The broken lines, which include even-length segments, that show the remainder of the garment or that are within the shaded area, are for environmental purposes only and form no part of the claimed design. The broken lines comprising an alternating pattern of two dashes separated by a dot are used to indicate the boundaries of a magnified view as shown in FIG. 9, and FIG. 10 and form no part of the claimed design. The contrast shading on the claimed portion is provided only to indicate the character and/or any contour or curvature of the surfaces. It does not indicate color, texture, markings that actually exist thereon, indicia, graphic representations, surface treatment, or any other ornamentation applied to the article.
