(57) **CLAIM**

The ornamental design for a display screen or portion thereof with an animated graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

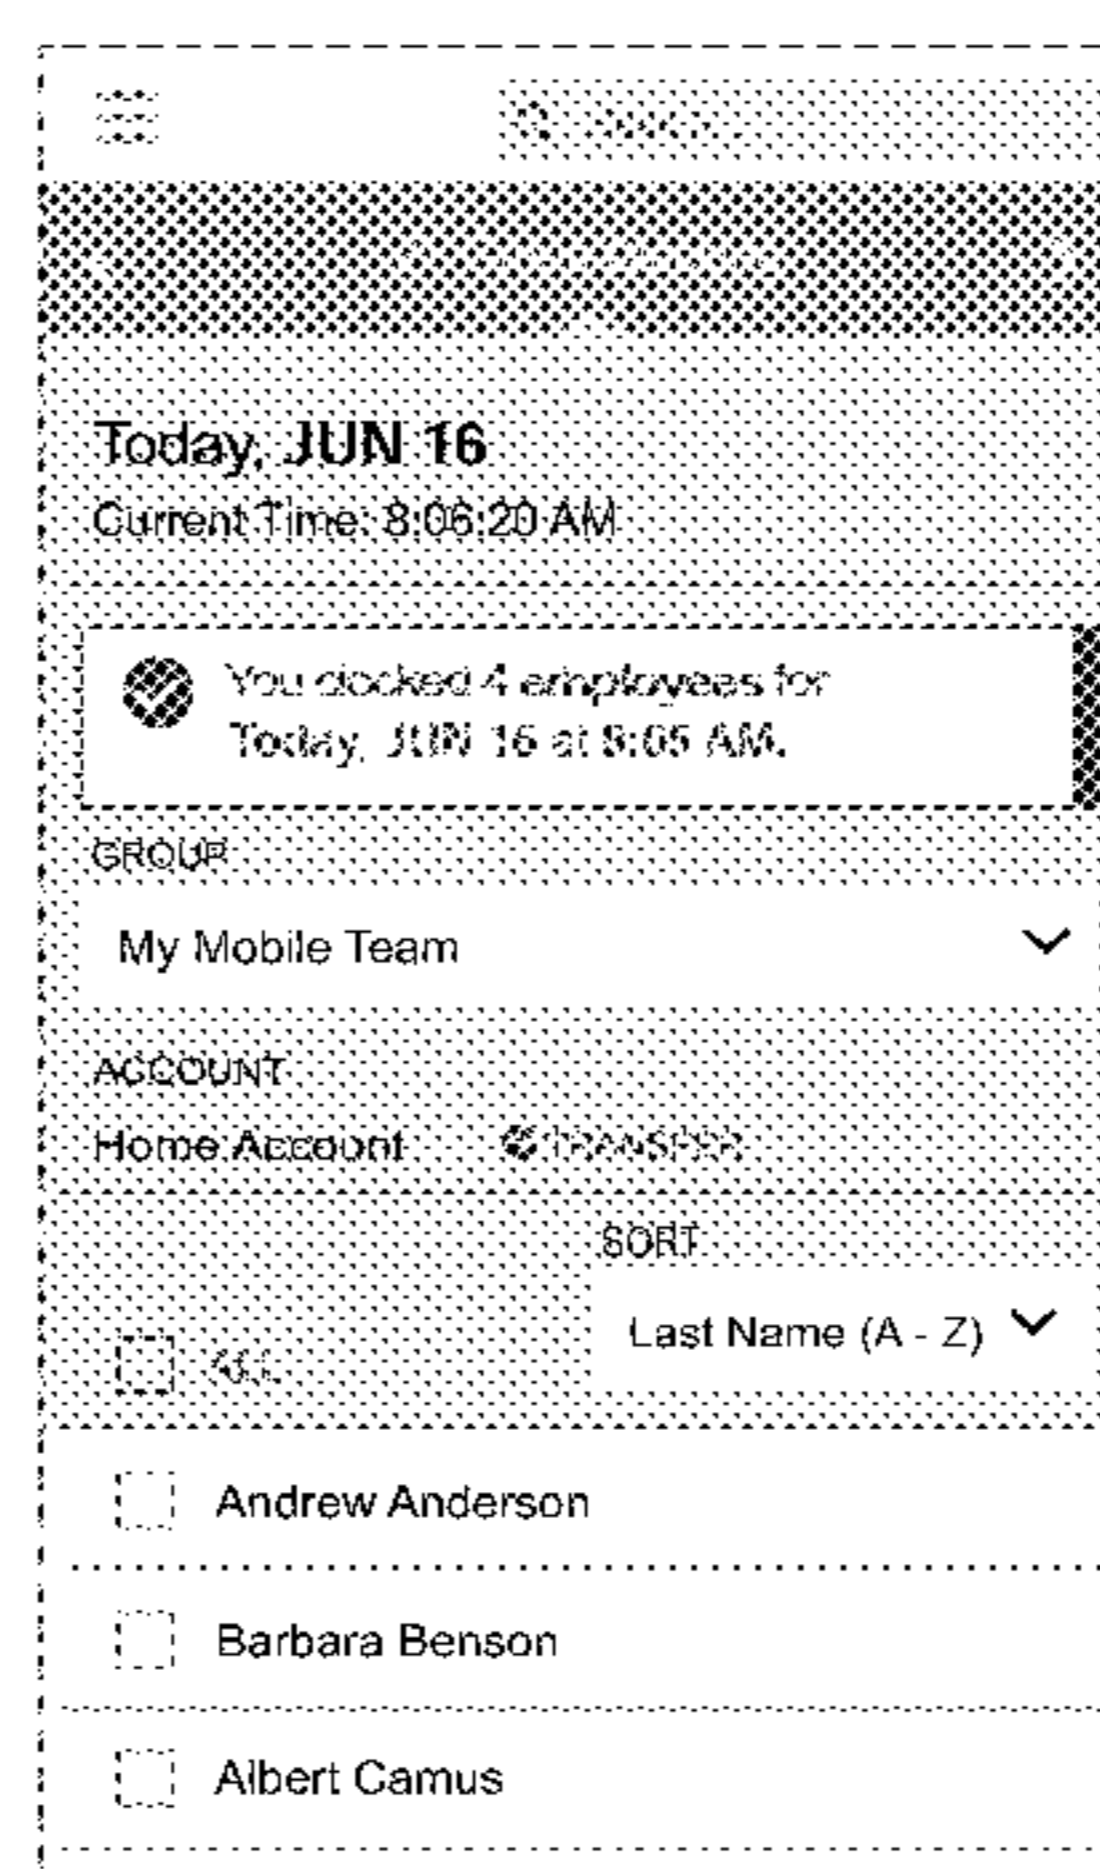

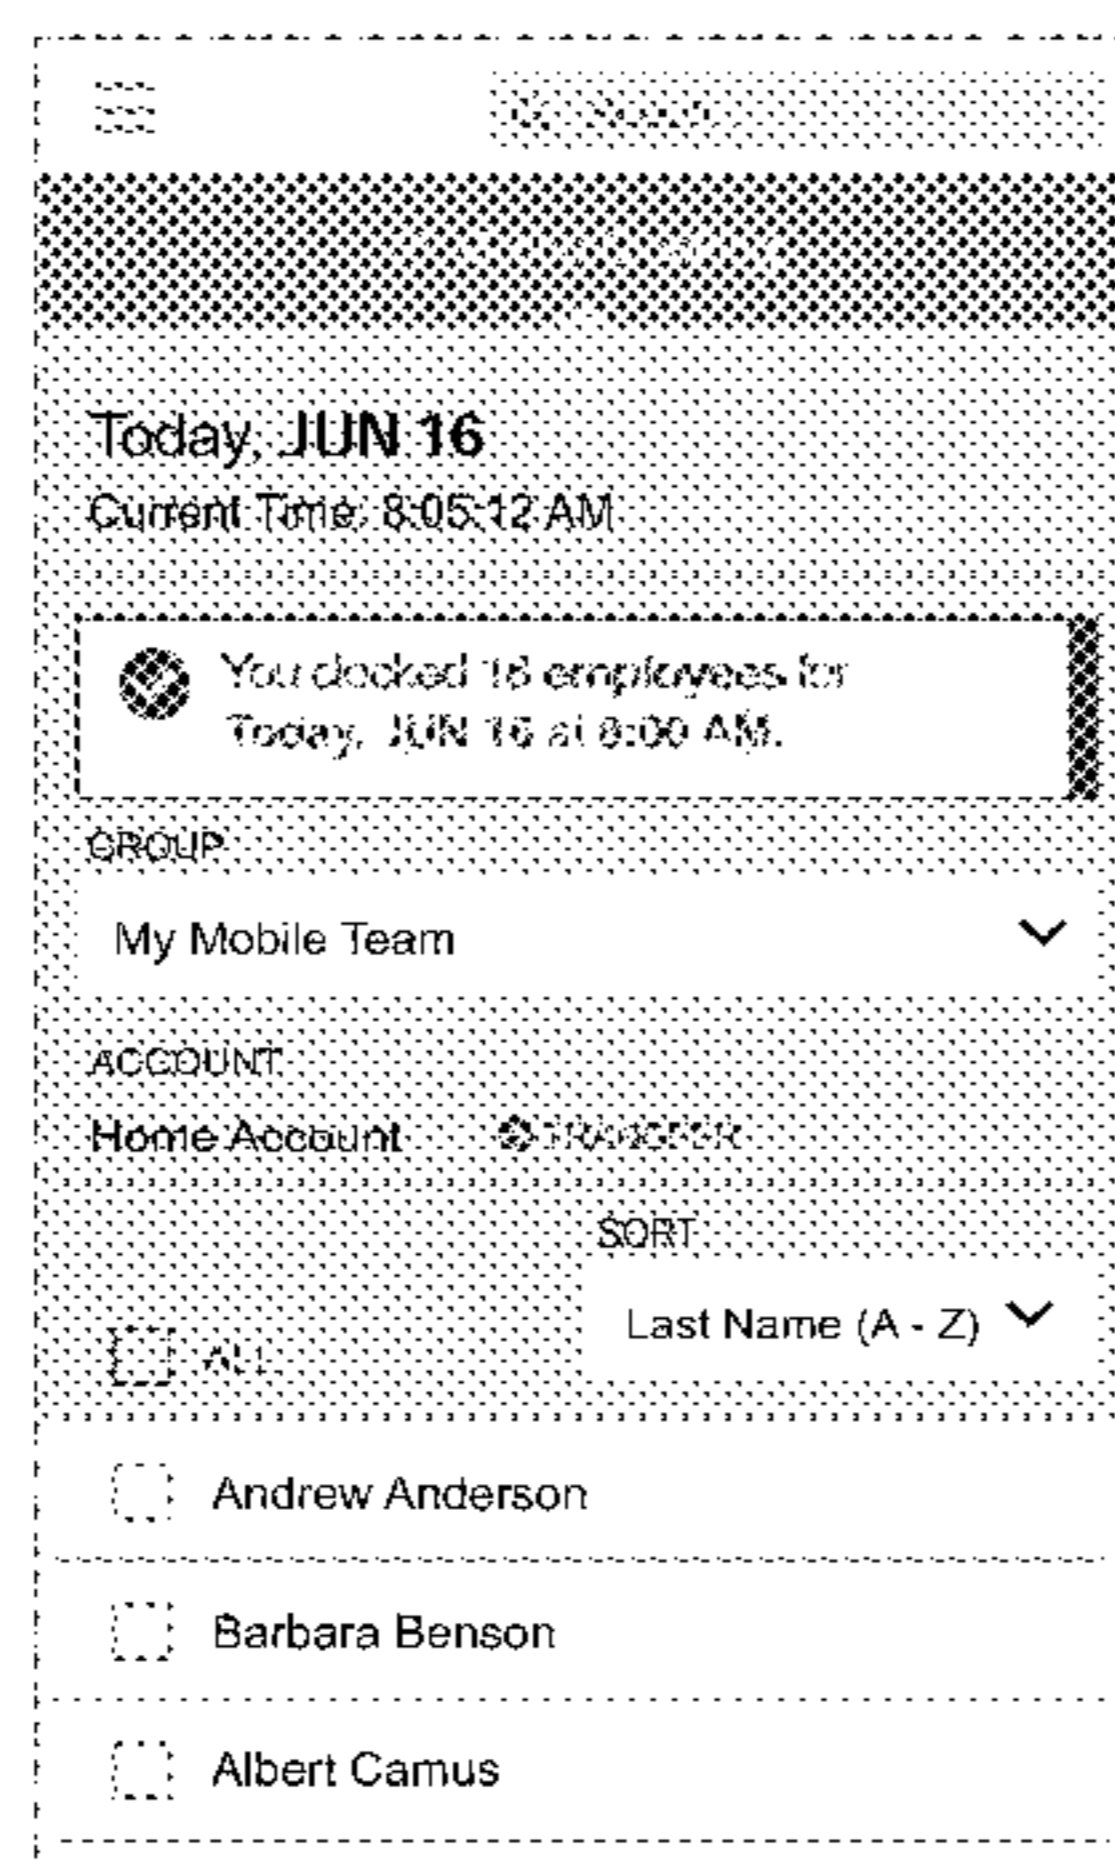

FIG. 1 is a first view of a display screen or a portion thereof with an animated graphical user interface;

FIG. 2 is a second view of a display screen or a portion thereof with an animated graphical user interface; and,

FIG. 3 is a third view of a display screen or a portion thereof with an animated graphical user interface.

The broken line showing of a display screen or portion thereof is for the purpose of illustrating environment and forms no part of the claimed design. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
