H65H 75/48

DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a
flange with kidney aperture, in use condition showing our
new design;
FIG. 2 is a top, front and right side perspective view thereof;
FIG. 3 is a front elevational view thereof; and,
FIG. 4 is a back elevational view thereof.

See application file for complete search history.

The evenly spaced broken lines shown in the drawings are
directed to environment, are for informational purposes
only, and form no part of the claimed design.

The surface shading on the claimed portion is provided only
to indicate the character and/or any contour or curvature of
the surfaces. It does not indicate color, texture, markings that
actually exist thereon, indicia, graphic representations, sur-
face treatment, or any other ornamentation applied to the
article.
