(57) **CLAIM**

The ornamental design for a light for attachment to a remote control, as shown and described.

**DESCRIPTION**

FIGS. 1-5 are perspective views of an illumination device for remote control devices showing our new design; FIG. 6 is a front view of the illumination device for remote control devices of FIGS. 1-5. FIG. 7 is a top view of the illumination device for remote control devices of FIGS. 1-5. FIG. 8 is a bottom view of the illumination device for remote control devices of FIGS. 1-5. FIG. 9 is an elevational end view of the illumination device for remote control devices from the left-hand side of FIG. 6; and, FIG. 10 is an elevational end view of the illumination device for remote control devices taken from the right-hand side of FIG. 6.
