(57) **CLAIM**

The ornamental design for a footrest for a balance bicycle, as shown and described.

DESCRIPTION

FIG. 1 is a top, rear, and right side perspective view of a footrest for a balance bicycle showing my new design; FIG. 2 is top plan view thereof; FIG. 3 is a bottom, front, and right side perspective view thereof; FIG. 4 is a bottom, rear, and left side perspective view thereof; FIG. 5 is a bottom plan view thereof; FIG. 6 is a left side elevation view thereof; FIG. 7 is a right side elevation view thereof; FIG. 8 is a front elevation view thereof; FIG. 9 is a rear elevation view thereof; and, FIG. 10 is a top, front, and left side perspective view thereof as installed on an exemplary balance bicycle.

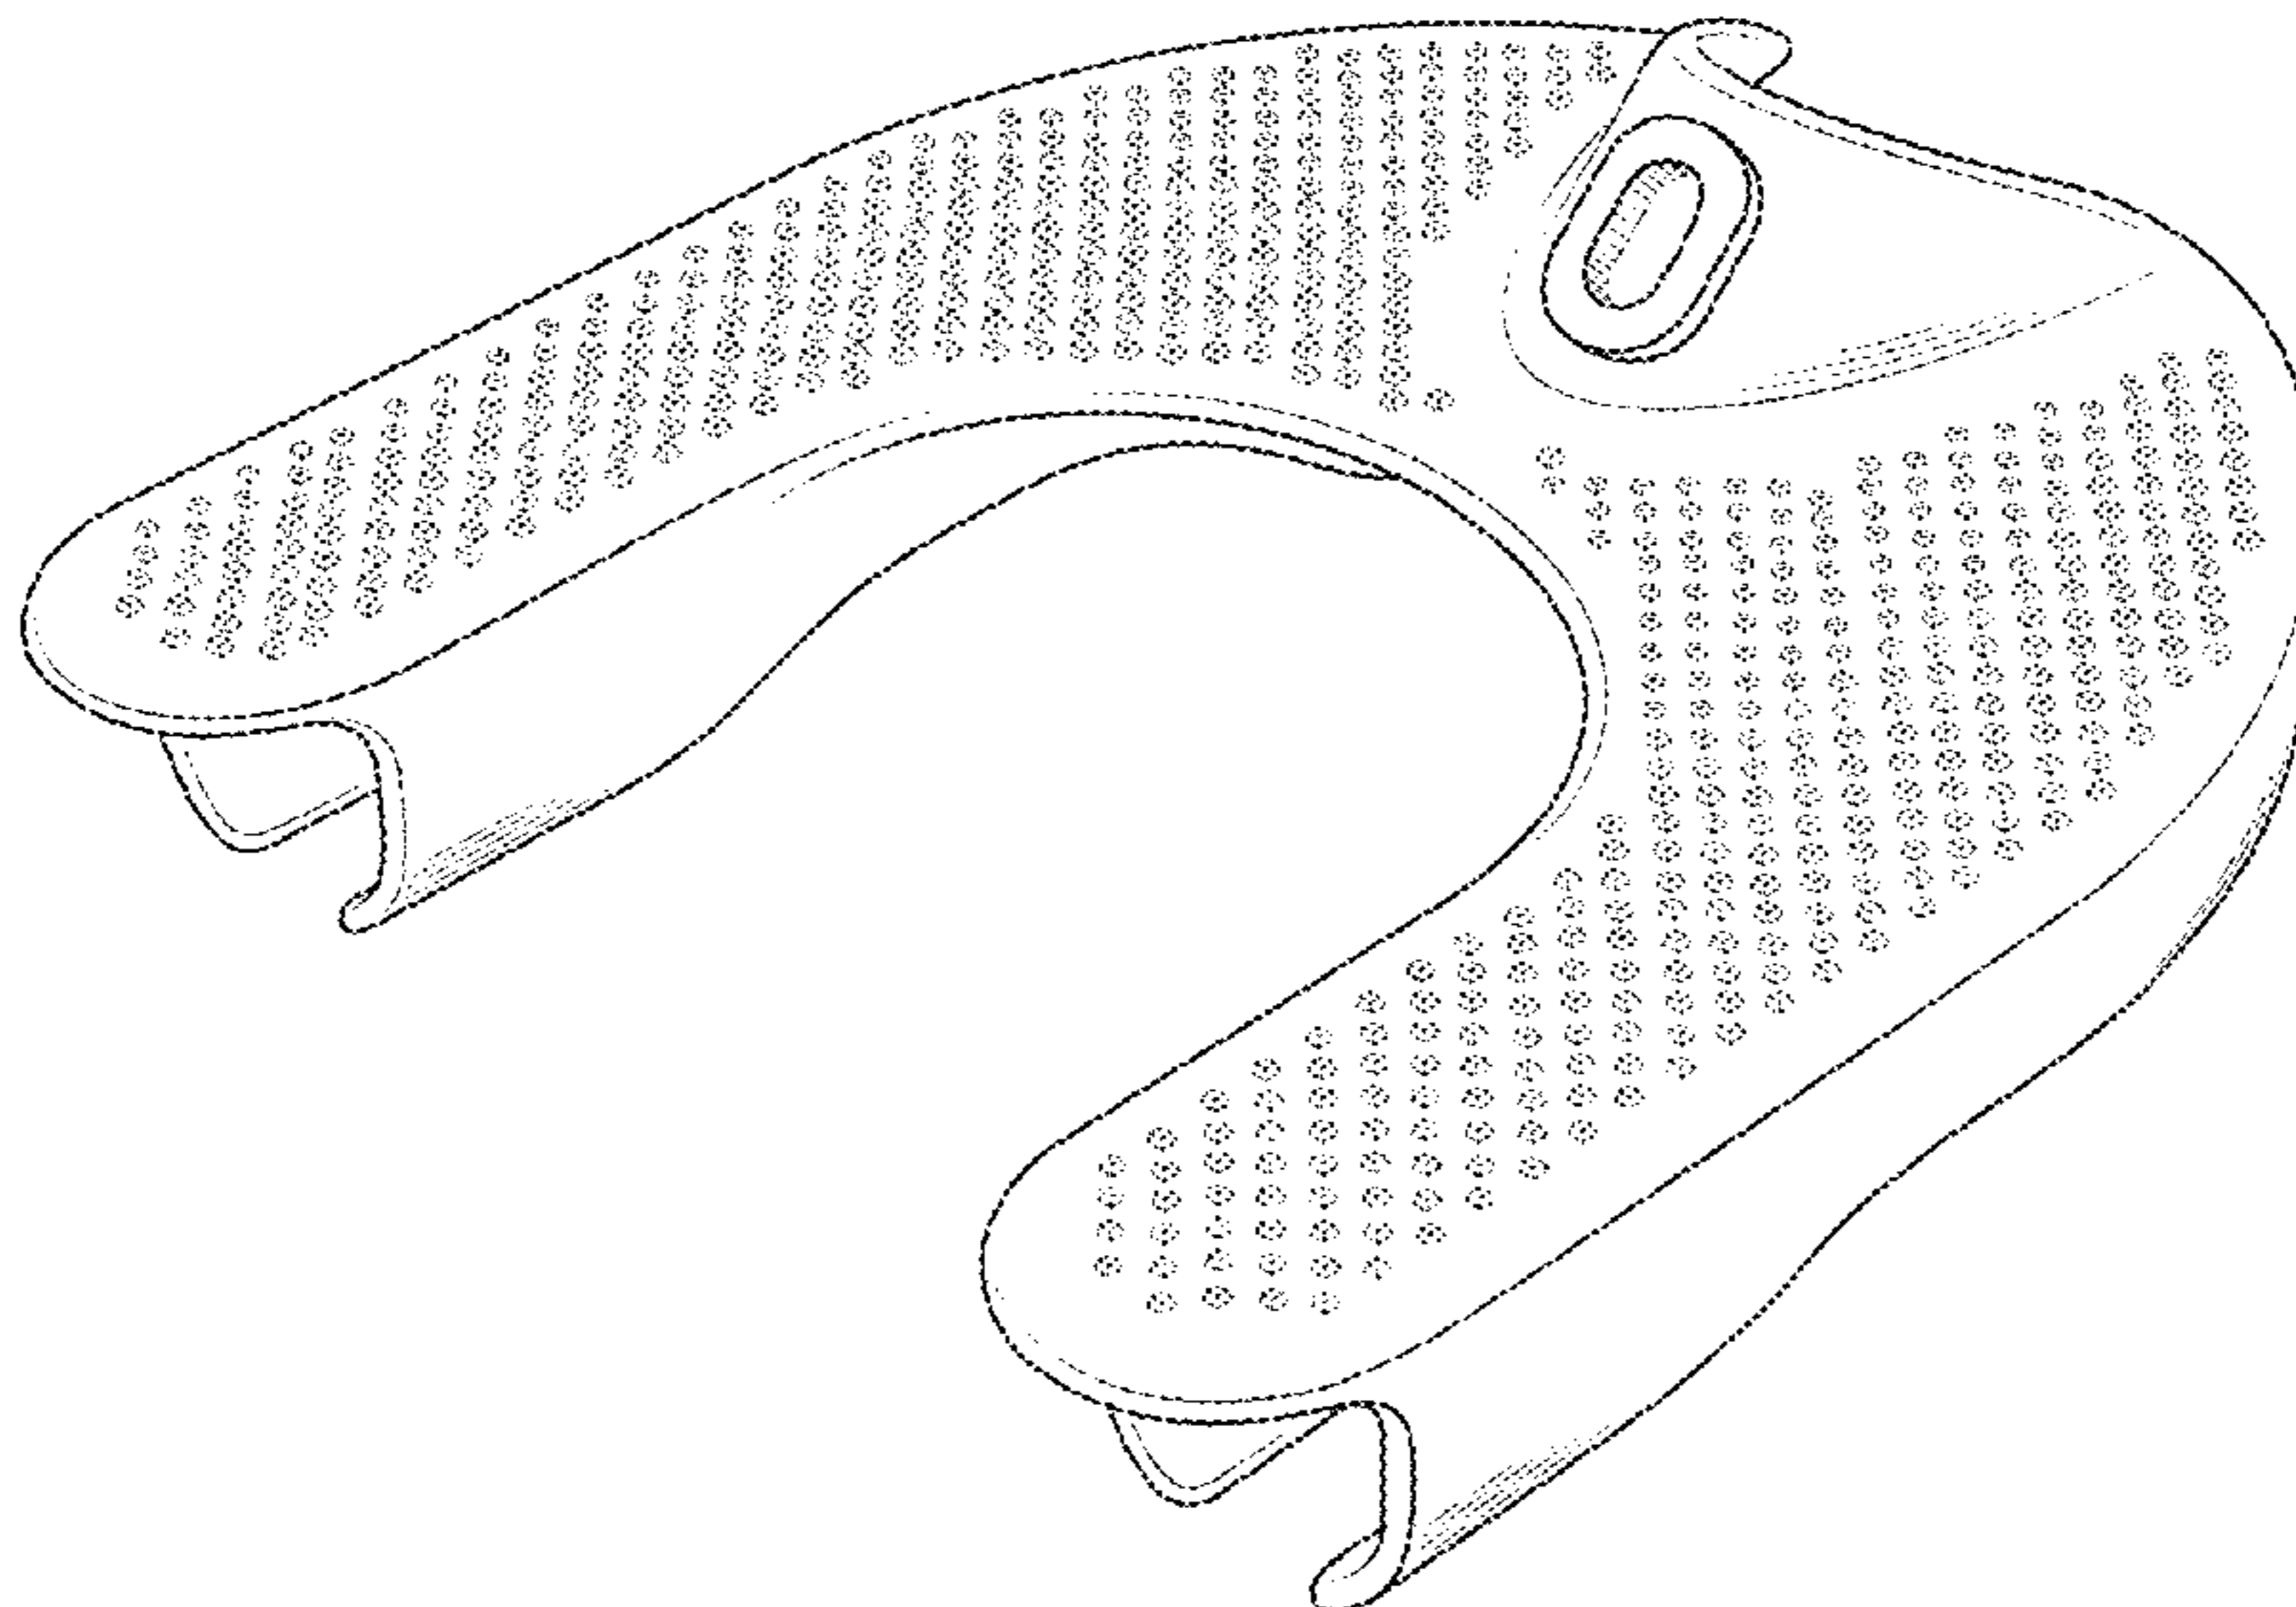

The broken lines showing a portion of a balance bicycle is provided for the purpose of illustrating environmental structure; whereas the broken lines showing the patterned tread elements on the top surface of the footrest illustrate portions of the article. Neither the broken line showings of the balance bicycle portions nor of the patterned tread elements form part of the claimed design.
