(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface for host onboarding, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a display screen with graphical user interface for host onboarding;

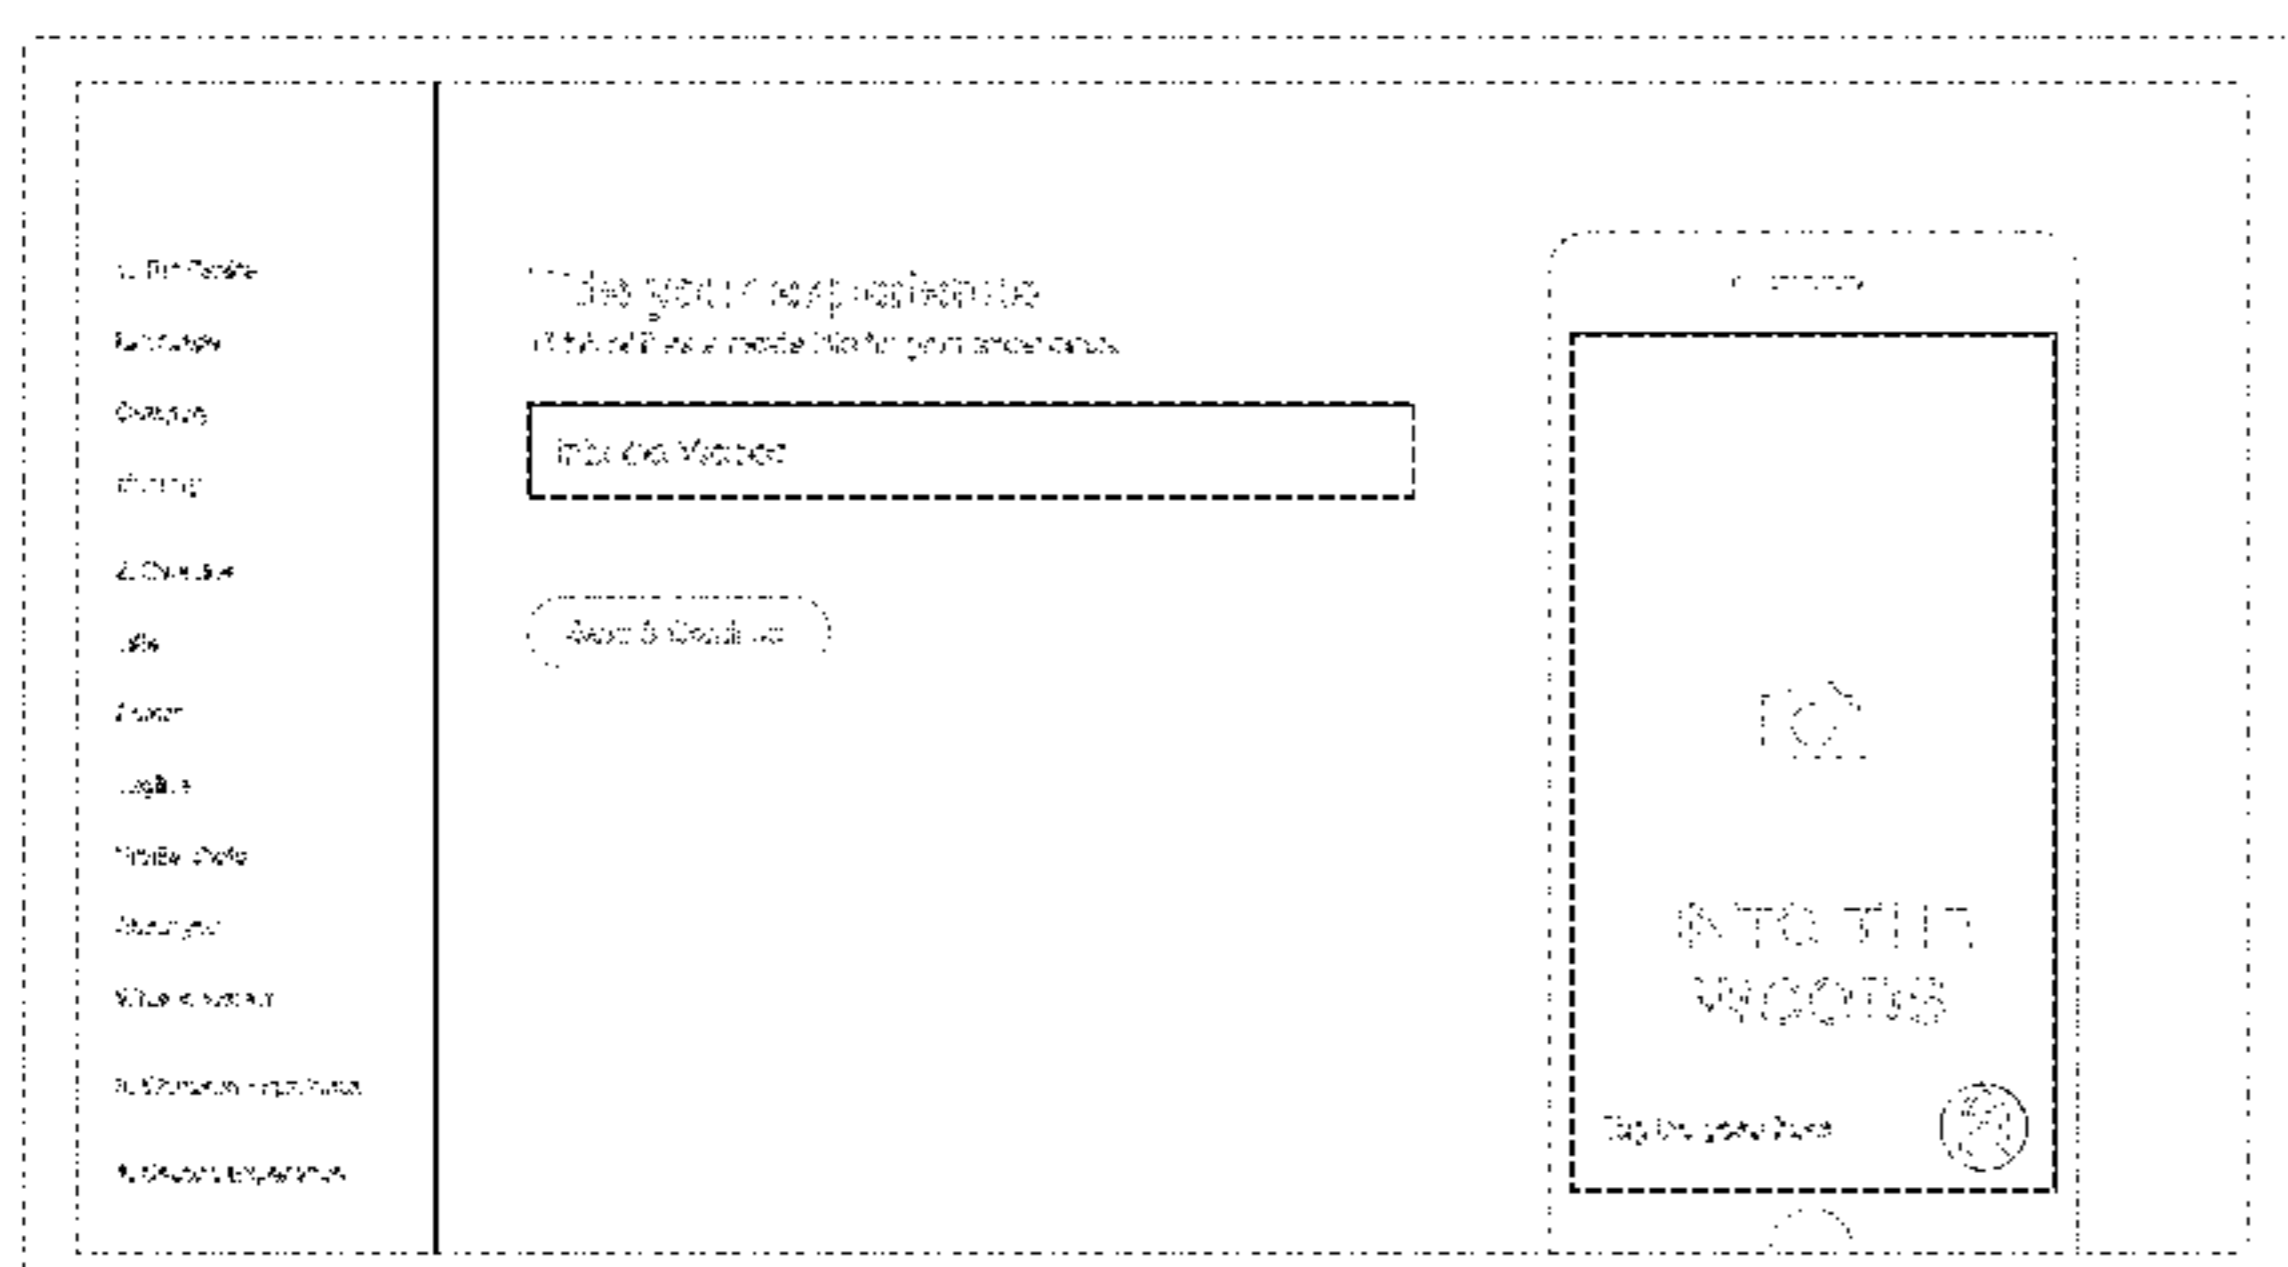

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

The outer perimeter broken line showing of the display screen and the broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design. The single heavy weight broken line rectangle in FIG. 2 and the three heavy weight broken line rectangles in FIG. 3 form part of the claimed design.

1 Claim, 3 Drawing Sheets
