(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen with graphical user interface, showing the new design. The portions depicted in broken lines of even length illustrate portions of the display screen with graphical user

(Continued)

interface that form no part of the claimed design. The broken lines of uneven length show the display screen and form no part of the claimed design.
