(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of necessary fee.

The FIGURE is a front view of a display screen with graphical user interface showing our new design.

The light greyscale showing of a computer monitor, including the small shape on the bottom right, forms no part of the claimed design.
