(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of the display screen or portion thereof with a graphical user interface; FIG. 2 is a front view of a second embodiment of the display screen or portion thereof with a graphical user interface; FIG. 3 is a front view of a third embodiment of the display screen or portion thereof with a graphical user interface; FIG. 4 is a front view of a fourth embodiment of the display screen or portion thereof with a graphical user interface; FIG. 5 is a front view of a fifth embodiment of the display screen or portion thereof with a graphical user interface; and, FIG. 6 is a front view of a sixth embodiment of the display screen or portion thereof with a graphical user interface. The outermost broken line perimeter illustrates the display screen or portion thereof and the broken lines within the outermost perimeter illustrates portions of the graphical user interface. All subject matter shown in broken lines in the drawings, including the matter depicted in heavy broken lines in the upper right corner, illustrate portions of the article and forms no part of the claimed design.
