(57) **CLAIM**

The ornamental design for a computer display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

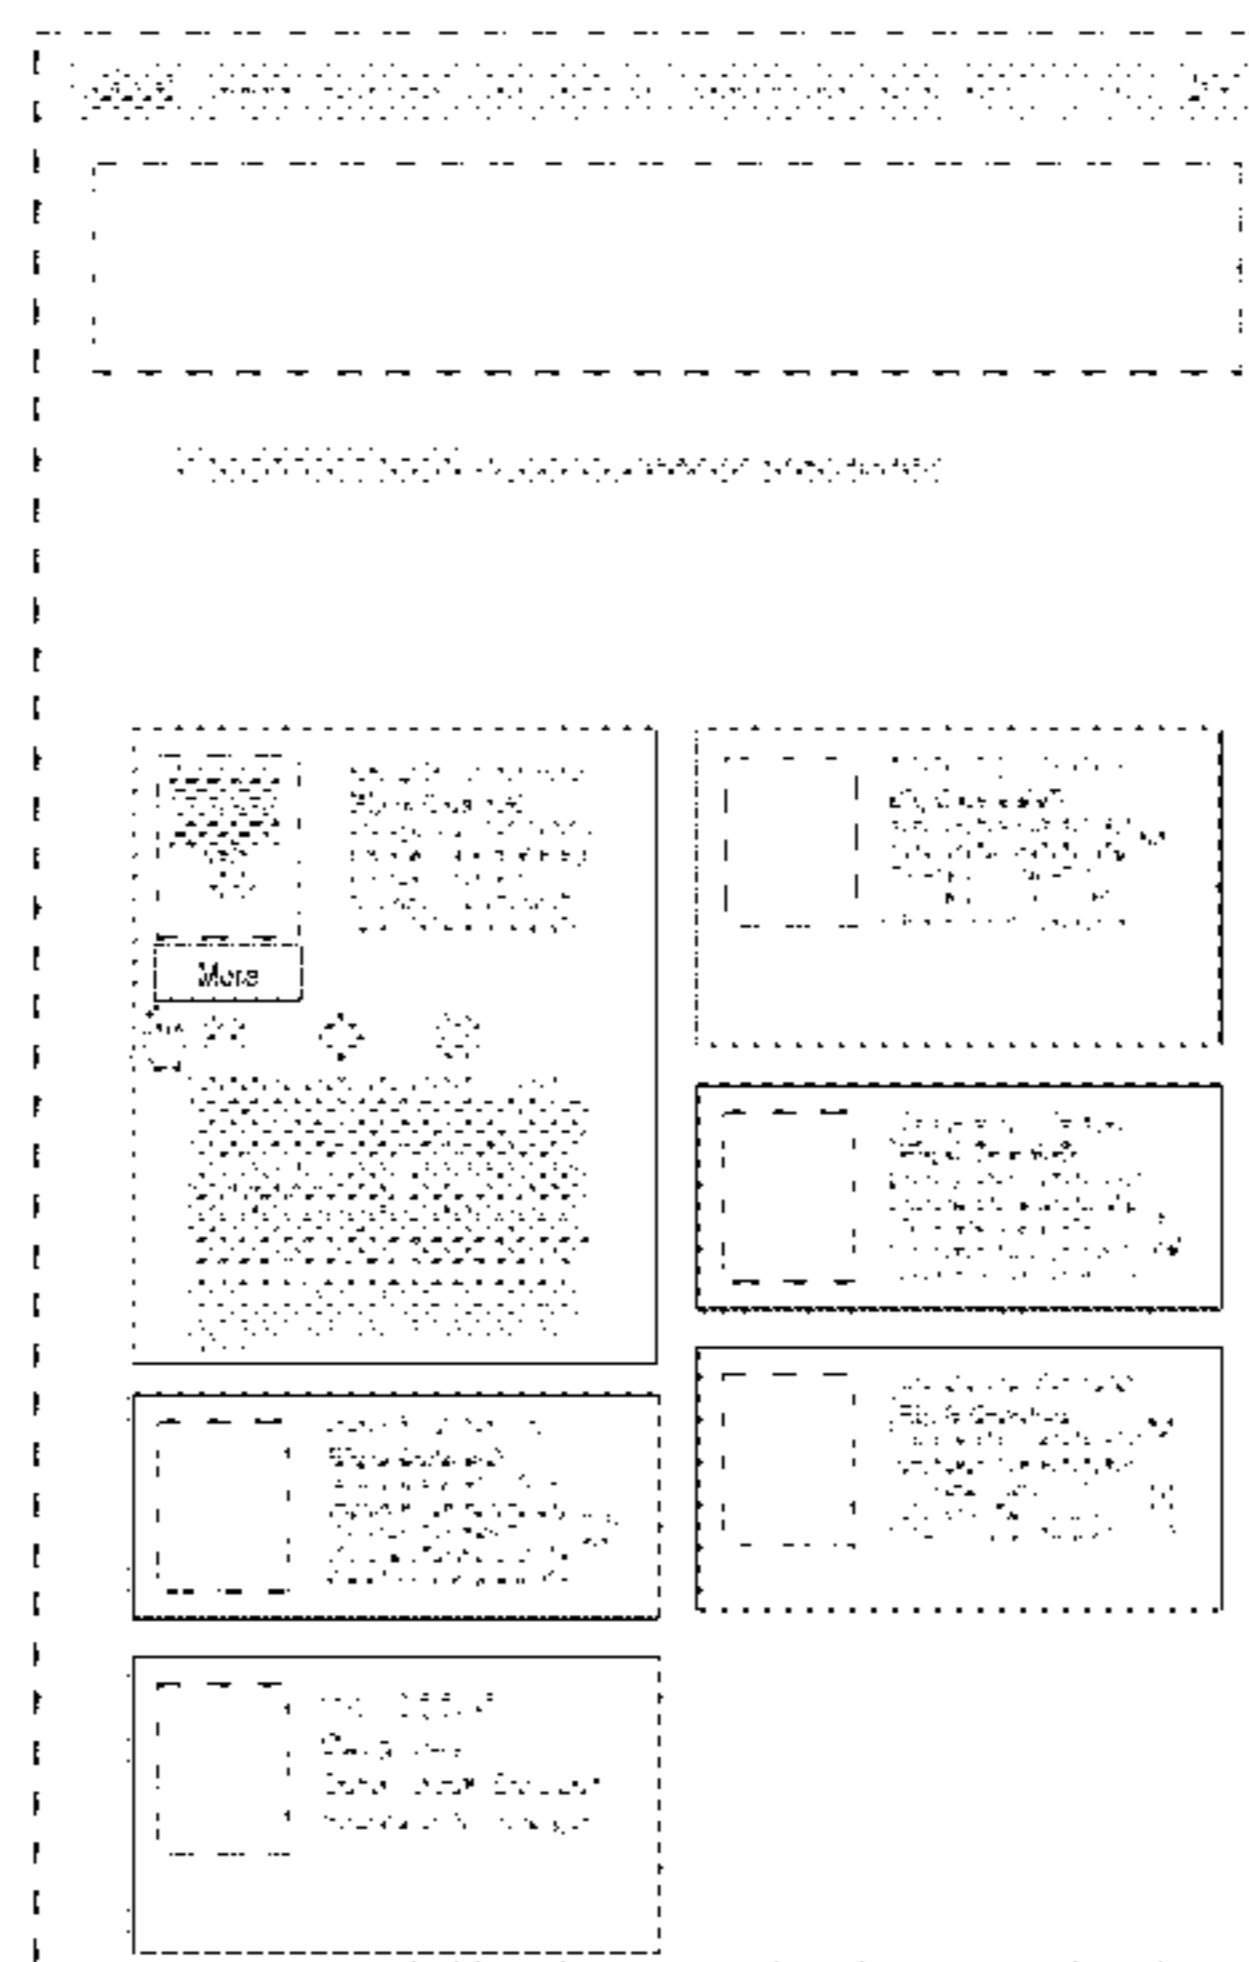

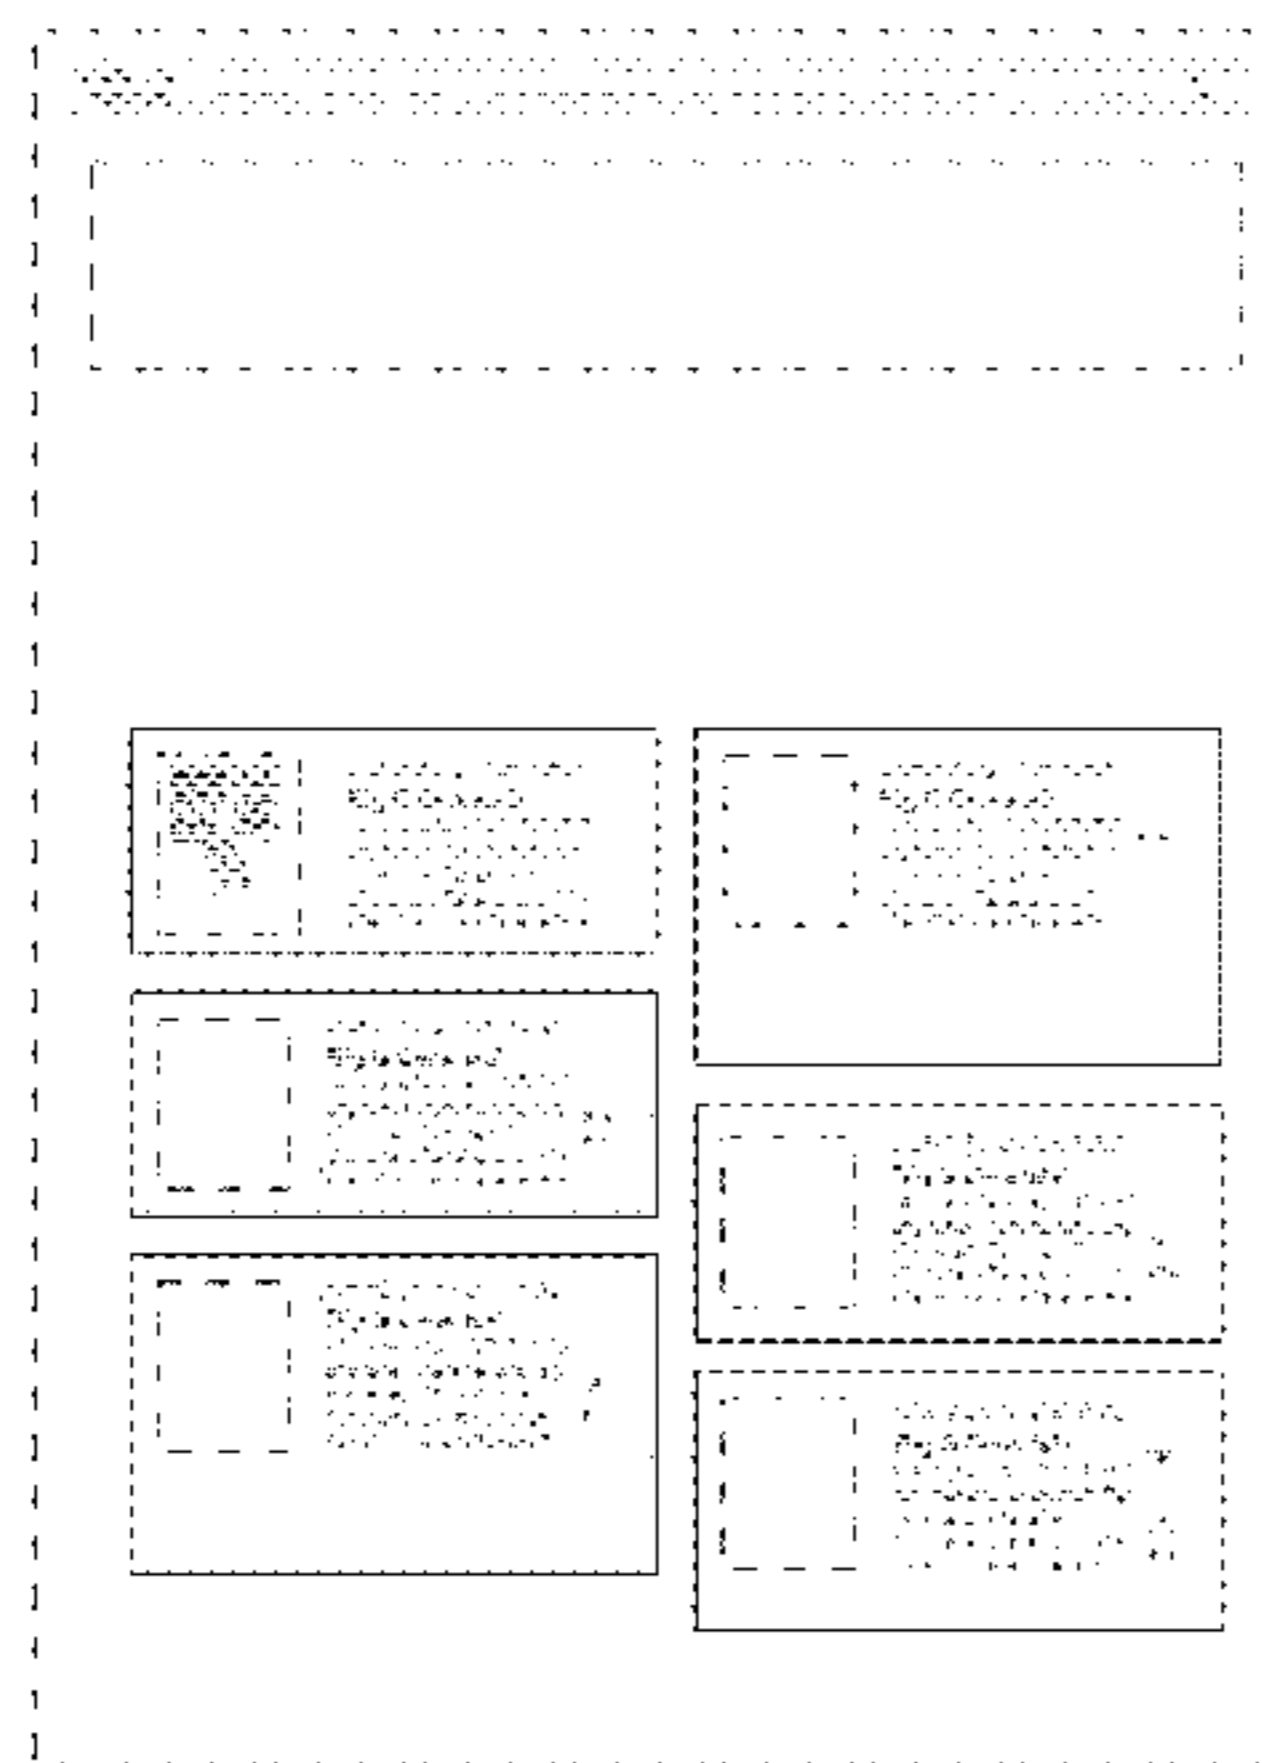

FIG. 1 is a front view of a first image in the sequence for a computer display screen or portion thereof with animated graphical user interface;

FIG. 2 is a front view of a second image thereof; and,

FIG. 3 is a front view of a third image thereof.

The outer-most, broken line rectangle representing the display screen or portion thereof, the broken line showing coupon text and product images, and all other broken lines representing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design. The text "More" in FIGS. 2-3 is shown in solid lines and forms part of the claimed design. The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process or period in which an image transitions to another forms no part of the claimed design.

1 Claim, 3 Drawing Sheets
