(57) **CLAIM**

The ornamental design for a lip suction device, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a lip suction device showing our new design.

FIG. 2 is a bottom plan view of the lip suction device.

FIG. 3 is a left side elevational view of the lip suction device; the right side elevational view is a mirror image of the left side elevational view.

FIG. 4 is a front elevational view of the lip suction device.

FIG. 5 is a back elevational view of the lip suction device.

FIG. 6 is a front perspective view of the lip suction device.

FIG. 7 is a right side perspective view of the lip suction device.

FIG. 8 is a left side perspective view of the lip suction device; and,

FIG. 9 is a bottom perspective view of the lip suction device. The broken lines in the drawings depict parts of the lip suction device that form no part of the claimed design.

1 Claim, 4 Drawing Sheets
