(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a first embodiment of a display screen with graphical user interface showing our new design; FIG. 2 is a second embodiment of a display screen with graphical user interface showing our new design; FIG. 3 is a third embodiment of a display screen with graphical user interface showing our new design; FIG. 4 is a fourth embodiment of a display screen with graphical user interface showing our new design; and, FIG. 5 is a fifth embodiment of a display screen with graphical user interface showing our new design. The broken lines shown in the figures illustrate portions of the display screen with graphical user interface that form no part of the claimed design.

1 Claim, 5 Drawing Sheets
