(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface; and, FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface.

The broken lines showing an electronic device and display screen illustrate environmental structure and the article of manufacture, respectively. The remaining broken lines, including all text shown, illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
