(57) **CLAIM**

We claim the ornamental design for a protective cap for a syringe device, as shown and described.

DESCRIPTION

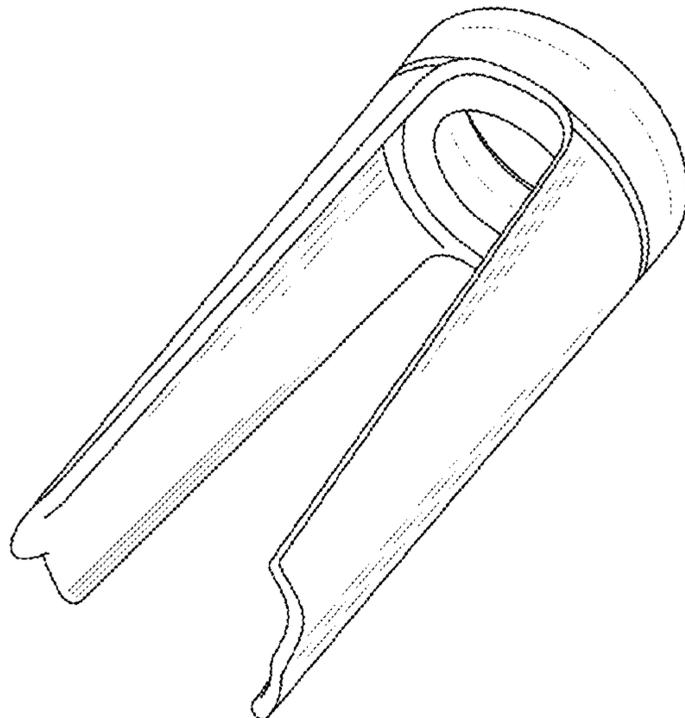

FIG. 1 is a perspective view at an angle from the rear showing a protective cap for a syringe device.

FIG. 2 is a perspective view at an angle from the front, rotated by 90° around its longitudinal axis showing the protective cap for a syringe device.

FIG. 3 is a side view showing the protective cap for a syringe device.

FIG. 4 is a side view rotated by 90° around its longitudinal axis showing the protective cap for a syringe device; and, FIG. 5 is a front view showing the protective cap for a syringe device.
