(57) **CLAIM**

The ornamental design for a surface ornamentation applied to an insect control device, as shown and described.

DESCRIPTION

FIG. 1 is a plan view of a surface ornamentation applied to an insect control device;
FIG. 2 is a plan view of the surface ornamentation applied to an insect control device;
FIG. 3 is a plan view of the surface ornamentation applied to an insect control device;
FIG. 4 is a plan view of an alternative embodiment of a surface ornamentation applied to an insect control device; and,
FIG. 5 is a plan view of the alternative embodiment of a surface ornamentation applied to an insect control device. The broken line showing of a boundary in FIG. 1 delineates a portion of a surface of an insect control device on to which the claimed surface pattern is applied and forms no part of the claimed design. The broken line showings of the insect control devices in FIGS. 2-4 are for the purpose of illustrating environmental subject matter that forms no part of the claimed surface pattern design.
