(57) **CLAIM**

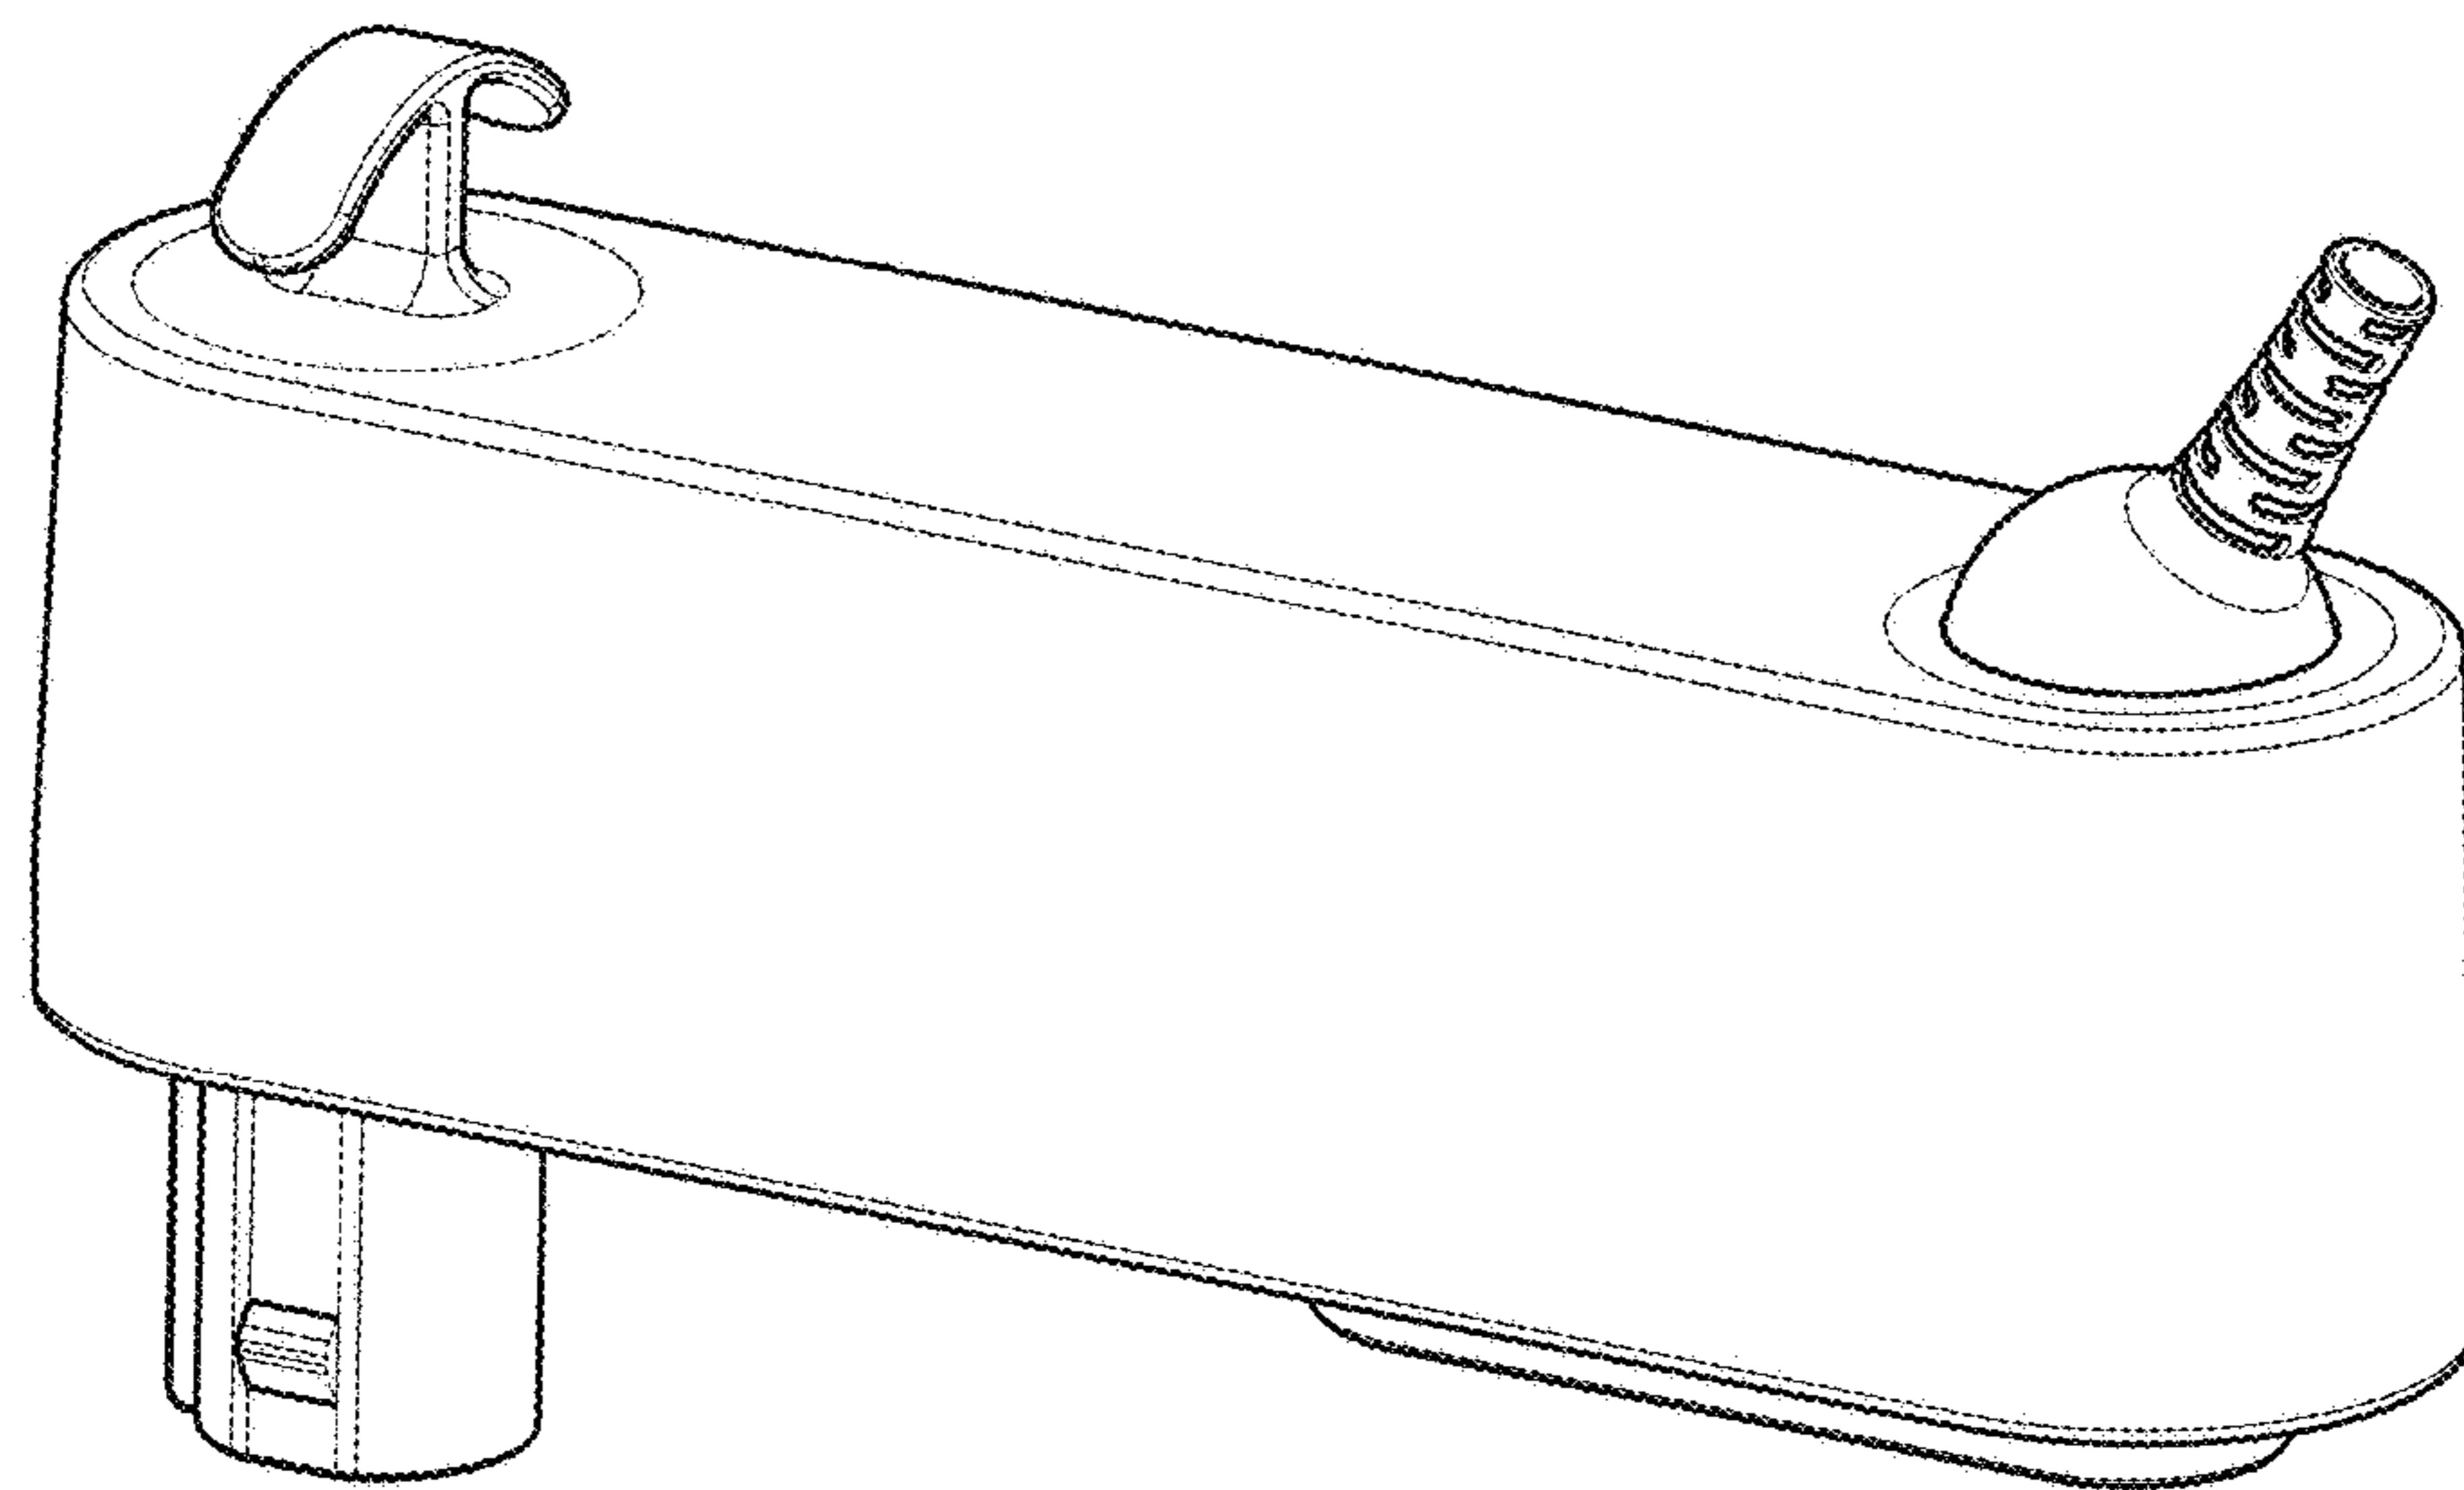

The ornamental design for a part of a magnetic resonance imaging system, as shown and described.

DESCRIPTION

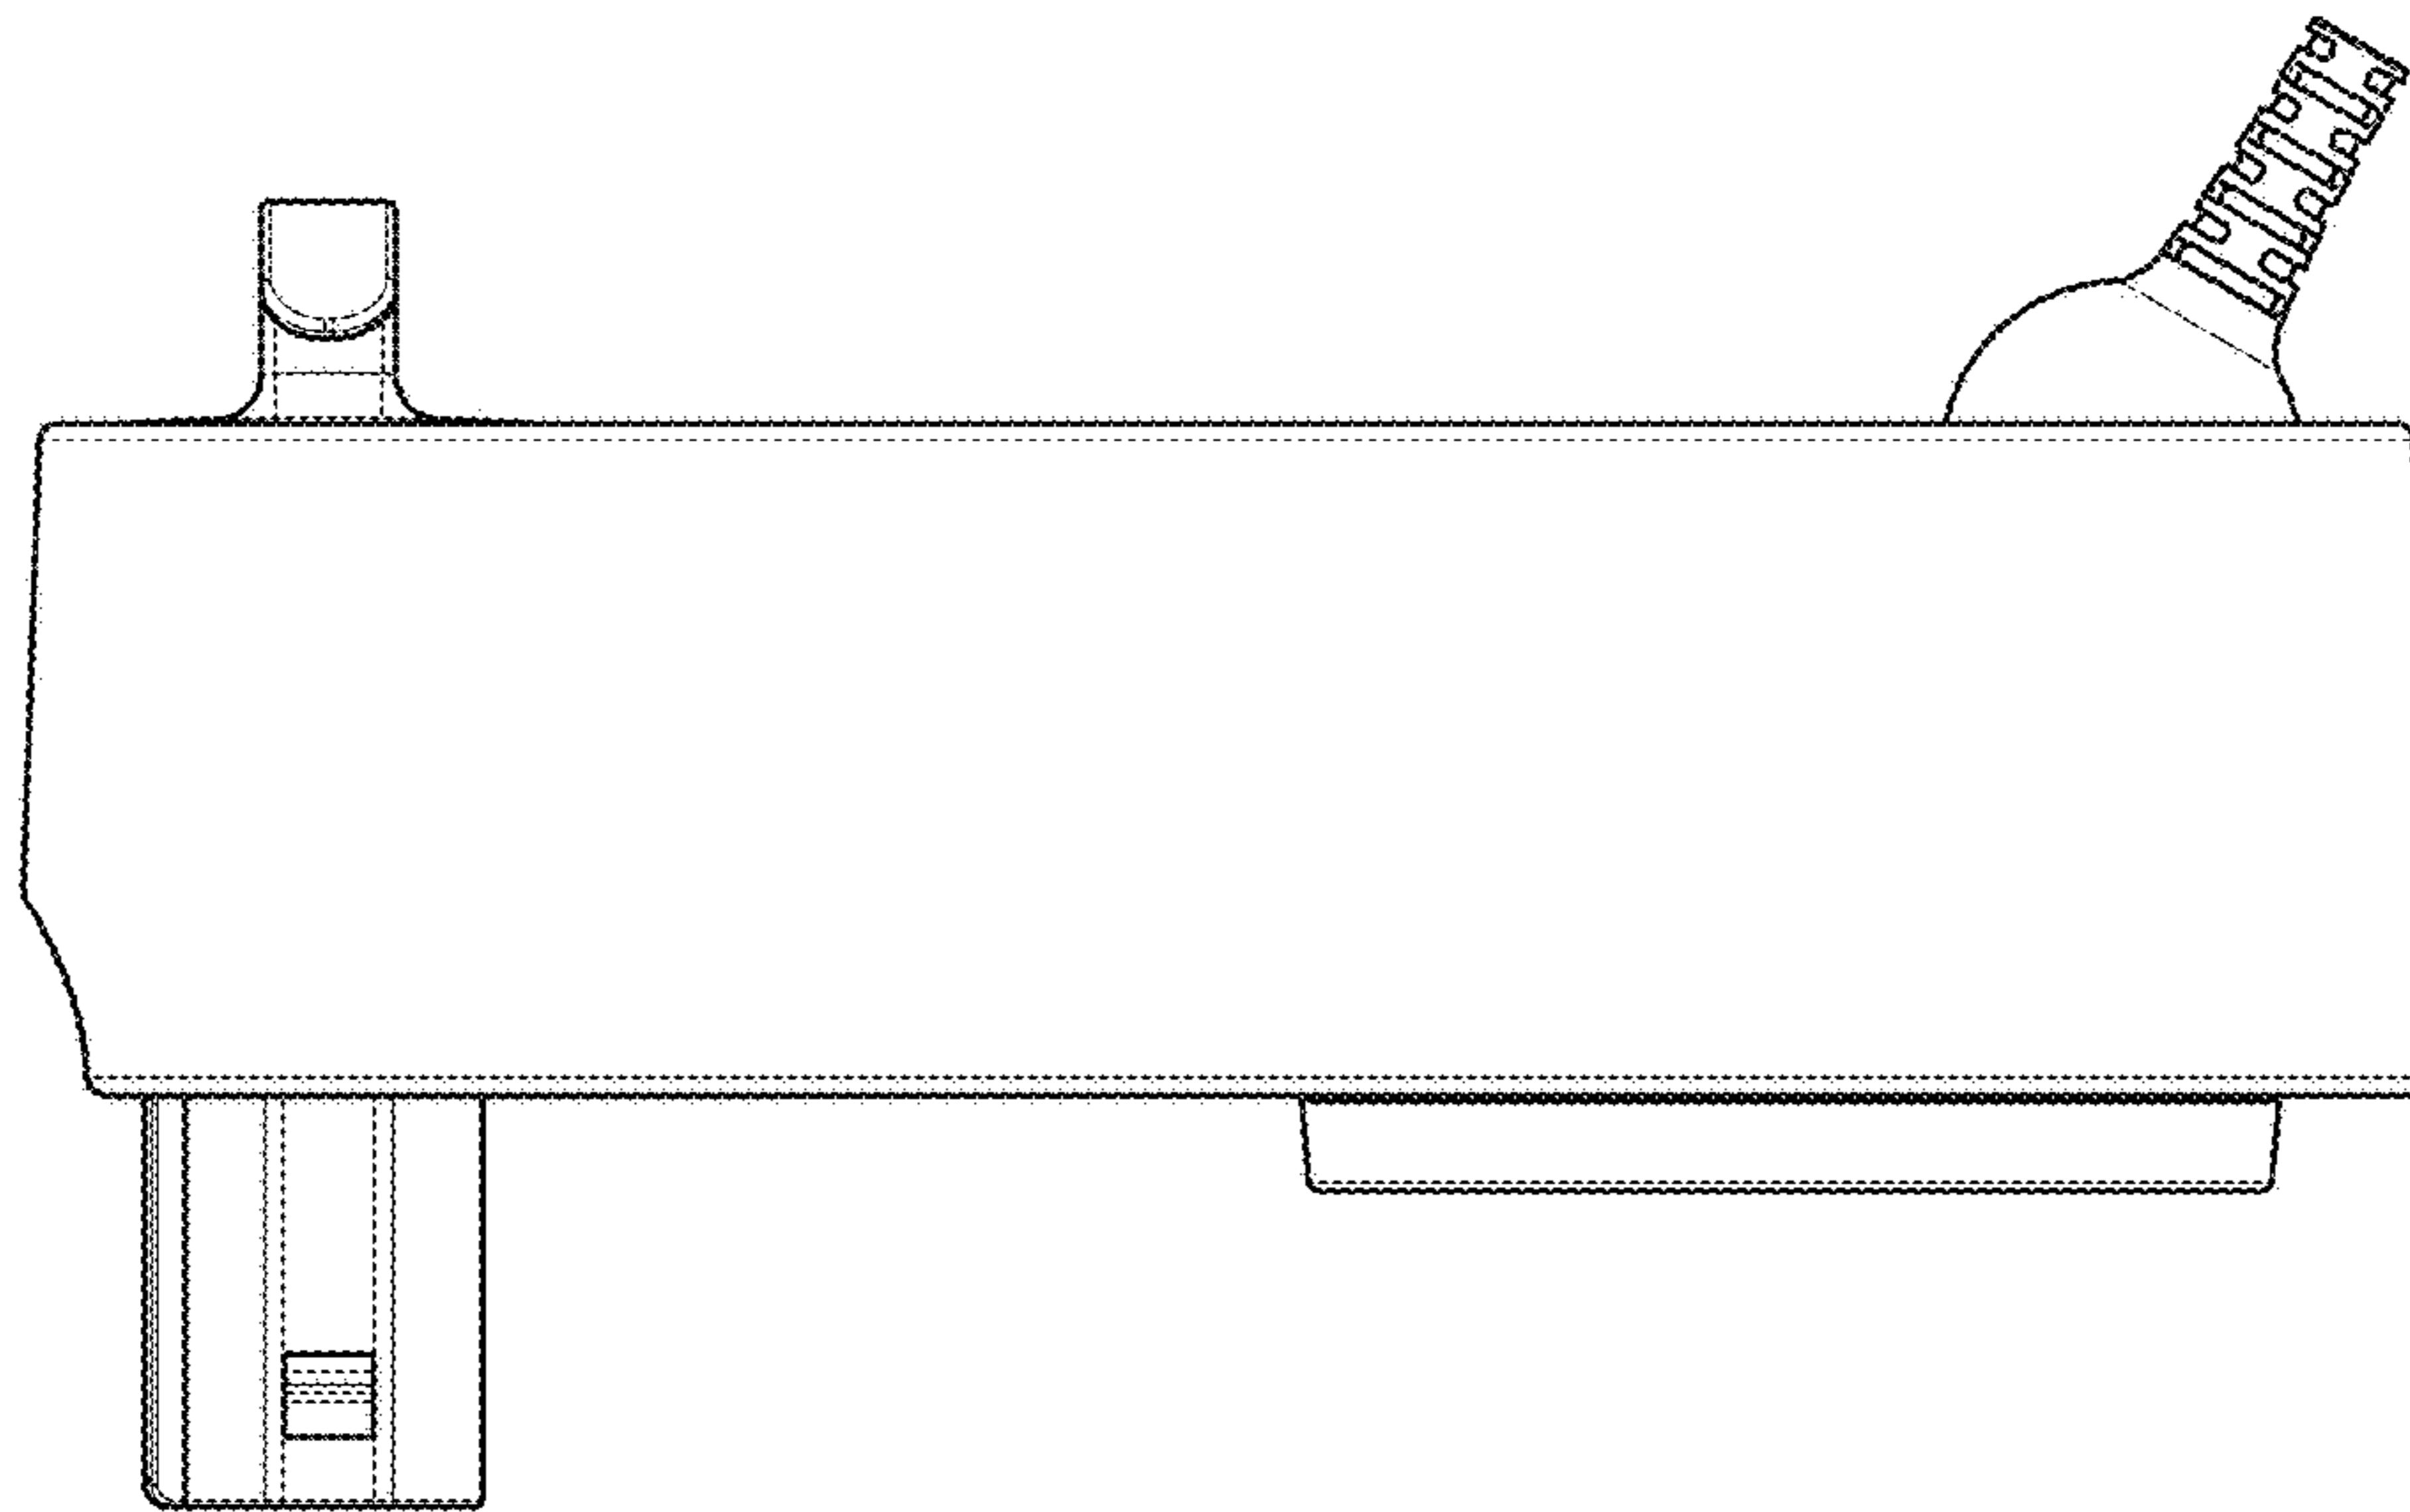

1. Part of a magnetic resonance imaging system
- 1.1 is a perspective view showing the part of a magnetic resonance imaging system of our design;
- 1.2 is a front elevational view thereof;
- 1.3 is a rear elevational view thereof;
- 1.4 is a left side elevational view thereof;
- 1.5 is a right side elevational view thereof;
- 1.6 is a top plan view thereof; and
- 1.7 is a bottom plan view thereof.

The portions of the part of a magnetic resonance imaging system shown in broken lines are included for the purpose of illustrating unclaimed portions of the part of a magnetic resonance imaging system and form no part of the claimed design.
