FIG. 1 is a front, left side perspective view of set of biometric sensors for an electronic device showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is left side view thereof, the right side view being identical thereto; and

FIG. 4 is a front elevation view thereof.

The rear elevational and bottom plan views form no part of the claimed design, the dash-dash broken lines represent environment only, while the dash-dot-dash broken lines that are immediately adjacent to the shaded areas represent the bounds of the claimed design, it being understood the broken lines shown throughout do not form part of the claimed design.
