(57) **CLAIM**

The ornamental design for a virtual reality and augmented reality headset with polarizing filters, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a virtual reality and augmented reality headset with polarizing filters.  
FIG. 2 is a rear view of a virtual reality and augmented reality headset with polarizing filters.  
FIG. 3 is a top view of a virtual reality and augmented reality headset with polarizing filters.  
FIG. 4 is a front view of a virtual reality and augmented reality headset with polarizing filters.  
FIG. 5 is a bottom view of a virtual reality and augmented reality headset with polarizing filters.  
FIG. 6 is an enlarged side view of a virtual reality and augmented reality headset with polarizing filters; and,  
FIG. 7 is an enlarged side view of a virtual reality and augmented reality headset with polarizing filters.  
The dashed broken lines in the Figures form no part of the claimed design. The straps have been removed in certain views for illustration purposes.
