(57) **CLAIM**

The ornamental design for a display screen or portion
thereof with graphical user interface, as shown and
described.

DESCRIPTION

A portion of the disclosure of this patent document contains
material which a claim for copyright is made. The copyright
owner has no objection to the facsimile reproduction by
anyone of the patent document or the patent disclosure, as it
appears in the US Patent and Trademark Office patent file or
records, but reserves all other copyrights whatsoever.

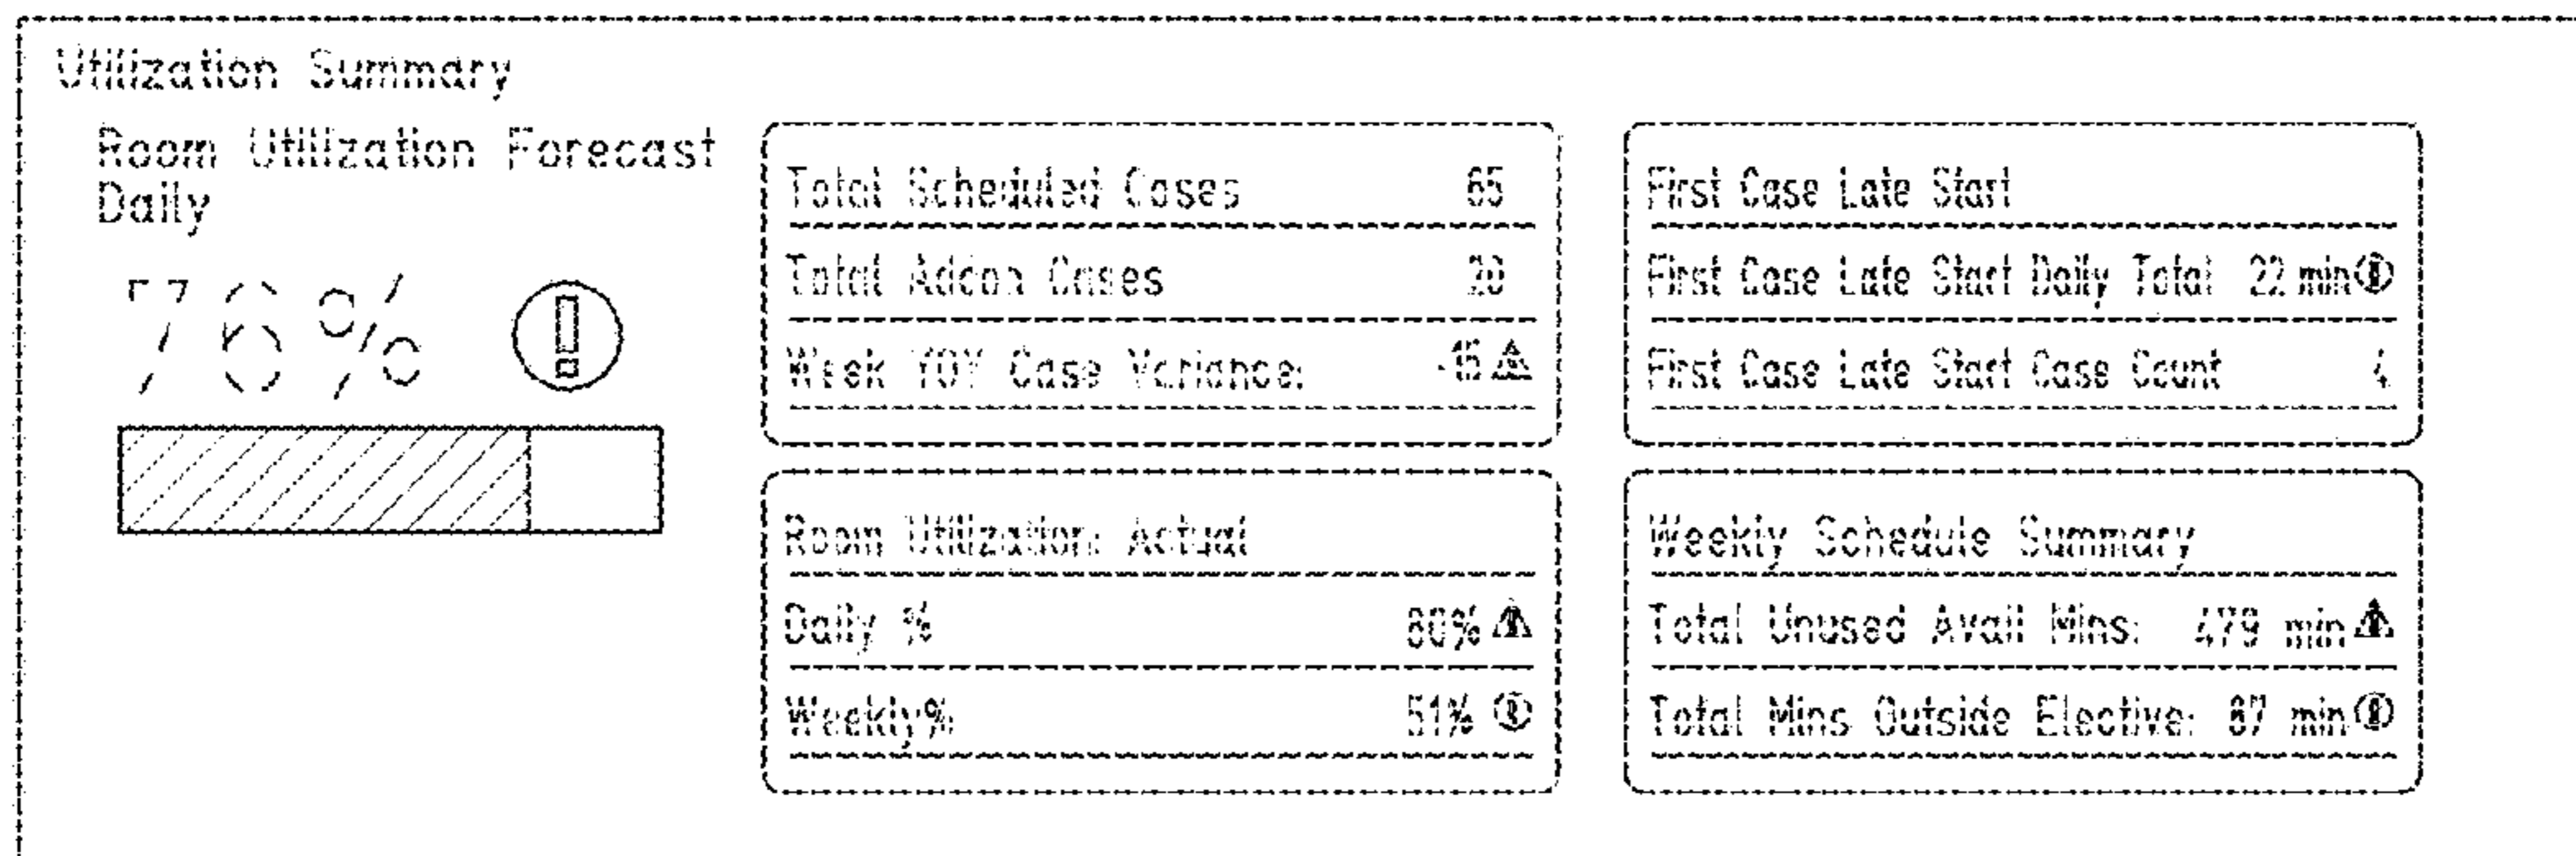

FIG. 1 is a front view of a display screen or portion thereof
with graphical user interface showing the graphical user
interface enlarged and separate for clarity of illustration;
and,

FIG. 2 is a front view of a display screen or portion thereof
with graphical user interface.

Additionally, the Applicant notes that the diagonal broken
lines in FIGS. 1-2 illustrate a contrast in appearance.

The outer broken line showing of the display screen or
portion thereof and all other broken lines showing portions
of the graphical user interface are included for the purpose
of illustrating portions of the article and form no part of the
claimed design.
