(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a graphical user interface for messaging, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with a first embodiment of a graphical user interface for messaging showing the new design.

FIG. 2 is a front view of a display screen or portion thereof with a second embodiment of a graphical user interface for messaging showing the new design; and,

FIG. 3 is a front view of a display screen or portion thereof with a third embodiment of a graphical user interface for messaging showing the new design.

Within the drawings, the dotted lines, the dot-dash lines, and the areas within the dotted or dot-dash lines show unclaimed portions of the display screen, portions of the display screen, text, or graphical elements, and form no part of the claimed design.
