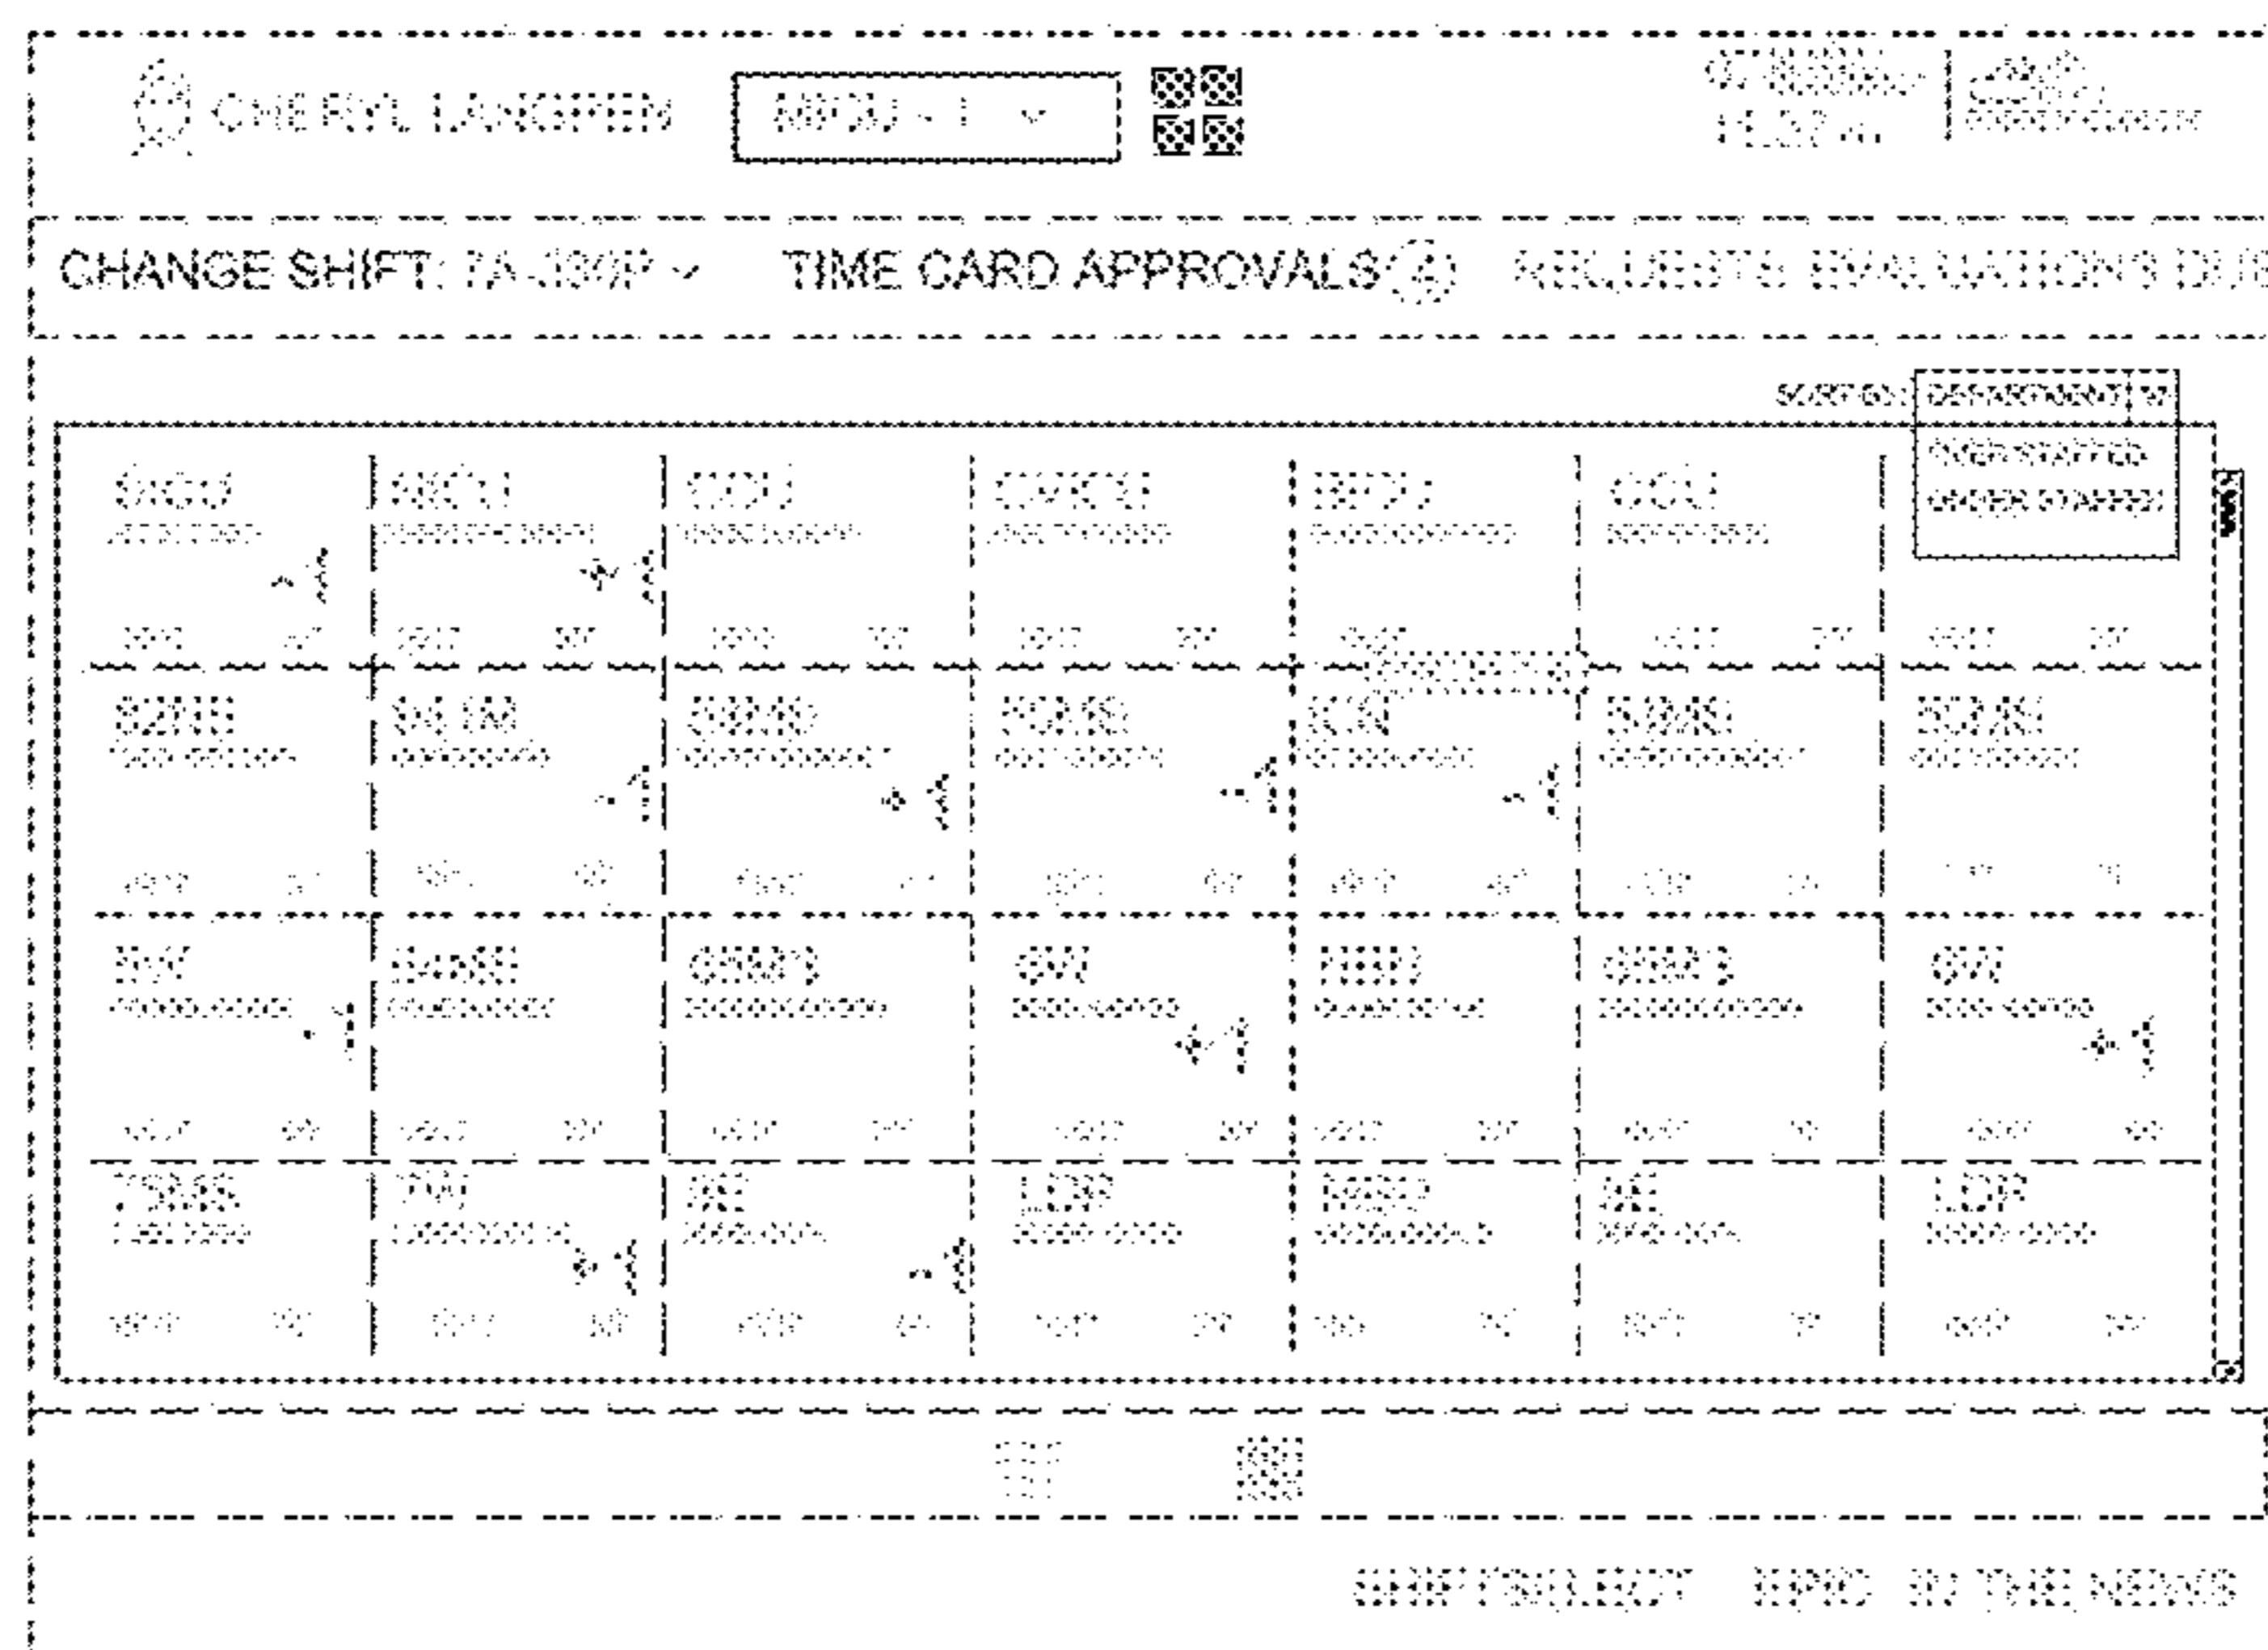

**DESCRIPTION**

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the United States Patent and Trademark Office records, but reserves all other copyright and trademark rights whatsoever.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The outermost broken line illustrates the display screen or portion thereof and forms no part of the claimed design. The other broken lines illustrating text, lines, numbers and images in the drawing show portions of the graphical user interface that form no part of the claimed design.
