(57) **CLAIM**

The ornamental design for a computing device display screen with graphical user interface, as shown and described herein.

DESCRIPTION

FIG. 1 illustrates a computing device display screen with graphical user interface, according to a first embodiment. FIG. 2 illustrates a computing device display screen with graphical user interface, according to a second embodiment. FIG. 3 illustrates a computing device display screen with graphical user interface, according to a third embodiment; and, FIG. 4 illustrates a computing device display screen with graphical user interface, according to a fourth embodiment. The broken lines which depict the display screen and elements of the graphical user interface are provided for the purpose of illustrating environment and/or context, and form no part of the claimed design.

1 Claim, 4 Drawing Sheets

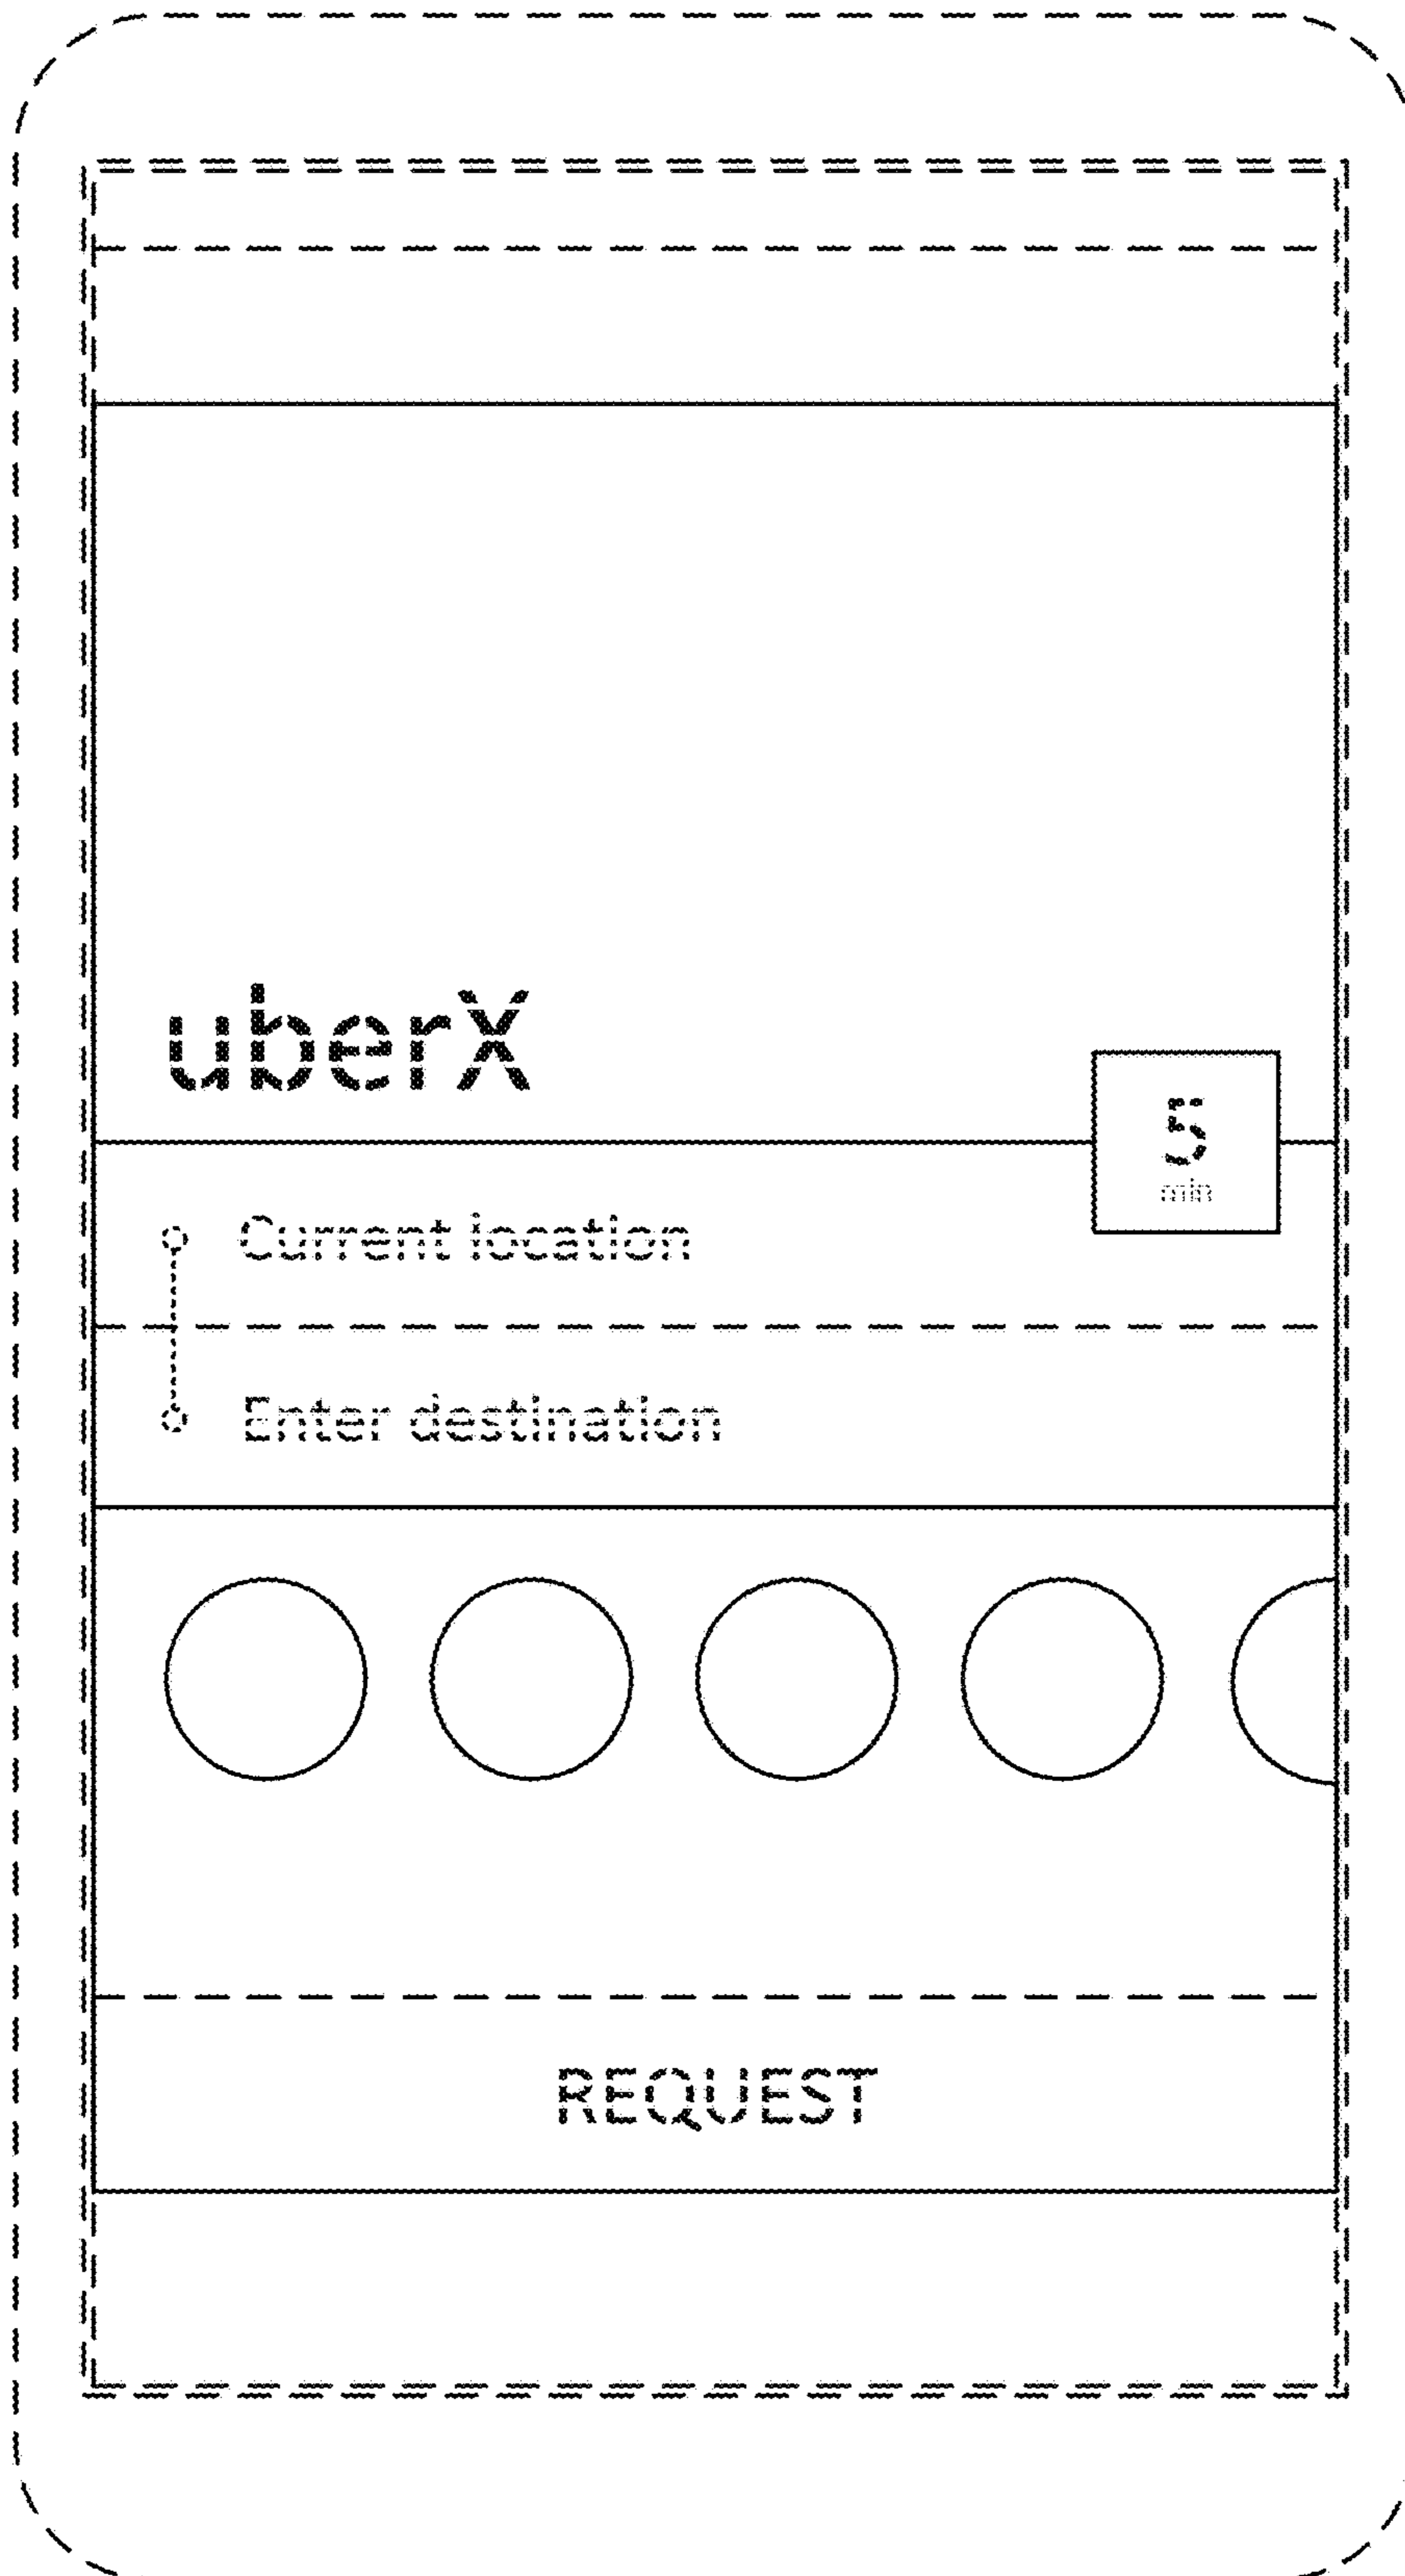

FIG. 1

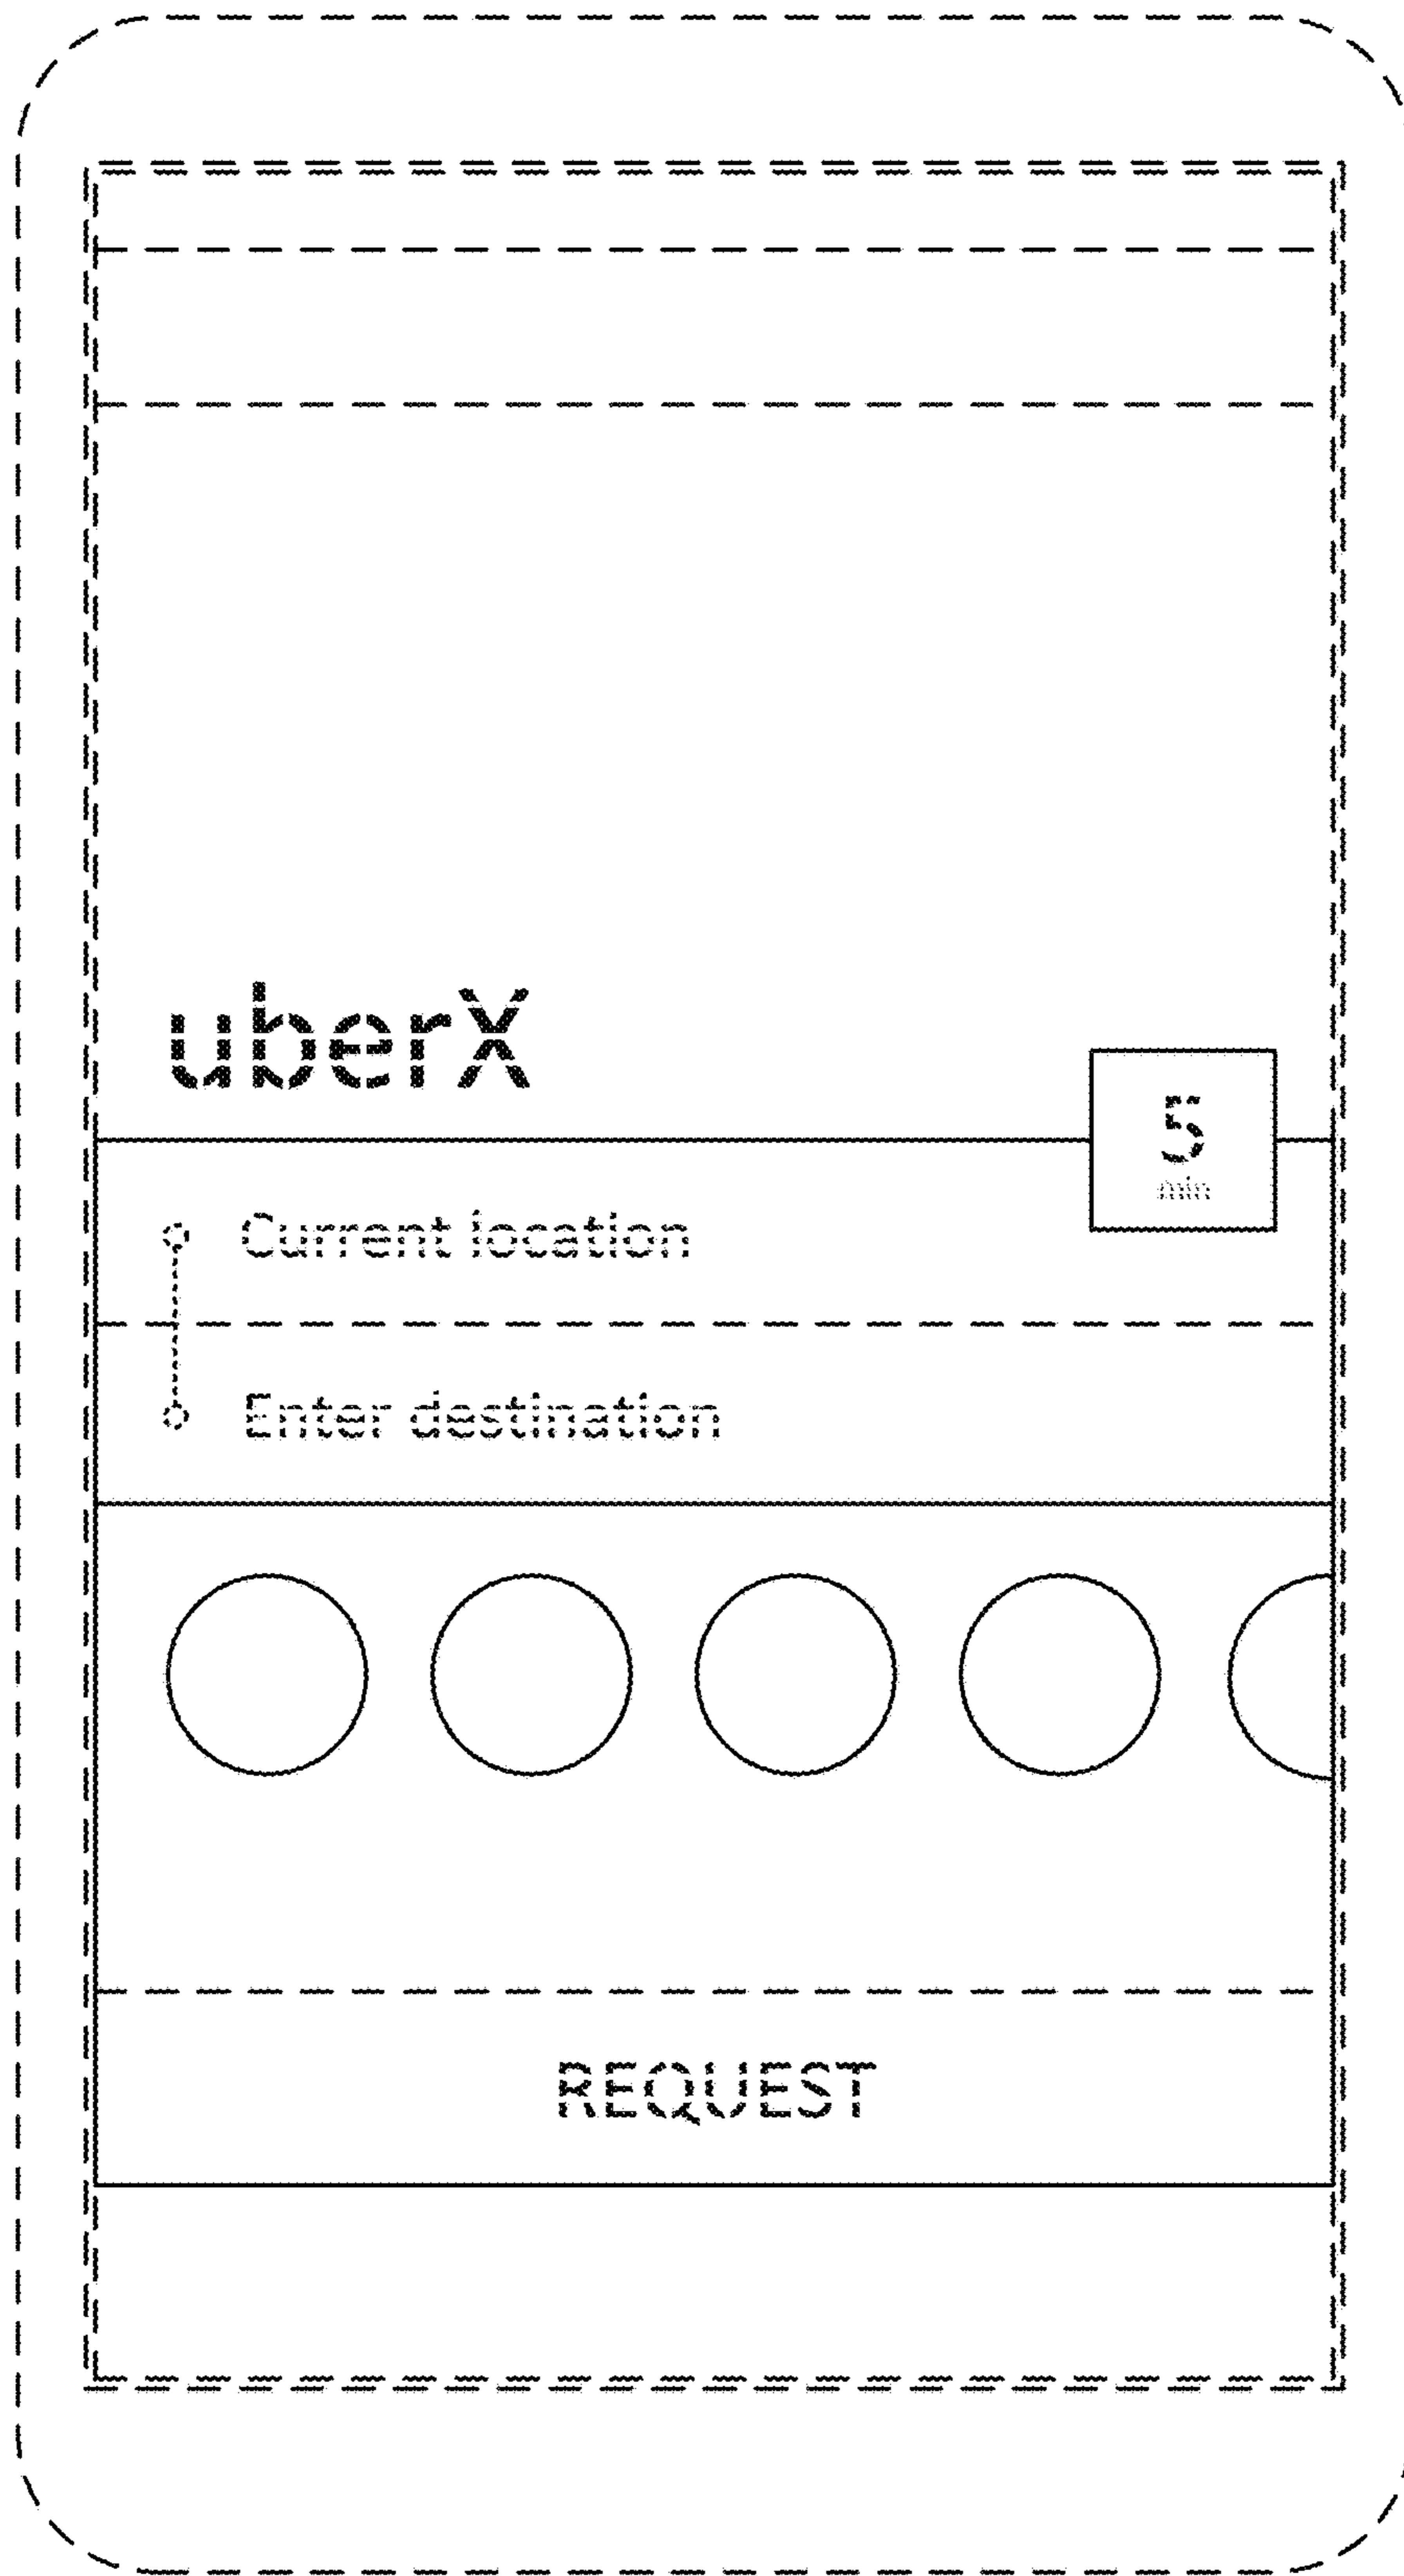

FIG. 2

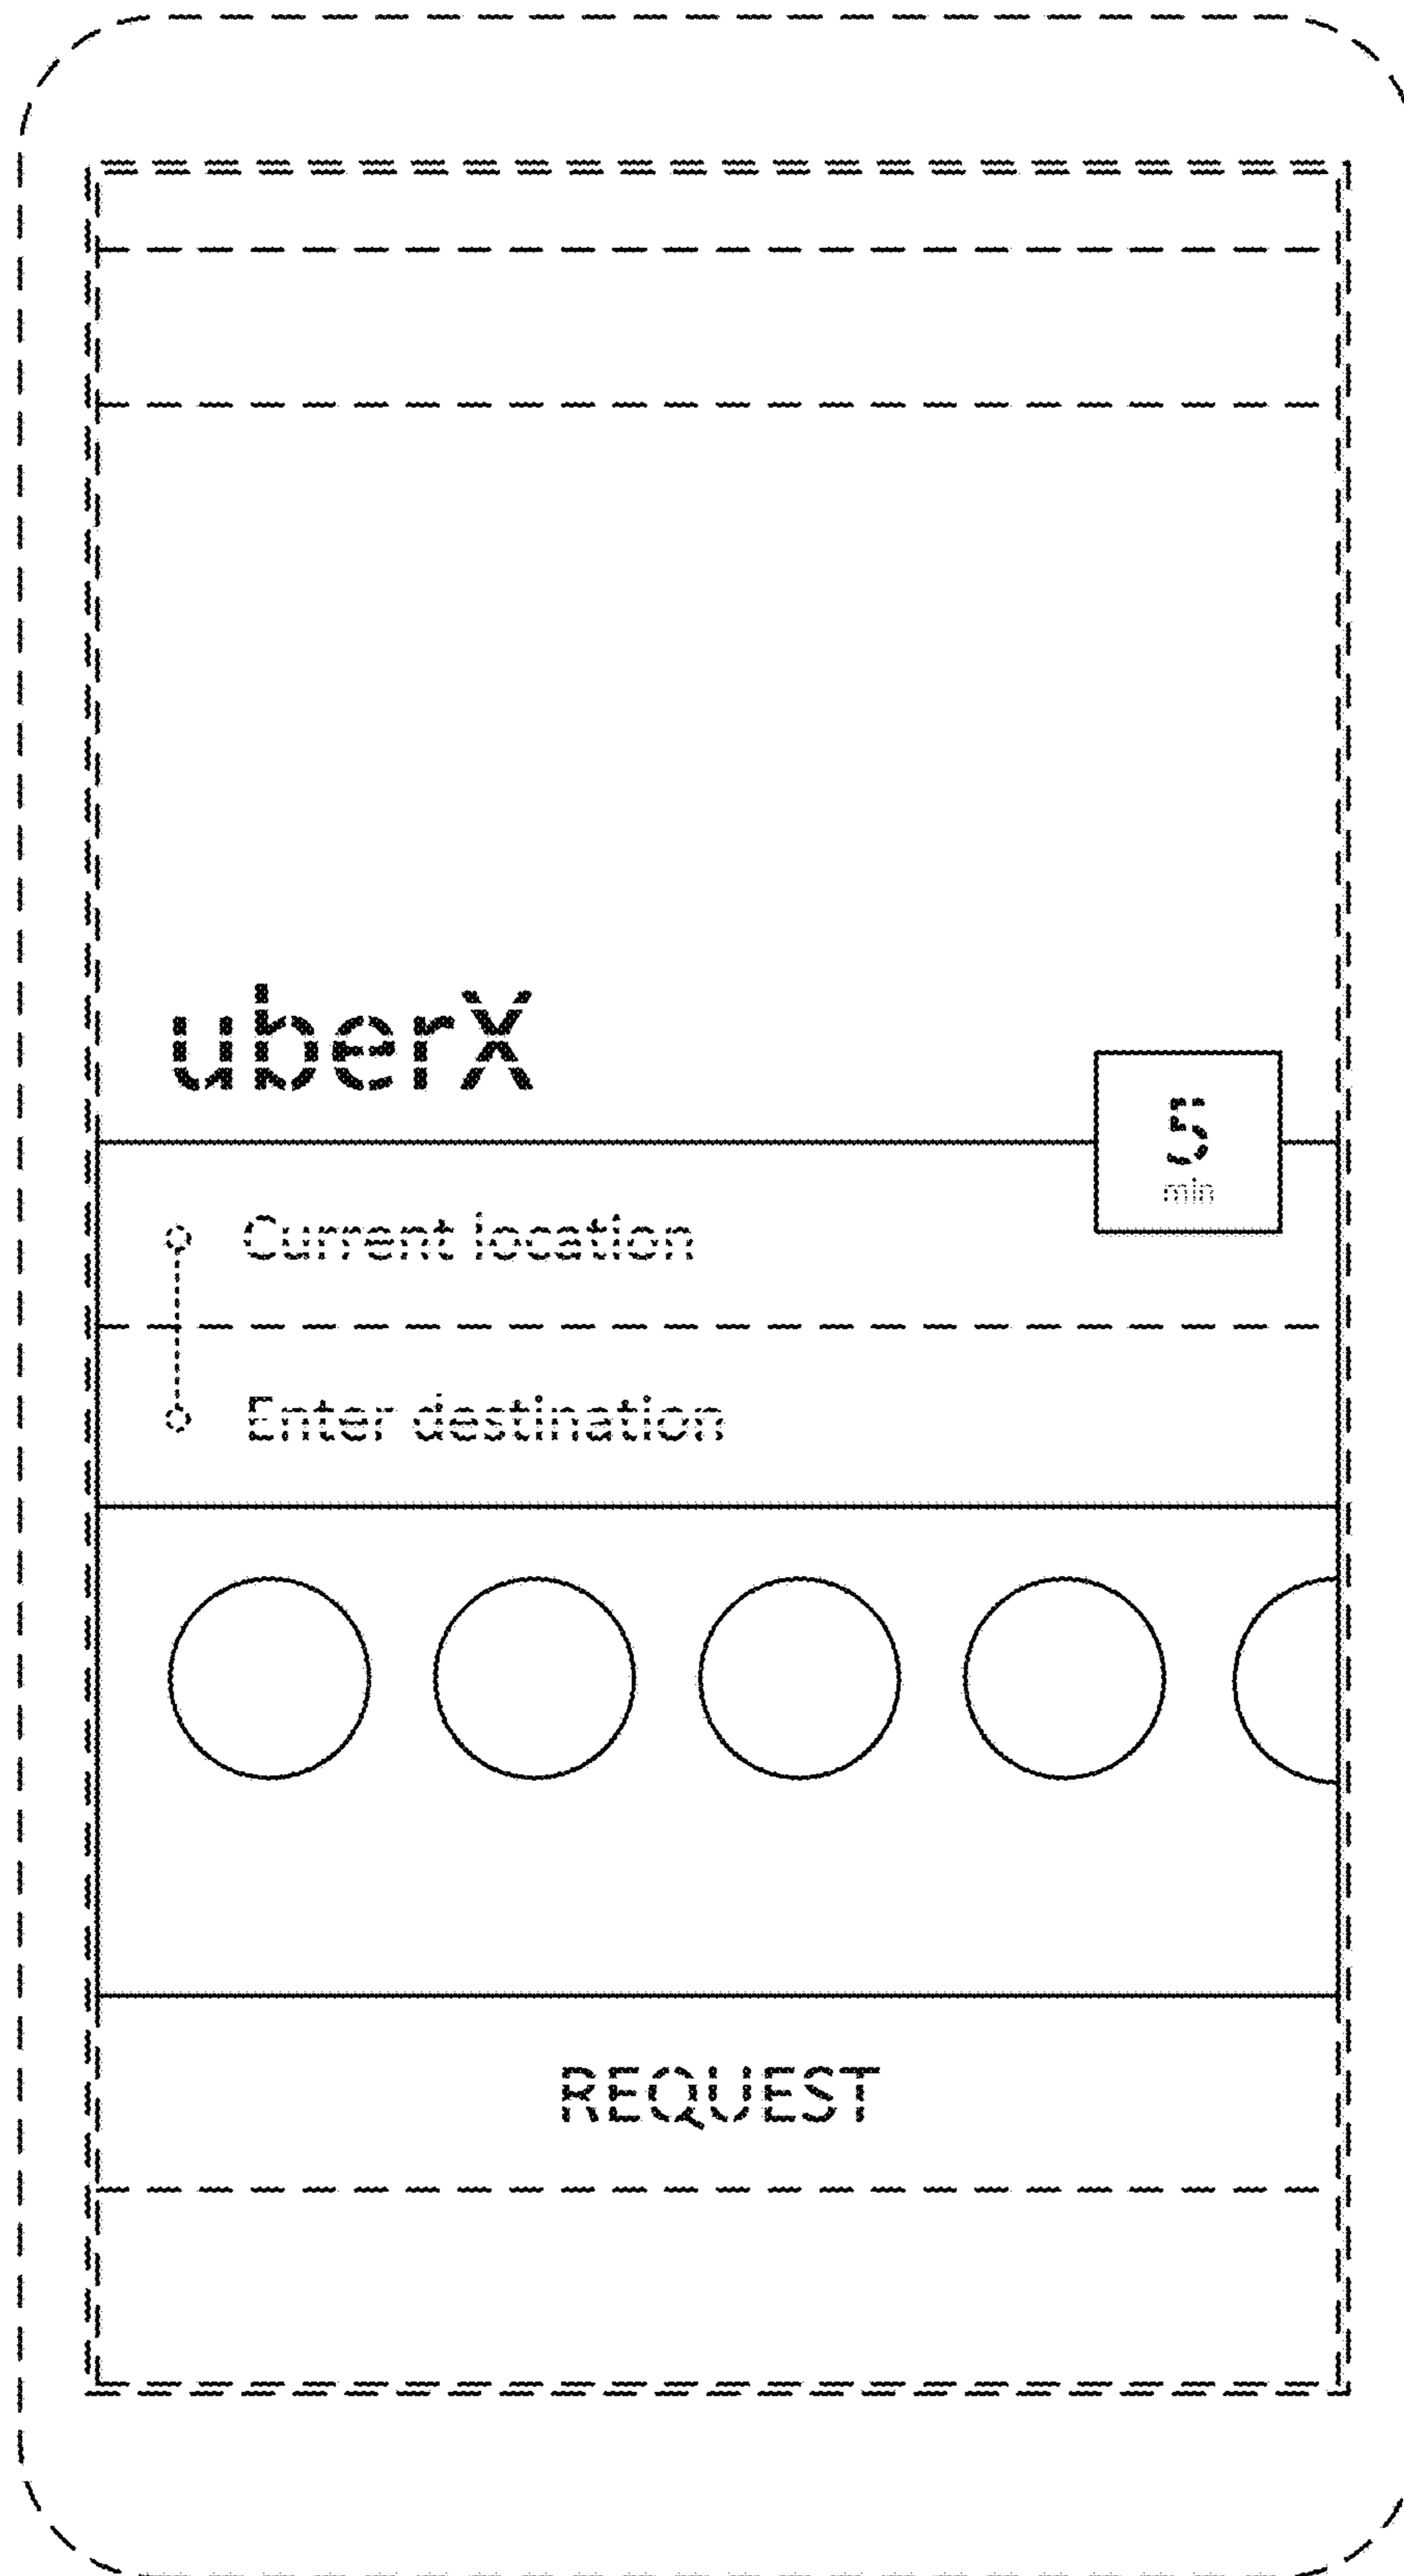

FIG. 3

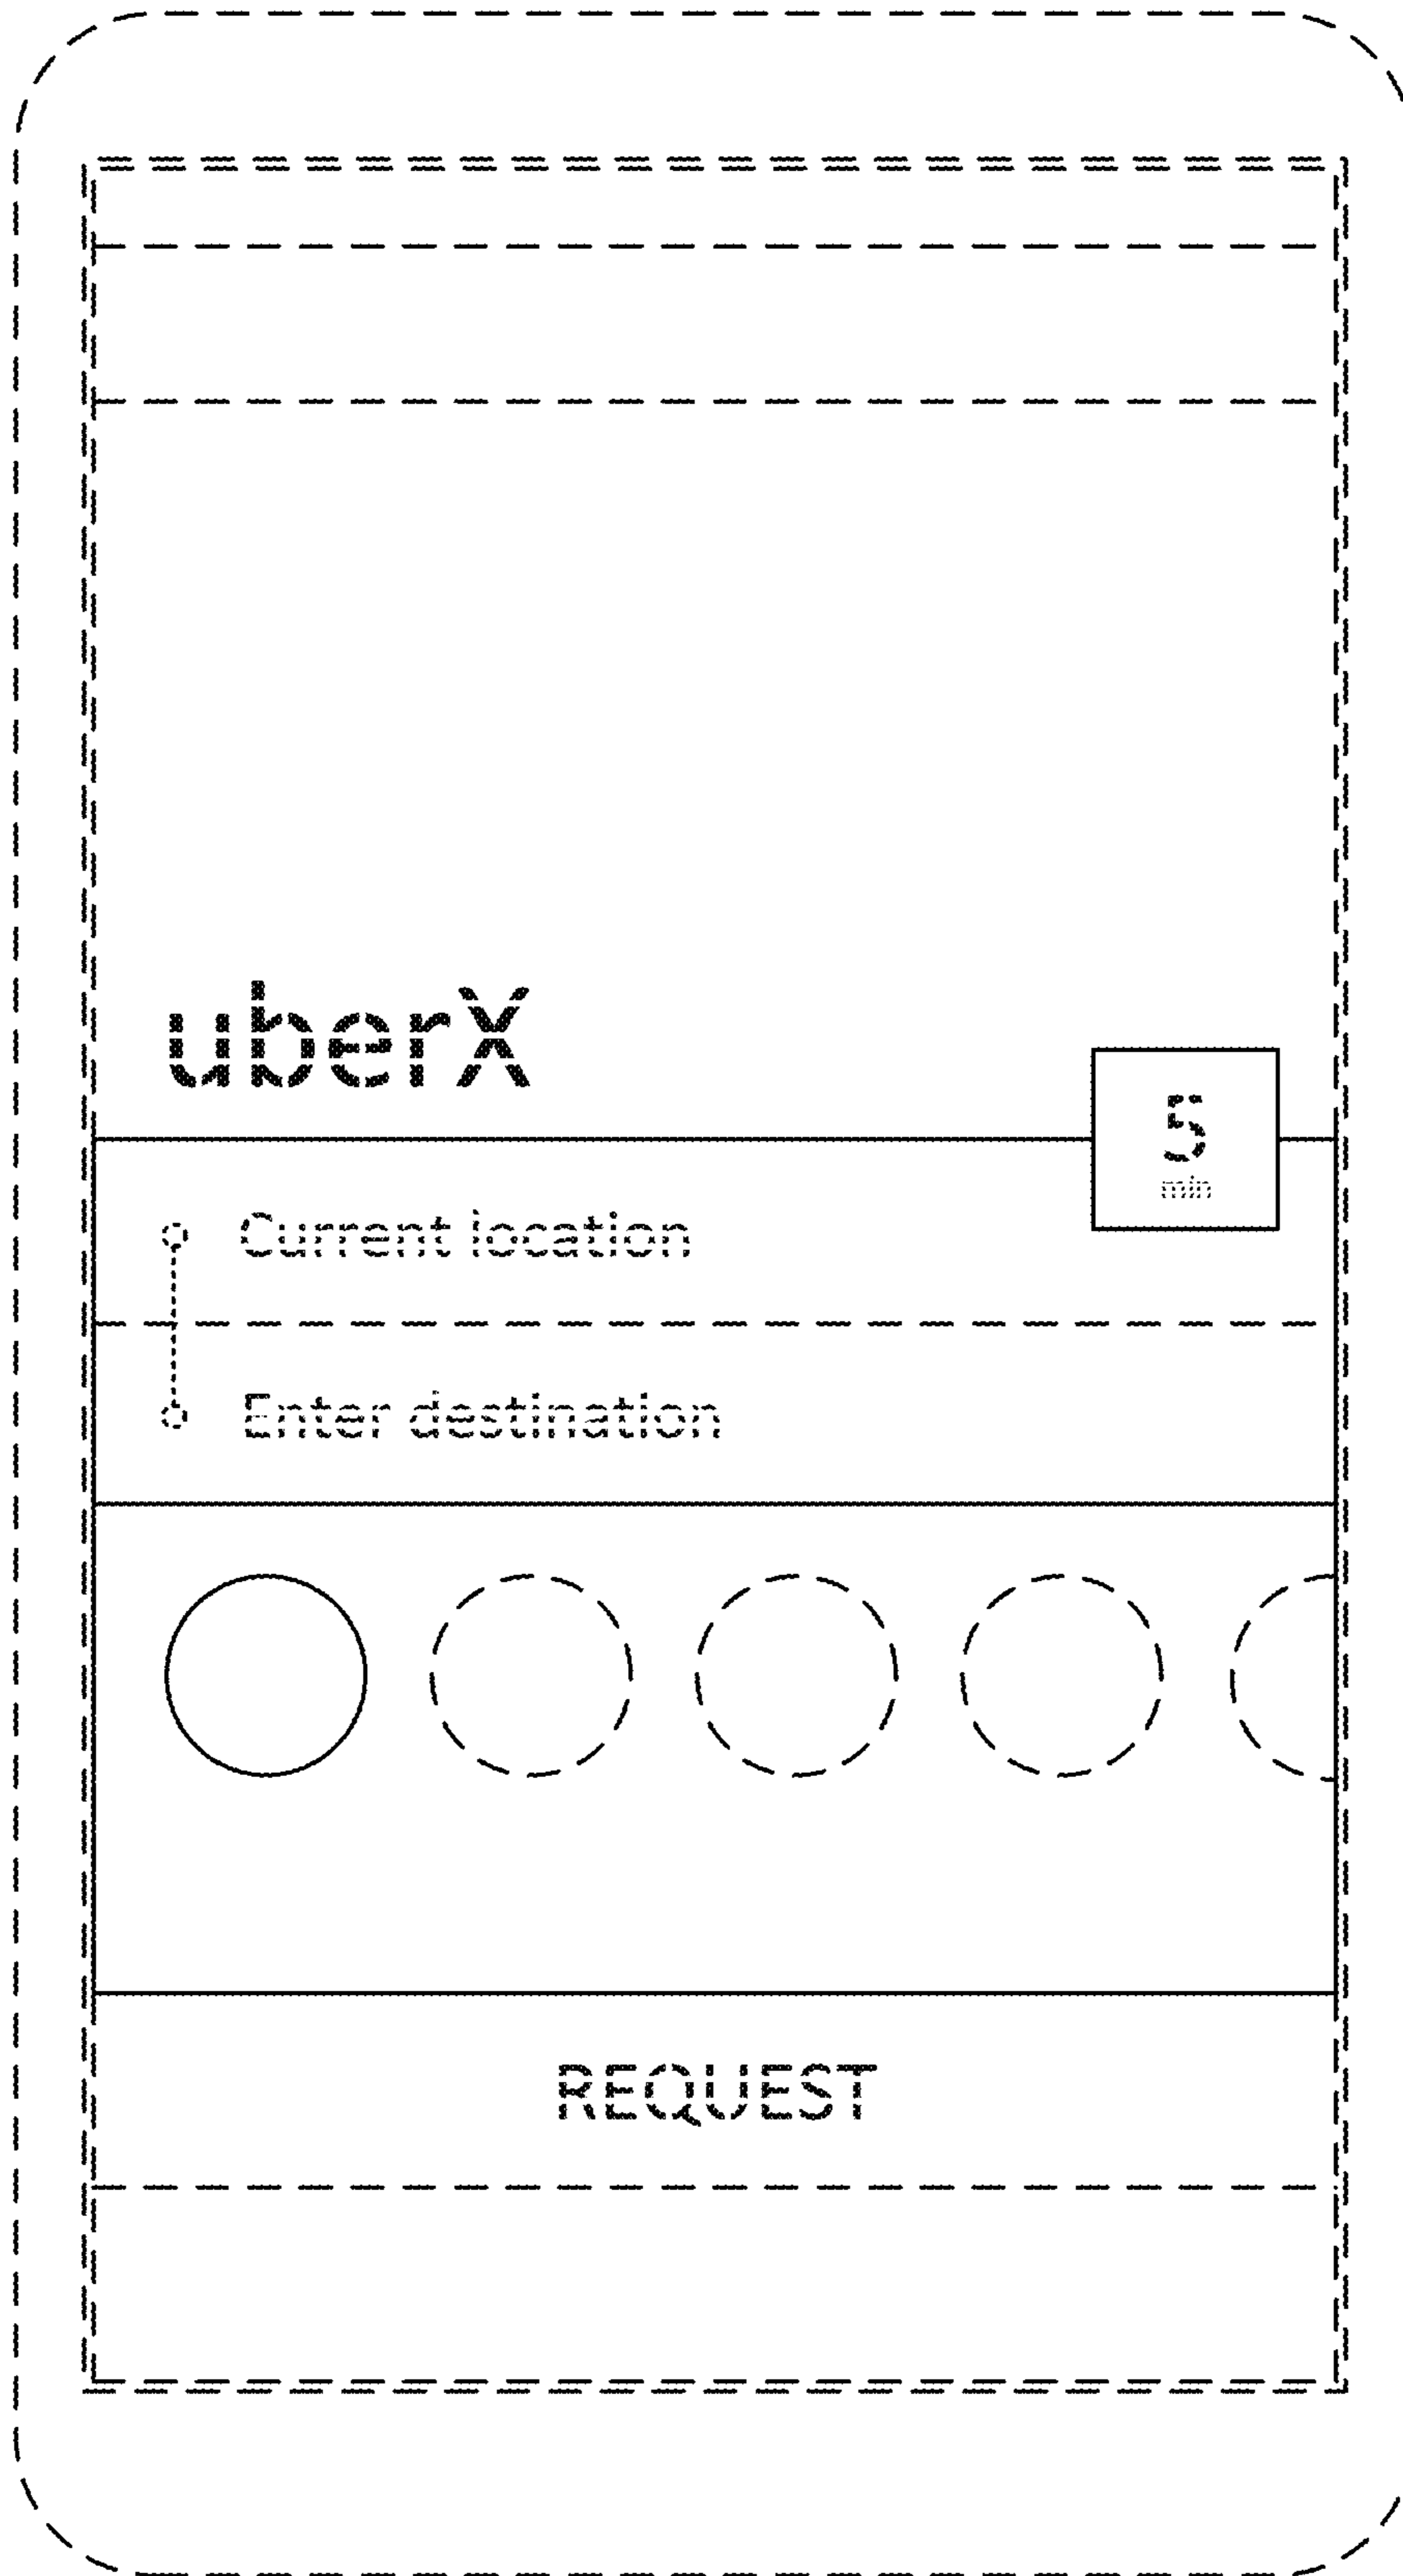

FIG. 4
