(57) **CLAIM**

The ornamental design for climbing glasses, as shown and described.

**DESCRIPTION**

- 1. Climbing glasses
- 1.1 : Front
- 1.2 : Bottom
- 1.3 : Right
- 1.4 : Back
- 1.5 : Left
- 1.6 : Top

Climbing glasses which comprise a rectangular plate having end portions protruding from the plate's front edge onto which a respective triangular prism is provided; the protruding portions have terminal walls perpendicular to the plate with an inclined upper edge corresponding to the prism slope; a wall is provided comprising a lower portion perpendicular to the plate central portion and an upper portion wider than the lower portion linked through an intermediate inclined portion; a strip which passes through the upper portion is disclaimed.
