(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface for video player, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image in a sequence for a display screen with animated graphical user interface for video player;

FIG. 2 is a front view of the second image;

FIG. 3 is a front view of the third image;

FIG. 4 is a front view of the fourth image;

FIG. 5 is a front view of the fifth image;

FIG. 6 is a front view of the sixth image;

FIG. 7 is a front view of the seventh image;

FIG. 8 is a front view of the eighth image;

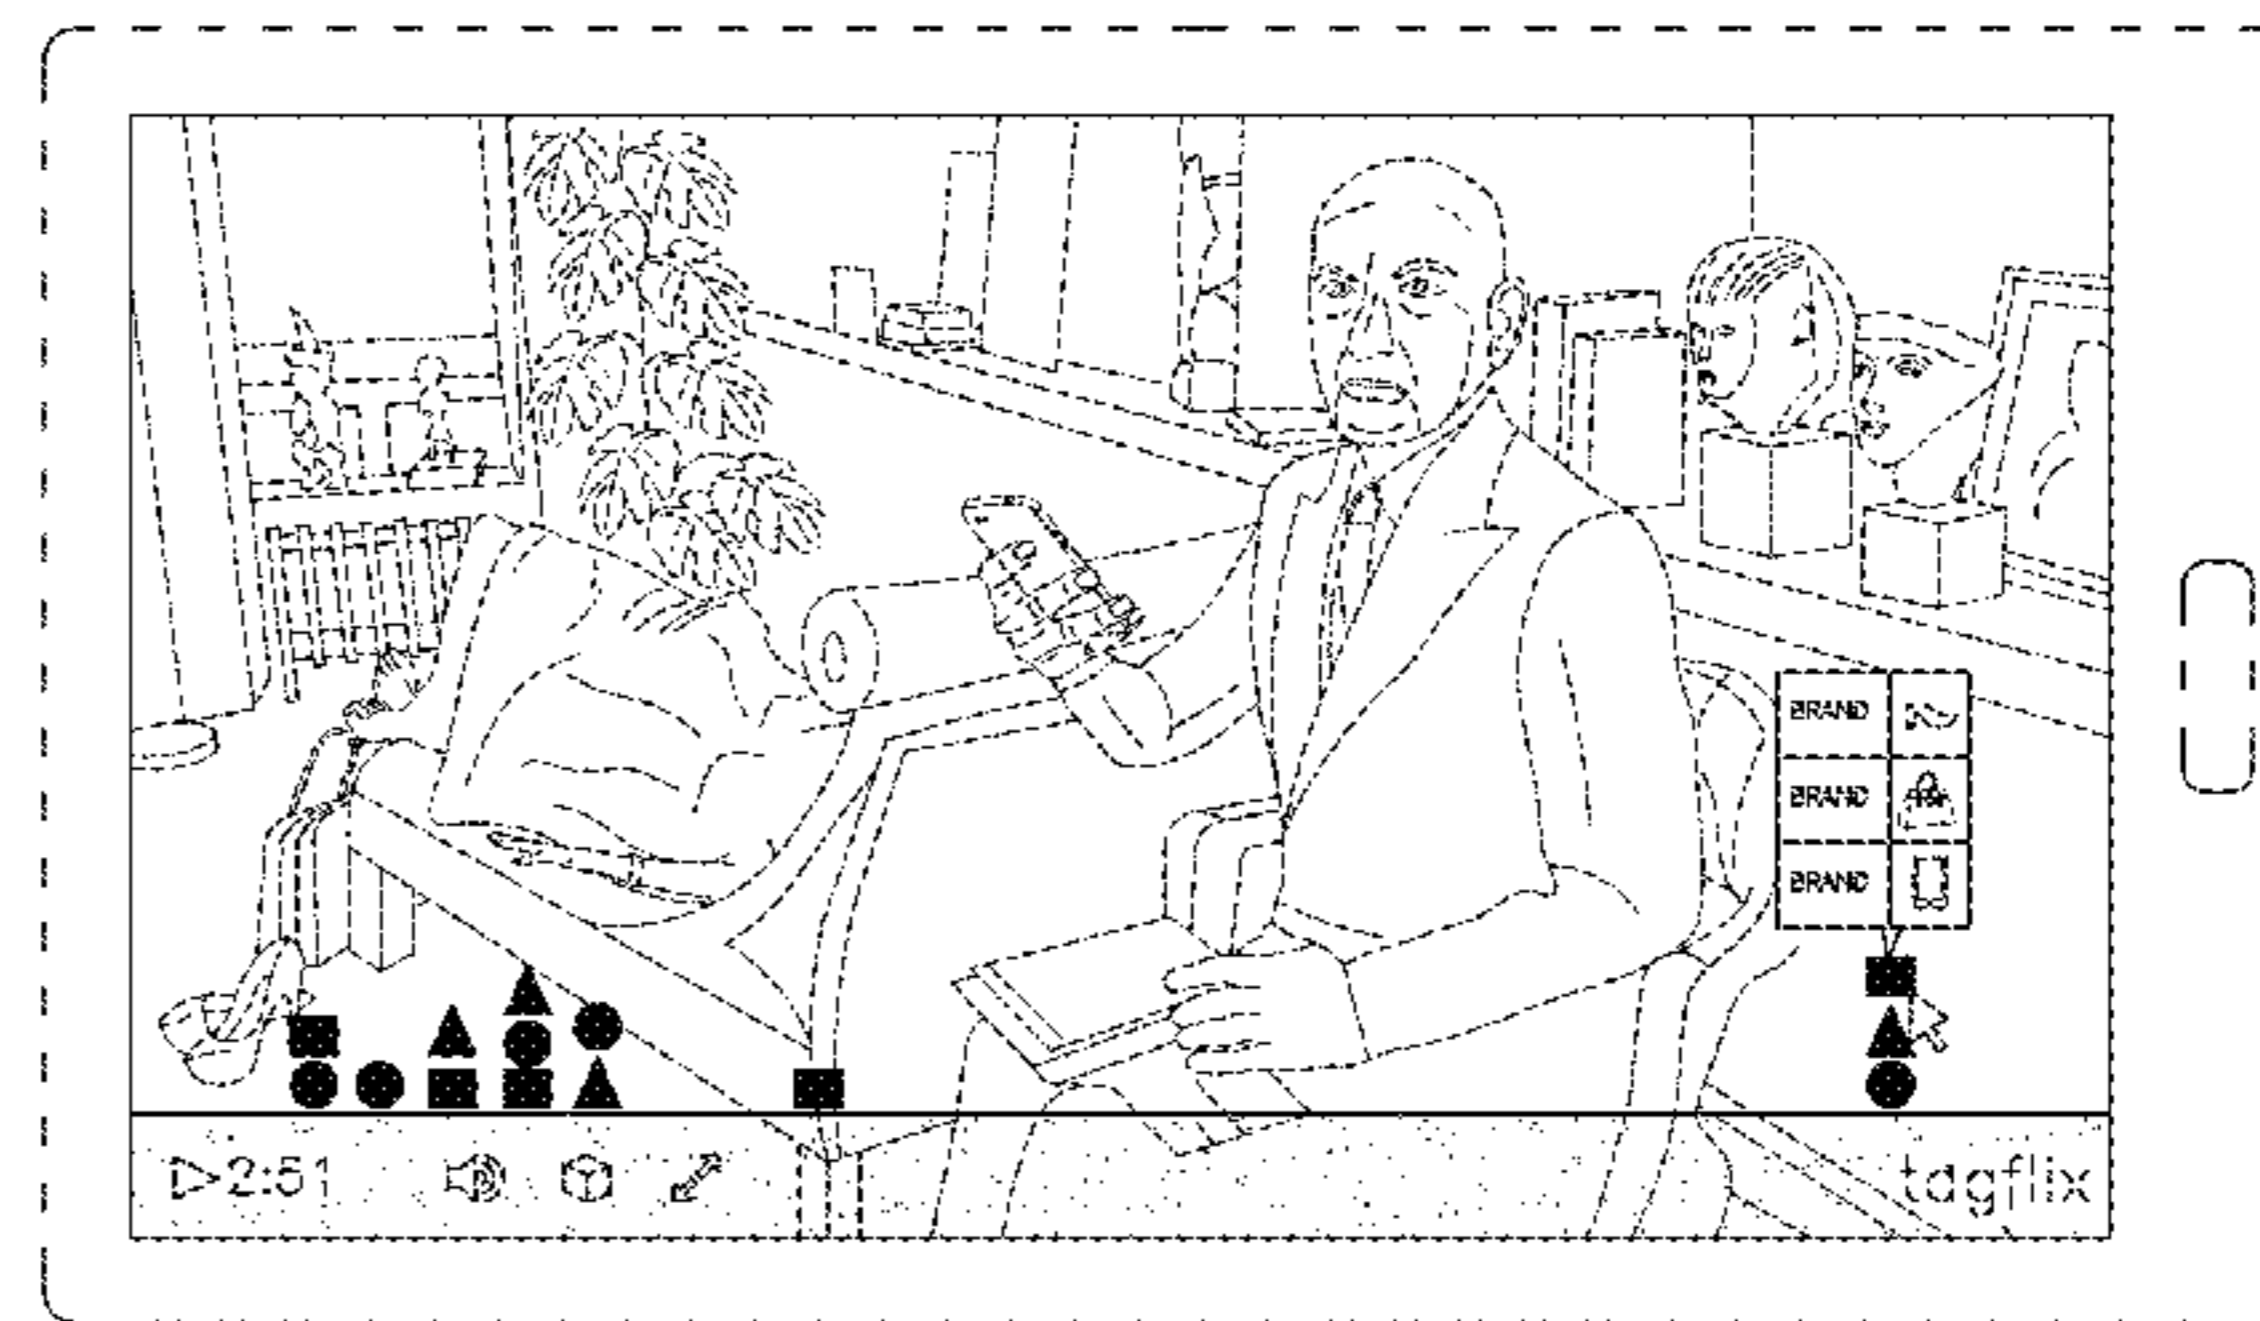

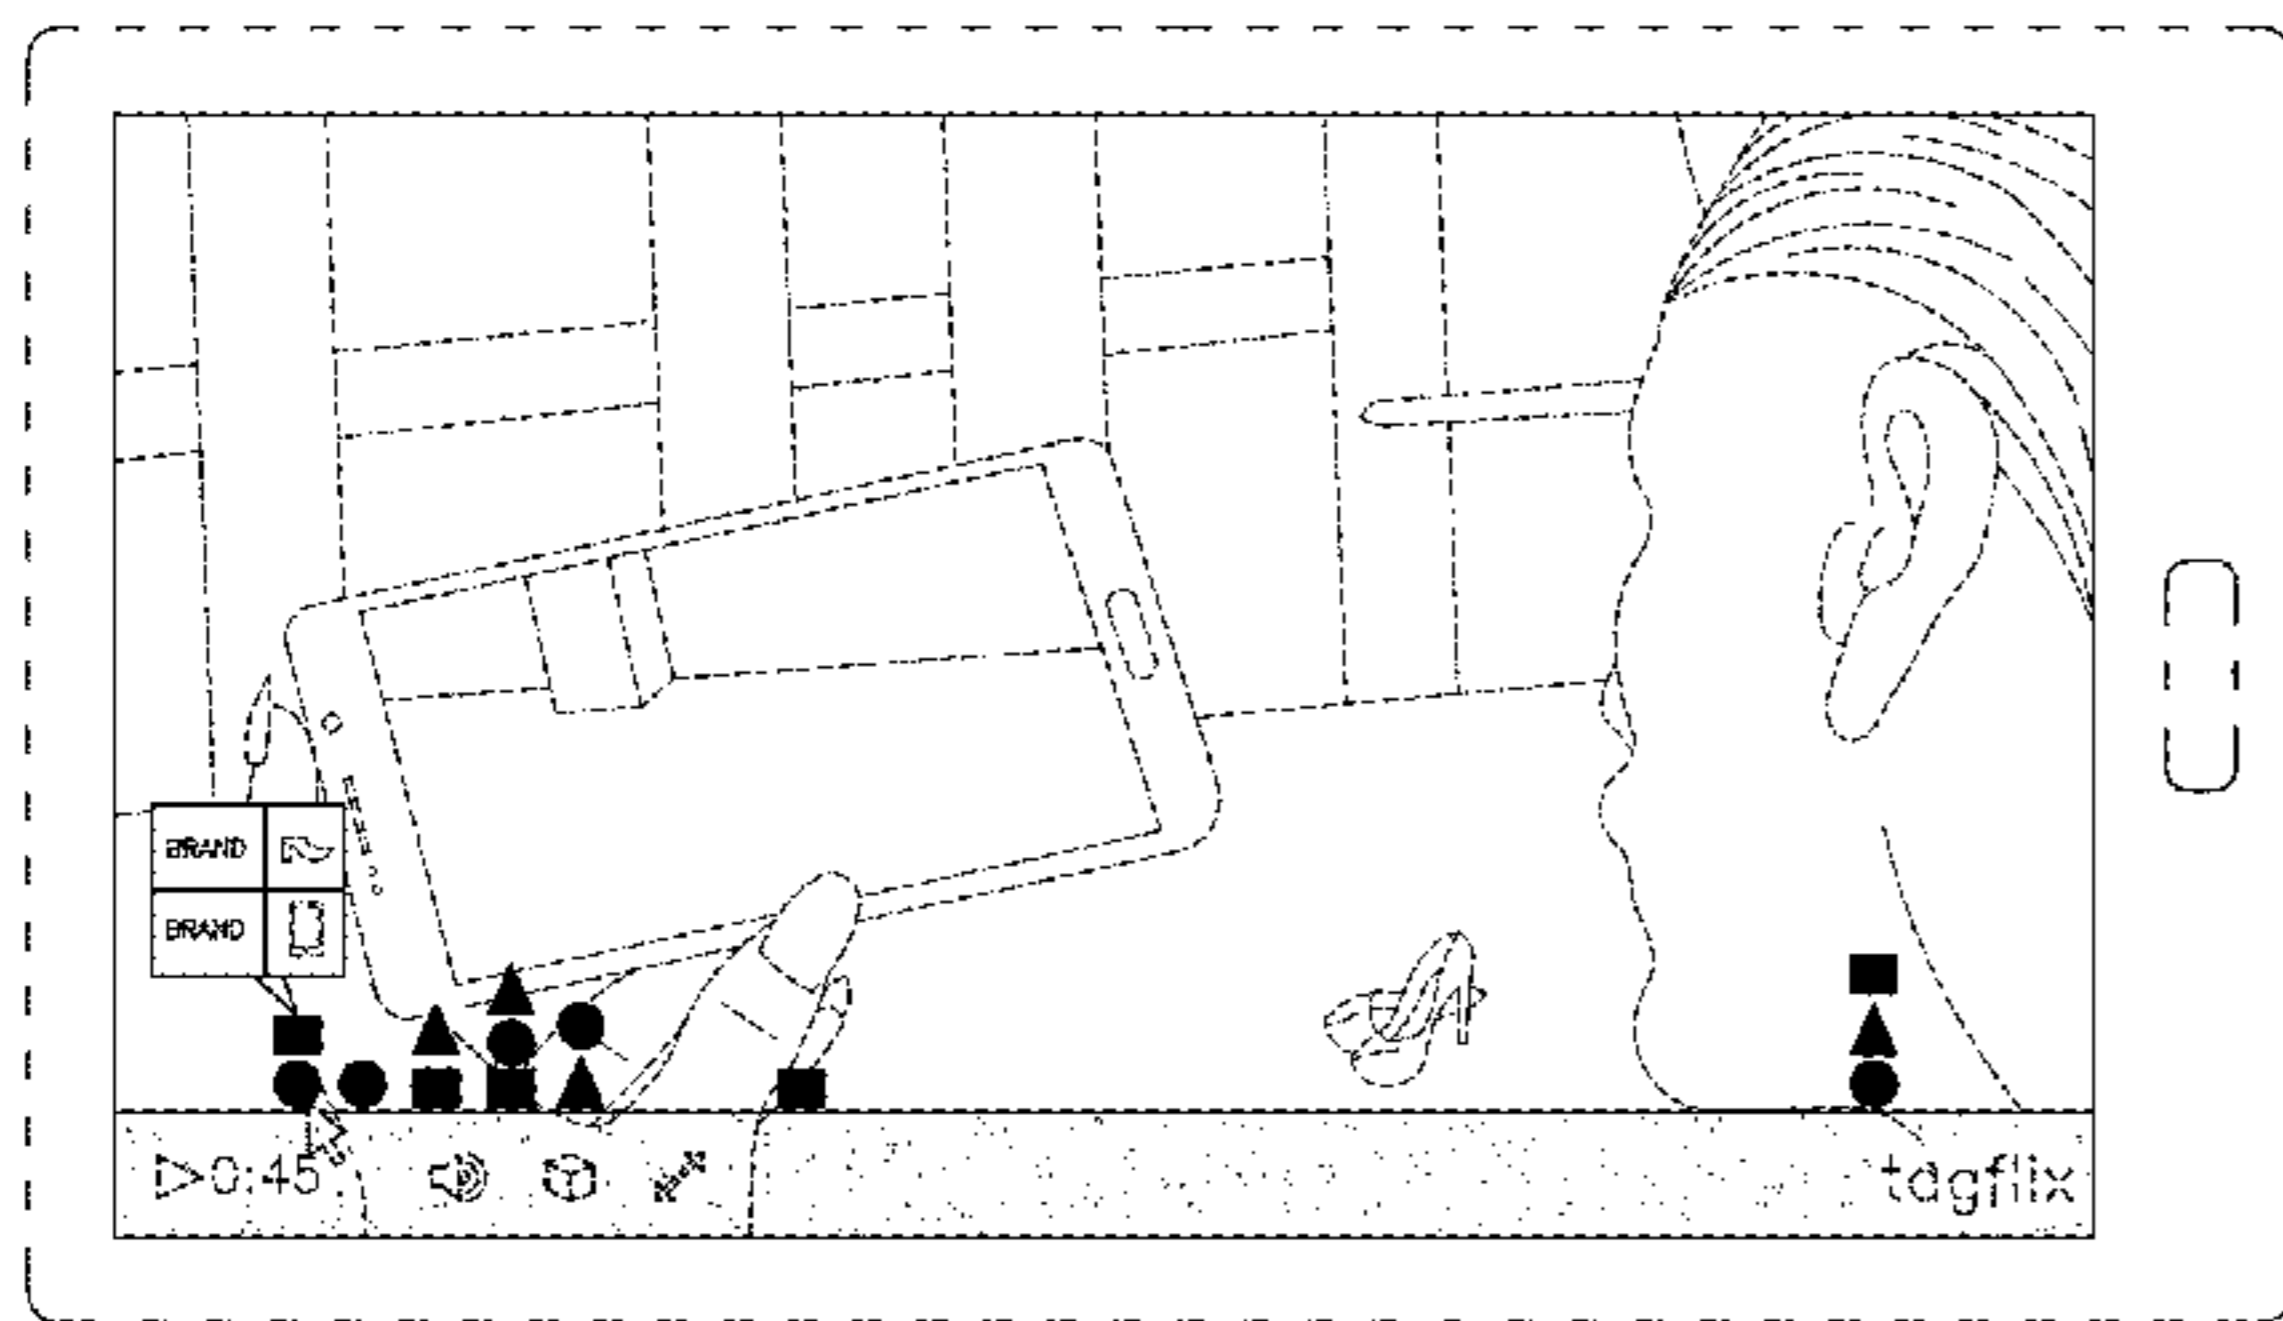

FIG. 9 is a front view of the ninth image; and,

FIG. 10 is a front view of the tenth image.

The broken lines showing of the display screen, electronic device and other features form no part of the claimed design.

The appearance of the user interface transitions sequentially between the images shown in FIGS. 1-10. The process or period in which the user interface transitions to another view, forms no part of the claimed design. The speckled shading shown in the lower rectangle of the display screen shows a visual contrast in appearance and forms part of the claimed design.

1 Claim, 10 Drawing Sheets
