(57) **CLAIM**

The ornamental design for a display device with a graphical user interface presenting call options, as shown and described.

DESCRIPTION

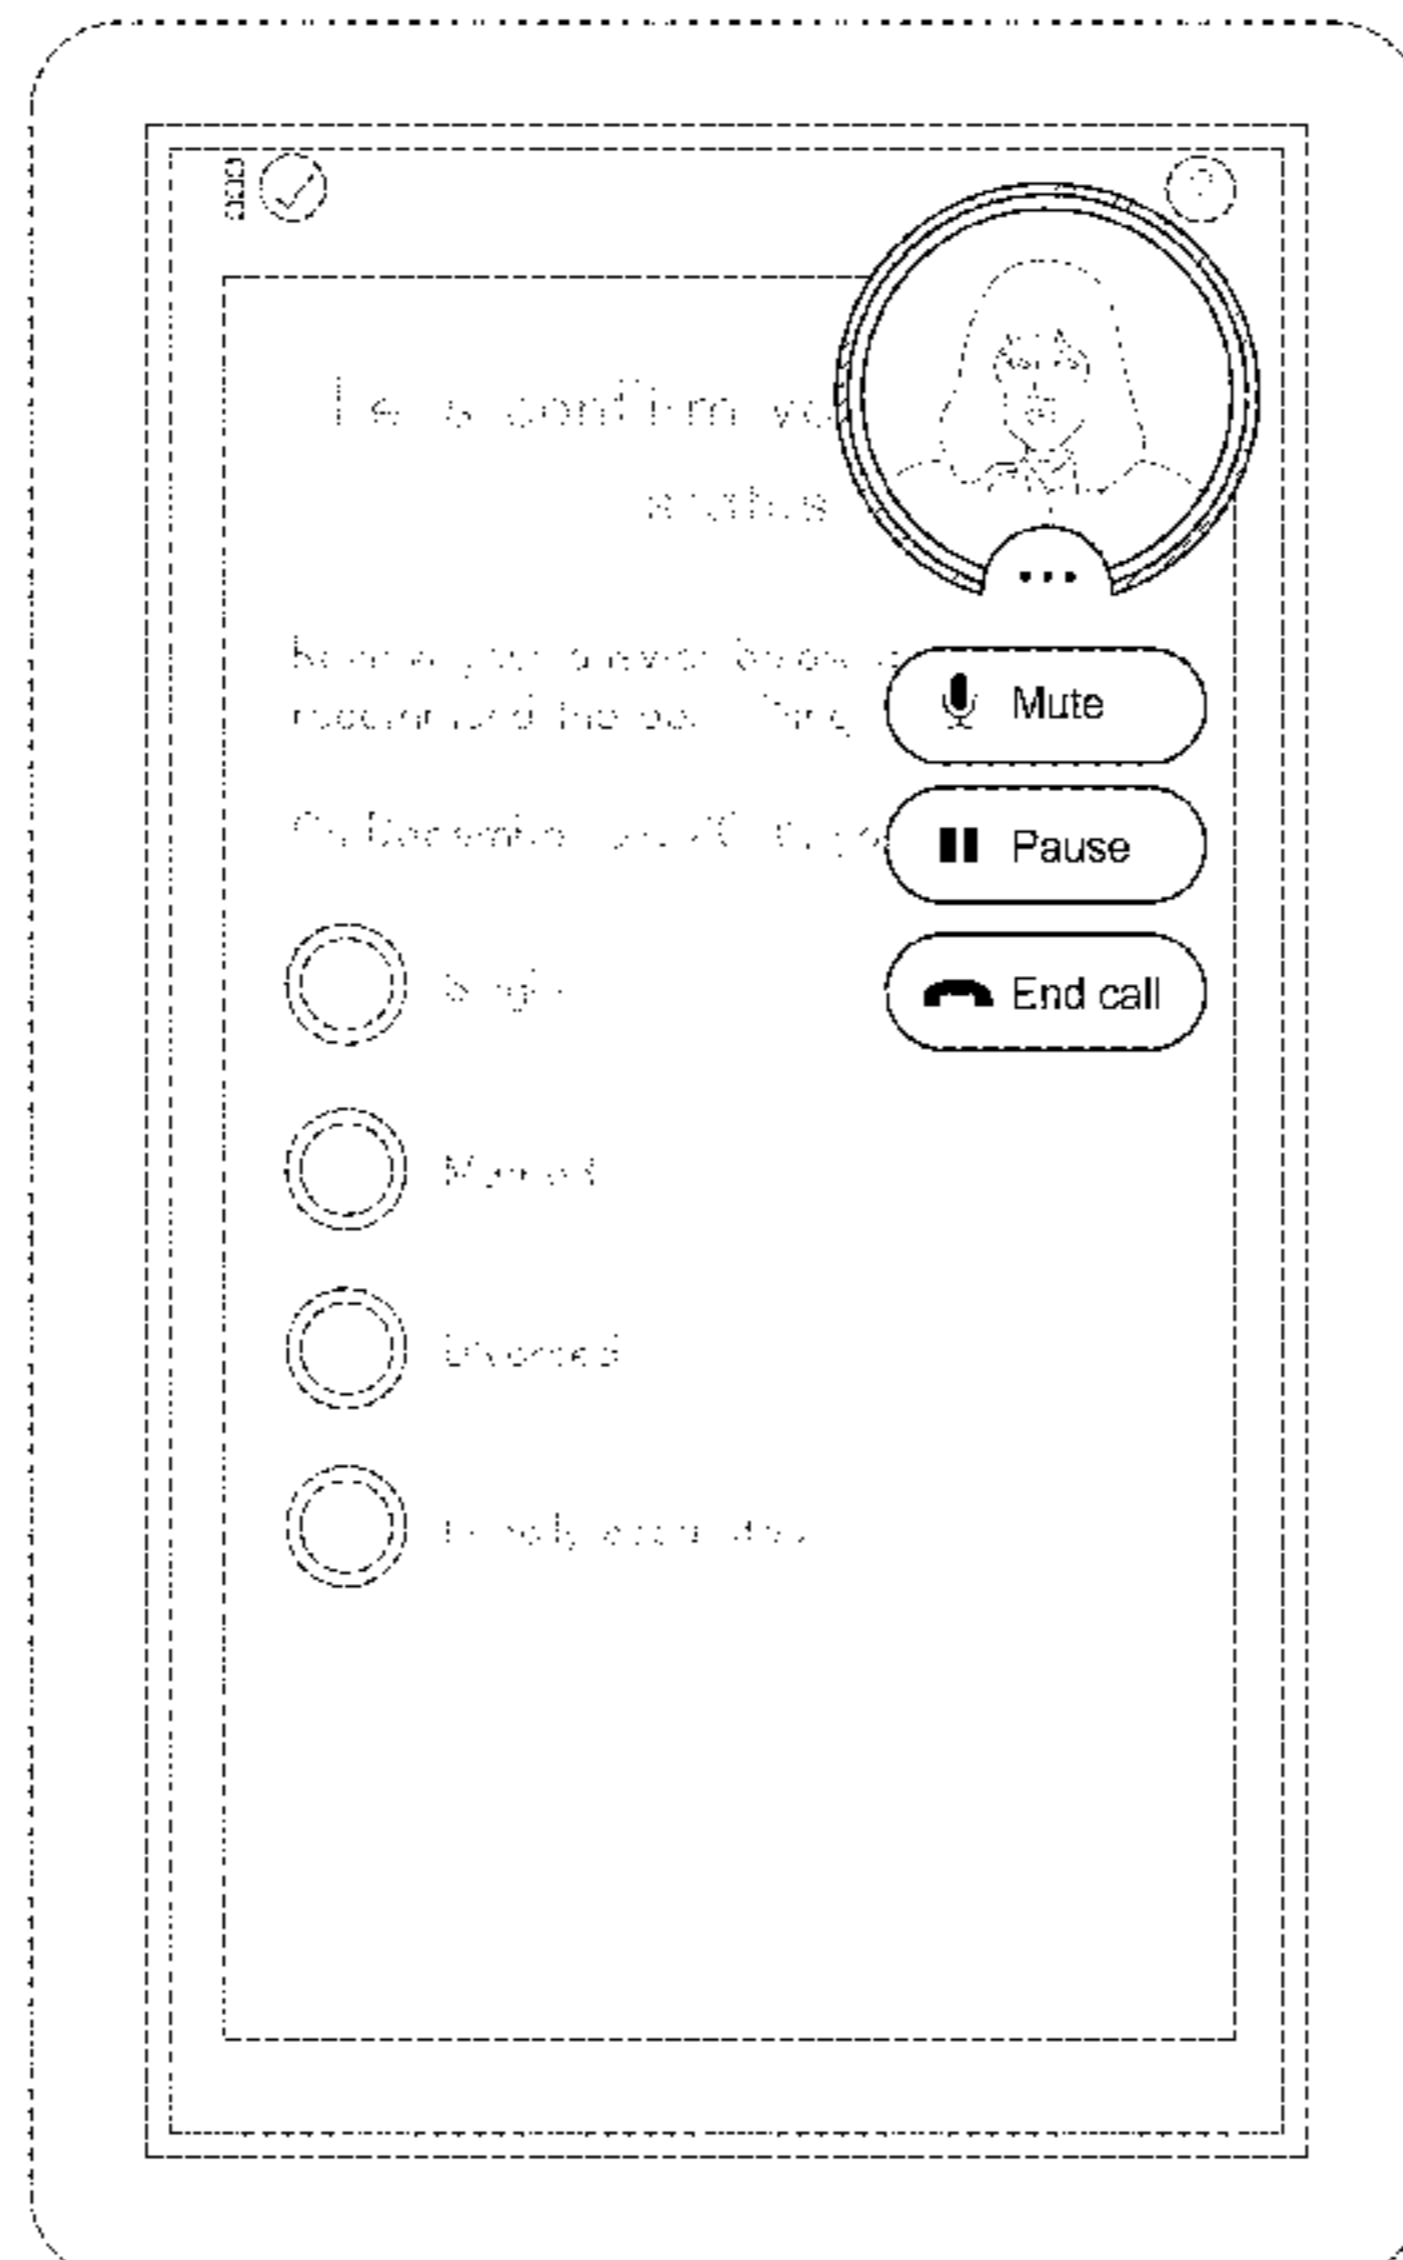

The FIGURE is a front view of a display device with a graphical user interface presenting call options according to the new design.

The broken line showing of a display screen and portions of the graphical user interface is included for the purpose of illustrating portions of the article and forms no part of the claimed design. The outer broken line showing of the display device forms no part of the claimed design.

1 Claim, 1 Drawing Sheet
