(57) **CLAIM**

The ornamental design for a case for electronic communications device, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a case for electronic communications device showing our new design; FIG. 2 is a rear perspective view thereof; FIG. 3 is front elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a left side elevational view thereof; FIG. 6 is a right side elevational view thereof; FIG. 7 is a top plan view thereof; FIG. 8 is a bottom plan view thereof; FIG. 9 is an exploded front perspective view of the case for electronic communications device with the components of the case shown separated for clarity of disclosure; and, FIG. 10 is an exploded rear perspective view thereof with the components shown separated for clarity of disclosure. Although the case for electronic communications device, in which the claimed design is embodied, consists of an inner shell component and an outer frame component, the claim is directed to the ornamental appearance of the case for electronic communications device in its entirety and does not extend to the ornamental appearance of each of the individual components of the case for electronic communications device.

The interior of the case shown in FIGS. 1, 3, and 9 forms no part of the claimed design.

The broken lines throughout the drawing figures depict portions of the case for electronic communications device that form no part of the claimed design. The broken lines and regions bounded by broken lines form no part of the claimed design.
