(57) **CLAIM**

The ornamental design for a computer screen display or a
portion thereof with graphical user interface, as shown and
described.

DESCRIPTION

The patent or application file contains at least one drawing
executed in color. Copies of this patent or patent application
publication with color drawing(s) will be provided by the
Office upon request and payment of the necessary fee.

The FIGURE is a front view of a computer screen display or
portion thereof with graphical user interface showing the
new design.

The outermost broken line illustrates the display screen, and
the broken line showing of text, square-shaped boxes, and
rectangular boxes within the outermost broken line illus-
trates portions of the graphical user interface. None of the
broken lines form part of the claimed design.
