(57) **CLAIM**

The ornamental design for an extension pole extension control housing for a paint roller, as shown and described.

**DESCRIPTION**

FIG. 1 is a side perspective view of an extension pole extension control housing for a paint roller;

FIG. 2 is an exploded view of the extension pole extension control housing for a paint roller;

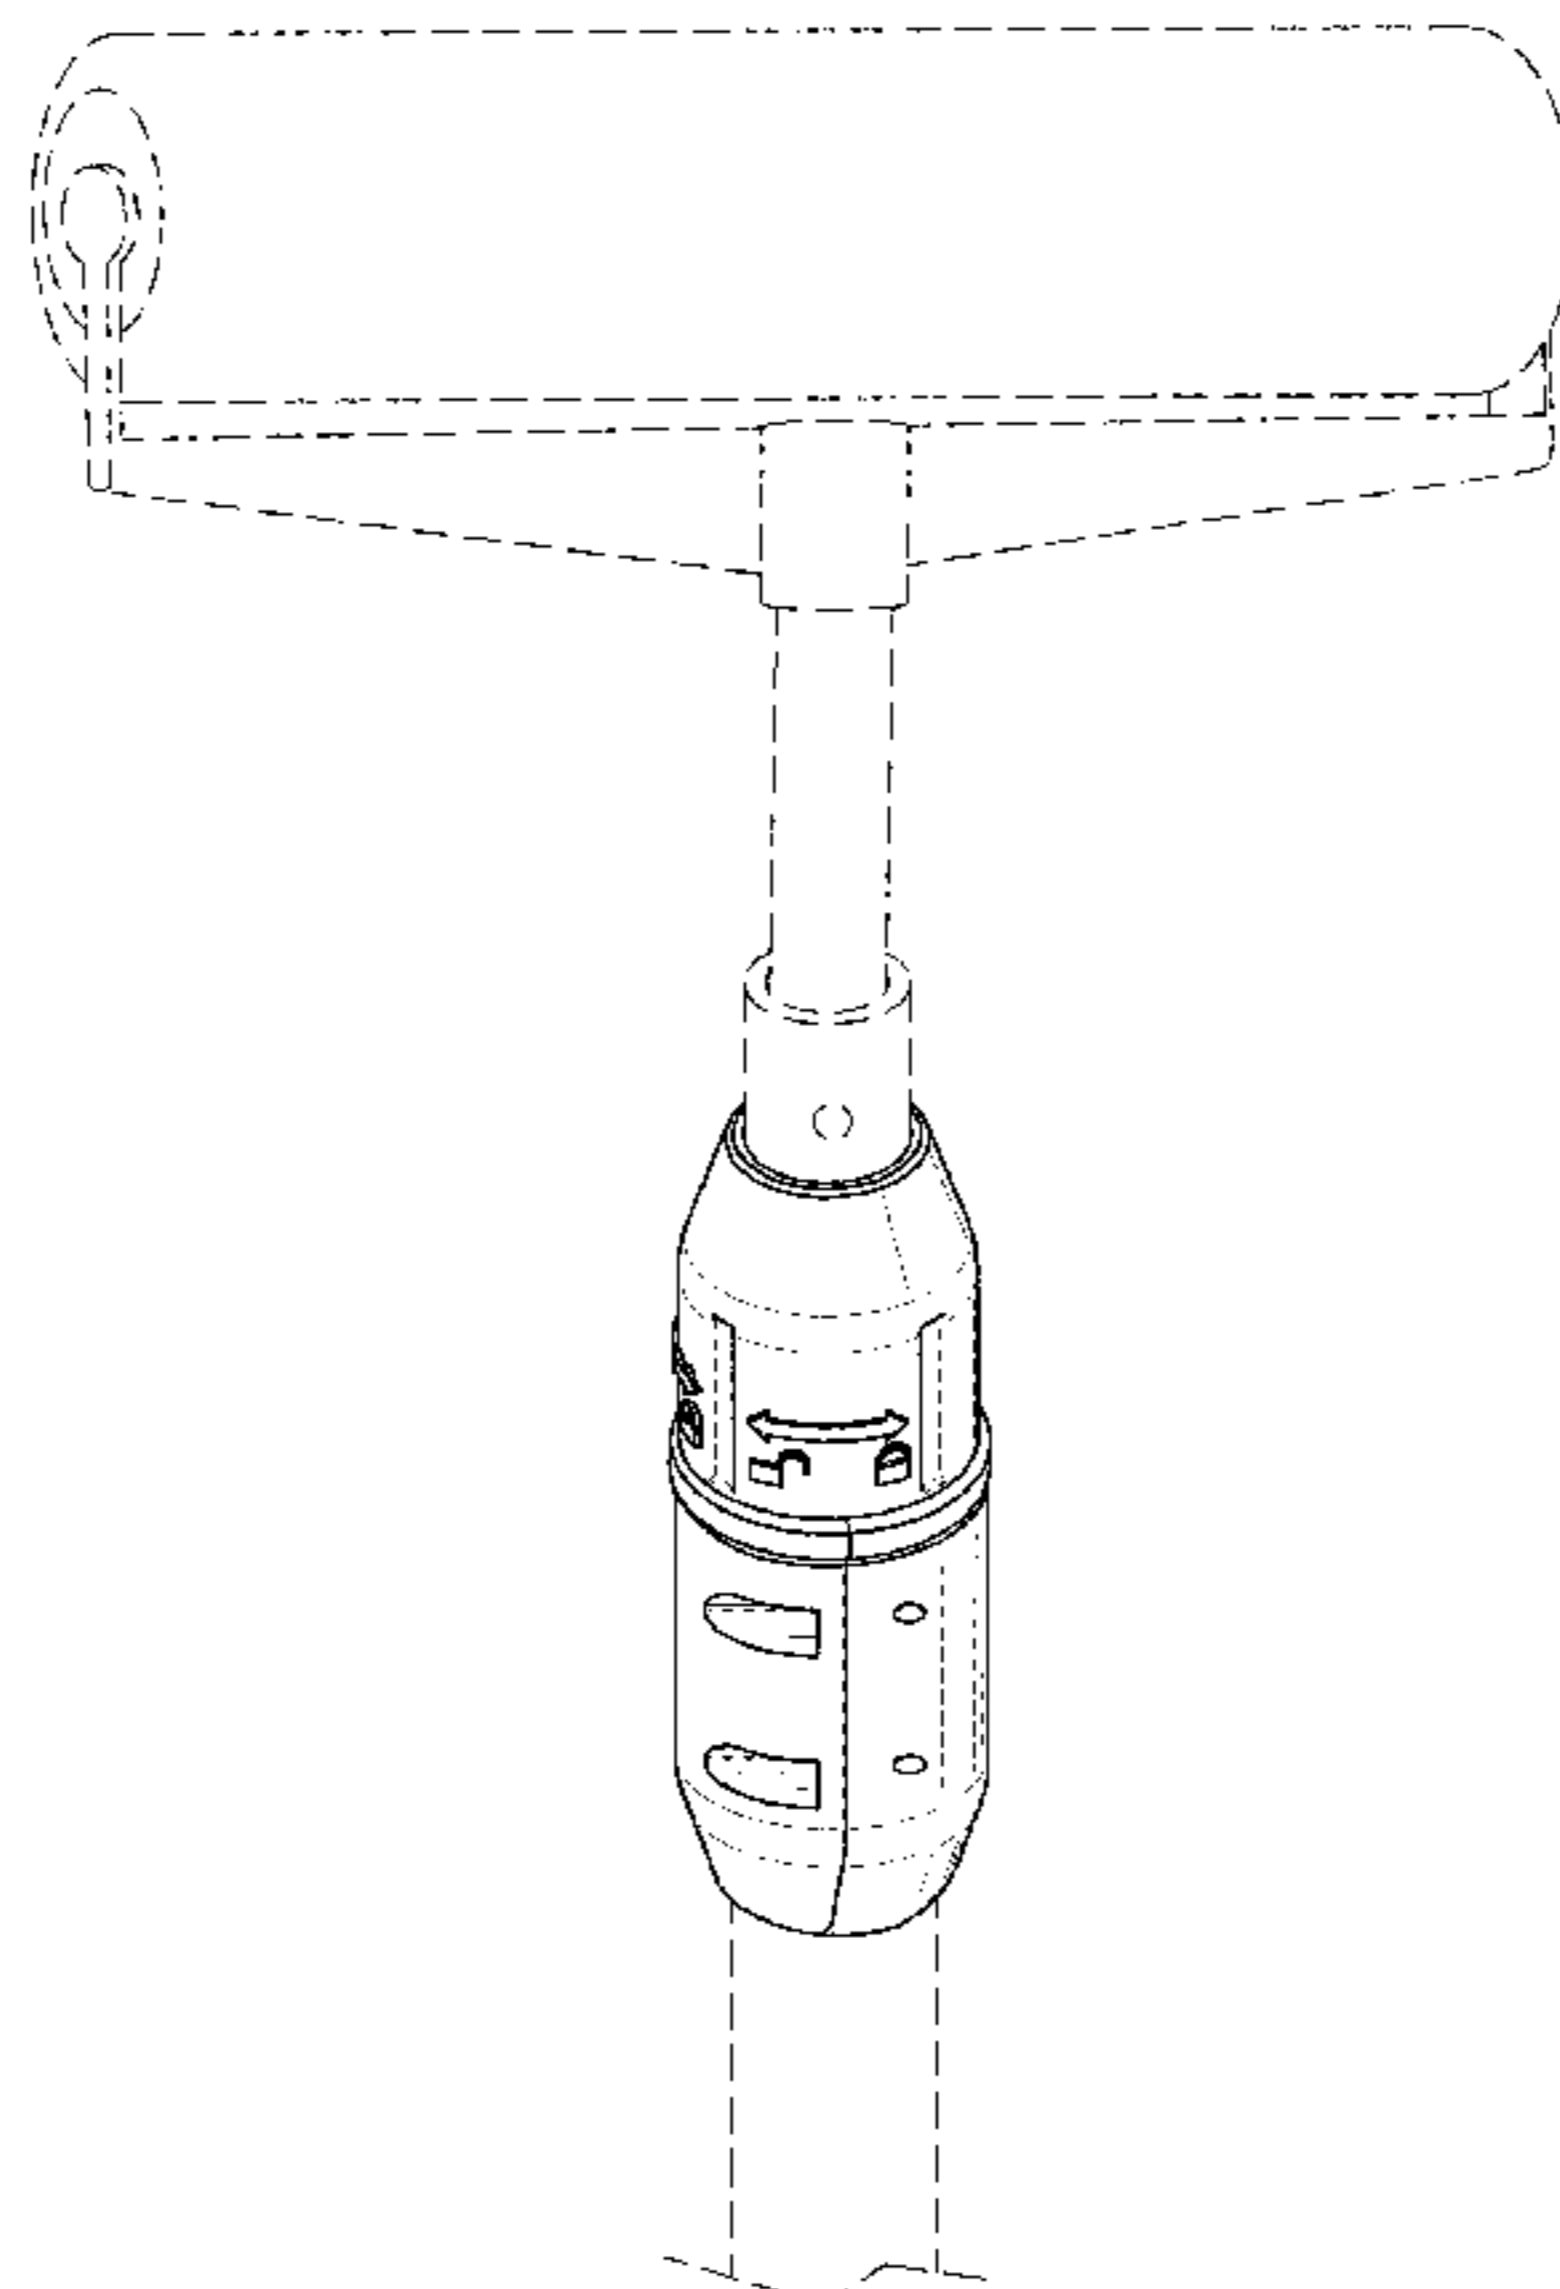

FIG. 3 is a back view of a first half of the lower housing portion for the extension pole extension control housing for a paint roller as shown in the lower right corner of FIG. 2; FIG. 4 is a perspective view of a second half of the lower housing portion for the extension pole extension control housing for a paint roller as shown in the lower left corner of FIG. 2;

FIG. 5 is perspective view of the second half of the lower housing portion for the extension pole extension control housing for a paint roller rotated at a different angle from that which is shown within FIG. 4; and,

FIG. 6 is a perspective view of an end cap shown in FIG. 2 for the extension pole extension control housing for a paint roller.

The broken lines depict portions of the extension pole extension control housing for a paint roller in which the design is embodied that are not considered part of the claimed design. The broken line showing of the paint roller is provided for purposes of environment and forms no part of the claimed design.
