(57) **CLAIM**

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire including the tire tread of the present application;
FIG. 2 is a front view thereof;
FIG. 3 is a side view thereof;
FIG. 4 is an enlarged partial, perspective view thereof;
FIG. 5 is an enlarged partial, front view thereof; and,
FIG. 6 is an enlarged partial, side view thereof.
The broken lines, the region between the broken line showings of the inner bead and the sidewall, and the broken line showing of the mold parting line that extends circumferentially in the center of the tire tread illustrated in FIGS. 1, 2, 4, and 5, depict subject matter that forms no part of the claimed tire tread design, and are included for the purpose of illustrating the full tire. The tread pattern is understood to repeat throughout the circumference of the tire. The other side view is identical to the illustrated side views of FIGS. 3 and 6.
