(57) **CLAIM**

The ornamental design for a headlamp reflector, as shown and described.

DESCRIPTION

FIG. 1 a top perspective view of a headlamp reflector according to our new design;

FIG. 2 is a perspective view of the headlamp reflector of FIG. 1;

FIG. 3 is a front elevational view of the headlamp reflector of FIG. 1; and,

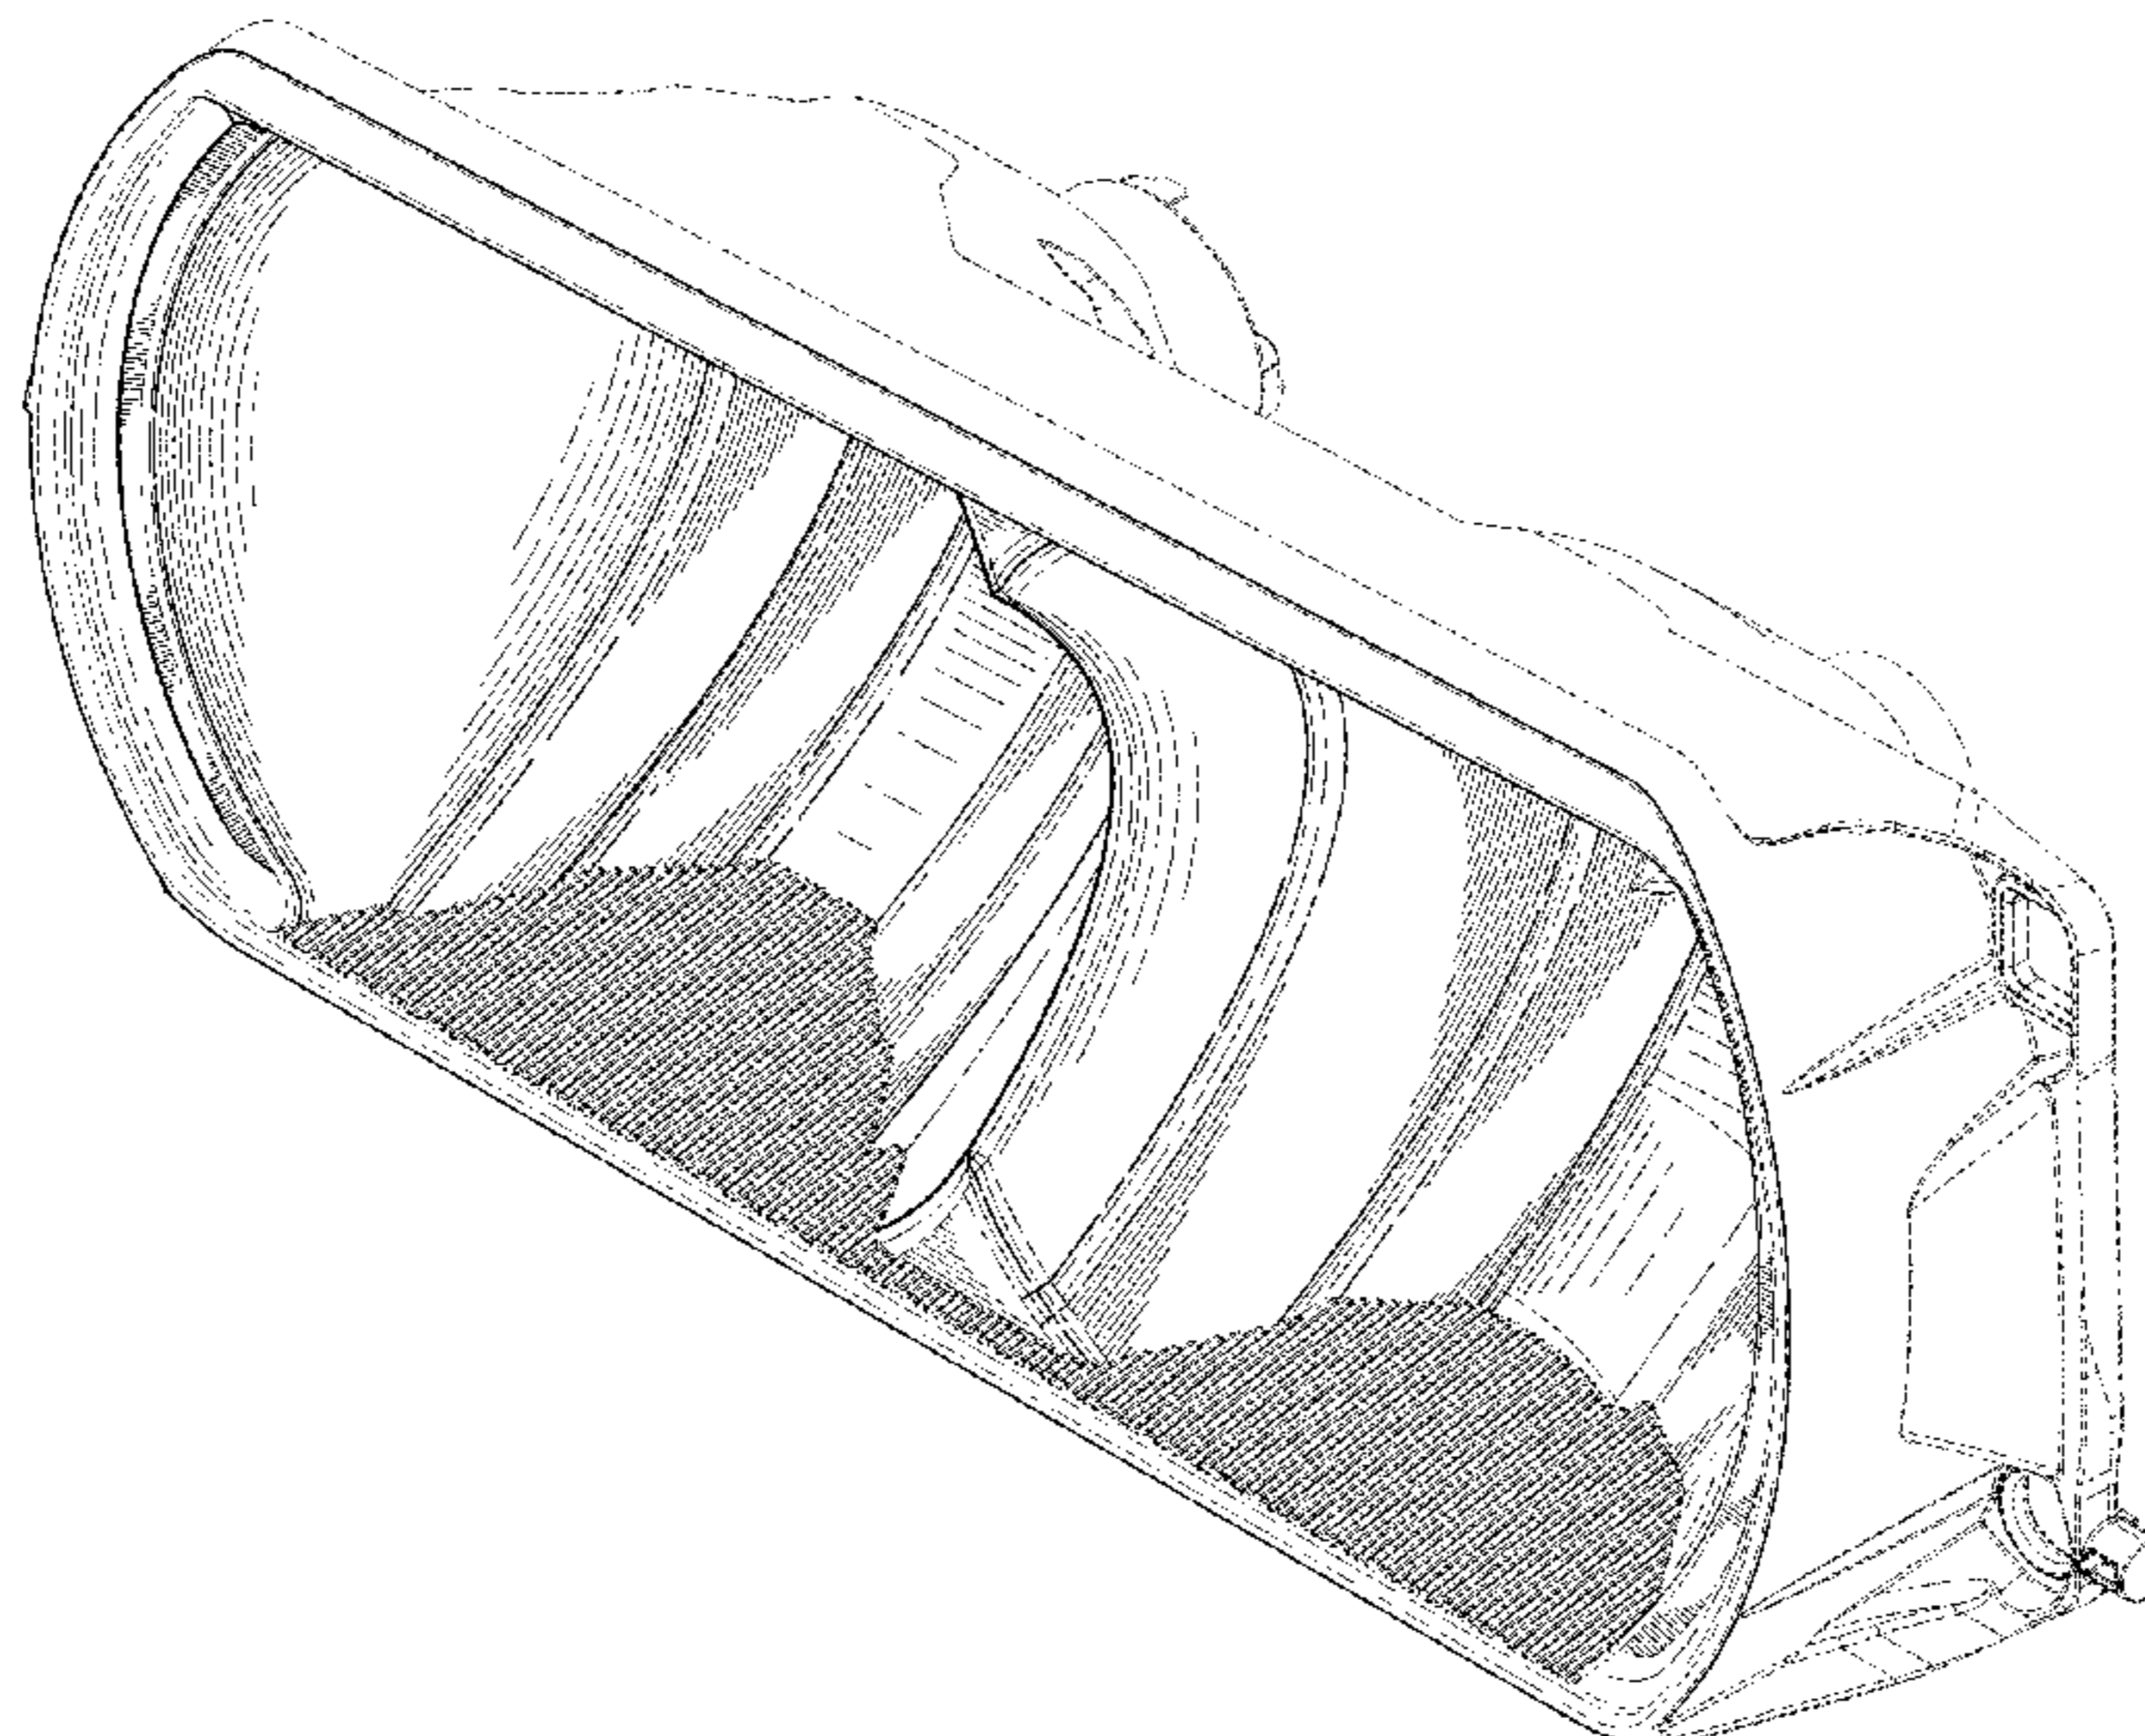

FIG. 4 is a left side elevational view of the headlamp reflector of FIG. 1.

The rear of the headlamp reflector is unornamented.

FIGS. 1-4 illustrate a first embodiment of our novel design for use on one side of a vehicle. Our novel design also includes a second embodiment suitable for use on the opposite side of a vehicle, which is mirror symmetrical to FIGS. 1-4 and therefore not separately illustrated.

The broken lines shown in the drawings illustrate portions of the headlamp reflector that form no part of the claimed design.
