(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface for tour bidding services, as shown and described.

DESCRIPTION

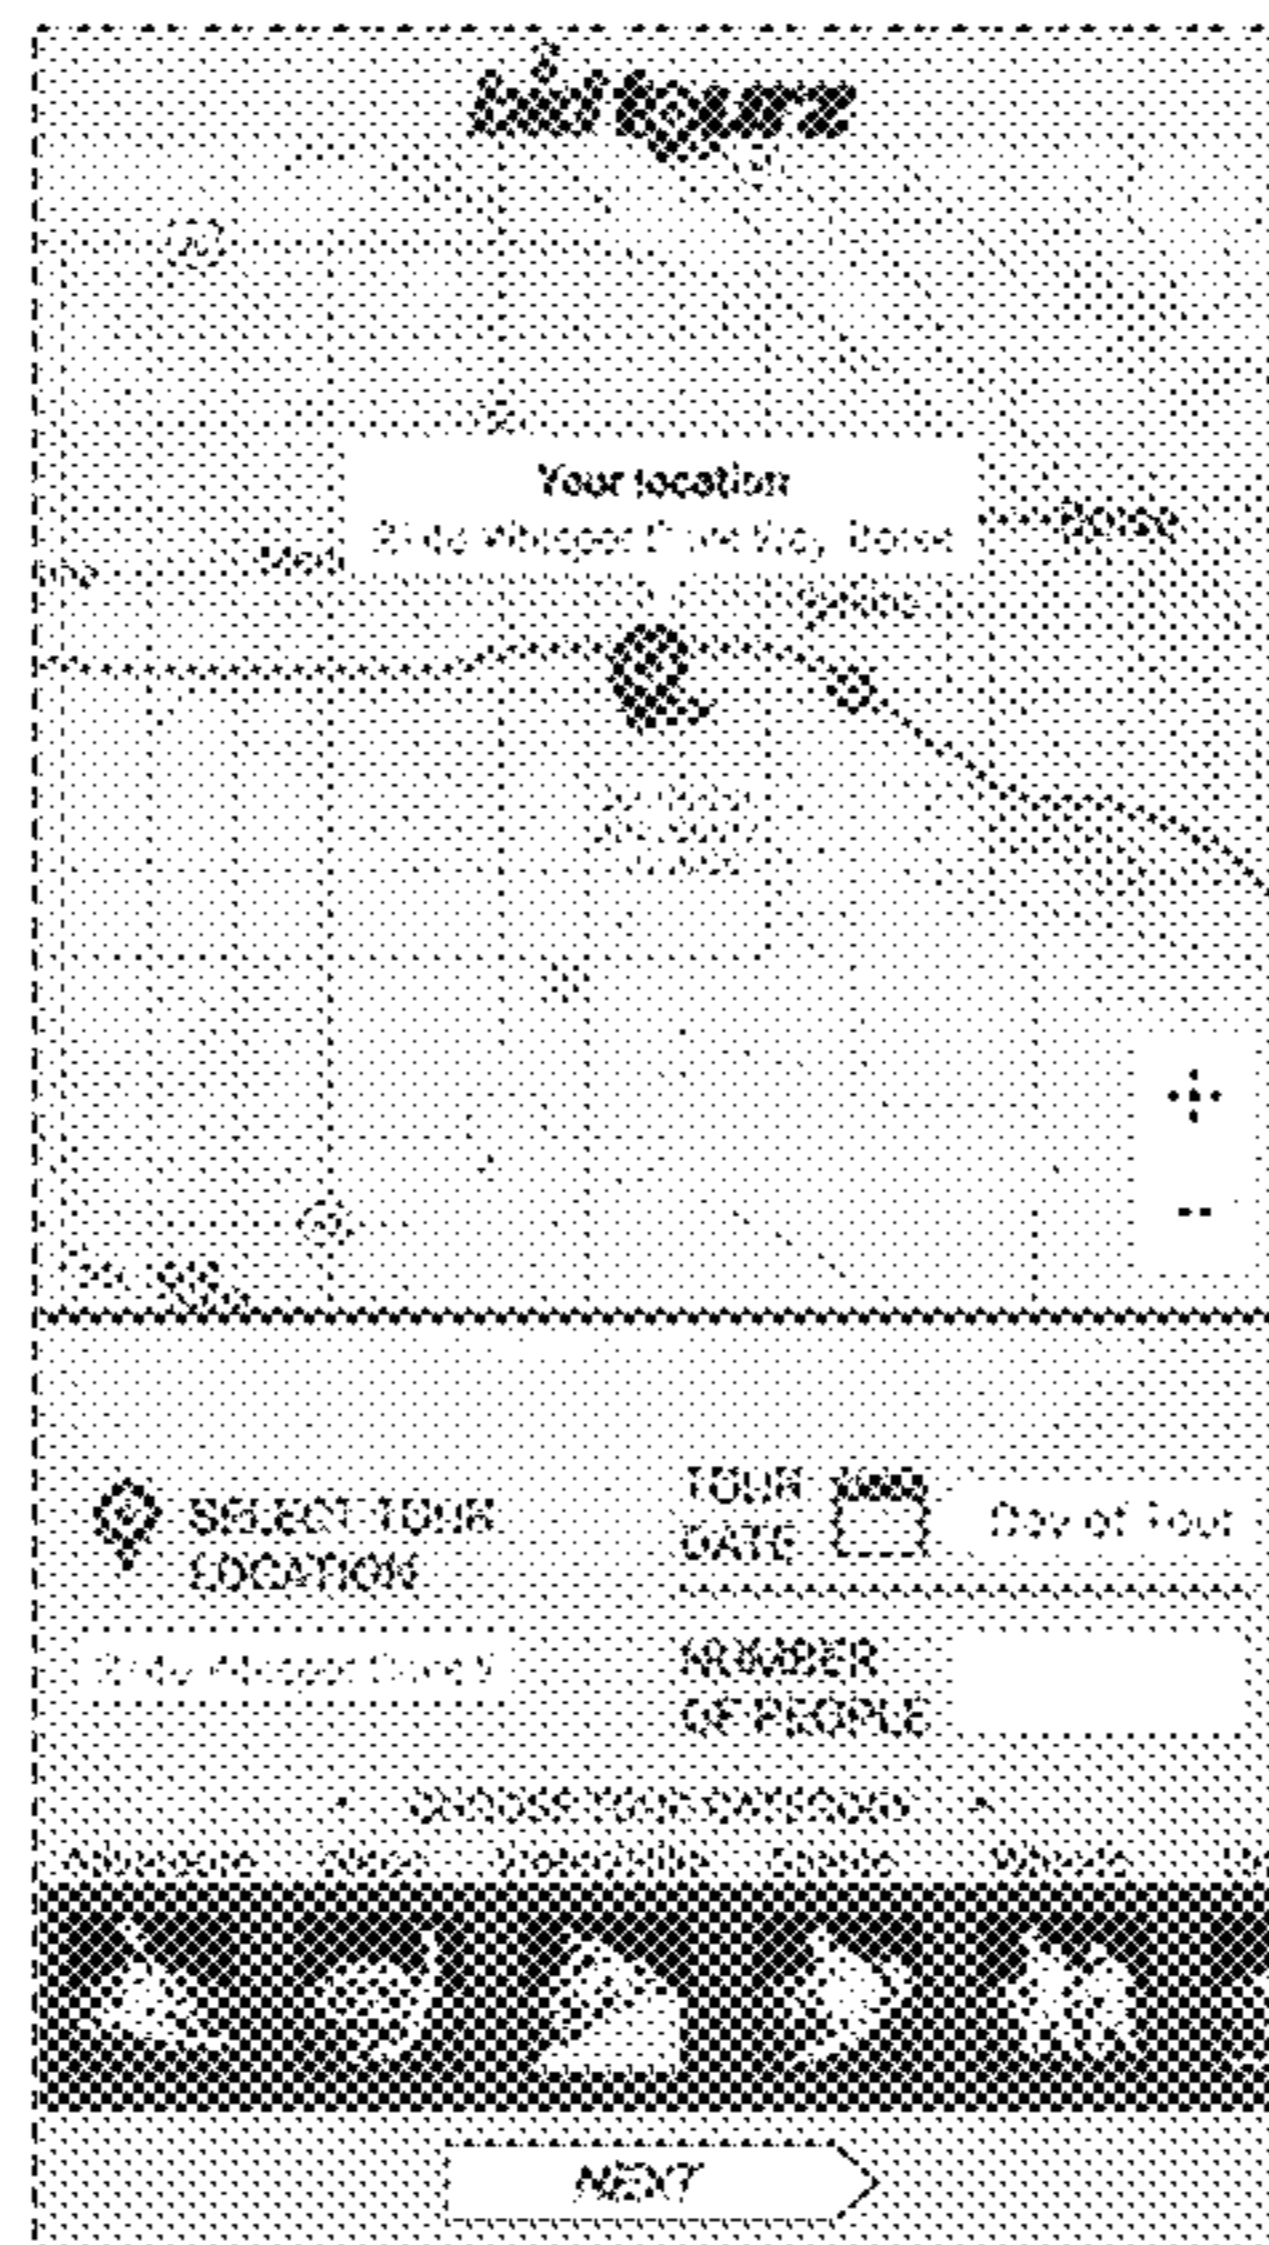

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee. FIG. 1 is a front view of a display screen or portion thereof with graphical user interface for tour bidding services according to a first embodiment in color; and, FIG. 2 is a front view of a second embodiment thereof. The outer broken line rectangle showing the display screen in FIGS. 1-2 is included for purpose of illustrating portions of the article and forms no part of the claimed design.
