(57) **CLAIM**

The ornamental design for a license plate frame, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front view showing our new design for a license plate frame.
FIG. 2 is a back of the license plate frame shown in FIG. 1.
FIG. 3 is a top view of the license plate frame of the present invention.
FIG. 4 is a bottom view of the license plate frame of the present invention.
FIG. 5 is a left view of the license plate frame of the present invention.
FIG. 6 is a right view of the license plate frame of the present invention.
FIG. 7 is a perspective back view of the license plate frame of the present invention; and,
FIG. 8 is perspective front view of the license plate frame of the present invention shown holding a license plate.
The license plate is shown in dotted lines and does not form a part of the invention claimed herein.
